1100 ADMINISTRATION

1101 Administrative Rules

Policies and procedures will be implemented and enforced within the school to provide a safe and effective learning environment for students.

An administrative rule is the school's written rule, standard, statement, procedure, guideline, or instruction as to how approved policy shall be implemented and carried out for the benefit of students and parents and the operation of the school.

The Guadalupe Executive Director shall establish and enforce administrative rules that contribute toward the effective operation and management of the school. Administrative rules shall reflect the mission, vision, and goals of the school's charter. Administrative rules shall also reflect the intent of broad board policy and shall not be in conflict with any delineated guidelines or procedures contained within school policy. Furthermore, these rules shall not be inconsistent with the charter, by-laws, or any state or federal laws and regulations. At such time that any rule, or part thereof, becomes in violation or conflict, that part shall become null and void. These rules shall also not be contradictory or in conflict with themselves.

Administration will make reasonable efforts to change rules to rectify violations and conflicts in a timely manner. The director shall provide information on changes or additions to administrative rules to the Guadalupe Charter Board of Directors before any official communication to parents or students.

Administrative rules may be written, revised, and added to at the discretion of the Executive Director. New rules, revisions, and additions to rules will be clearly and effectively communicated to the board of directors, teachers, staff, students and parents in a timely manner and be made publicly available. Administrative rules are published in the Guadalupe Policy and Procedure Manual.

1101.2 Utah Educator Professional Standards

Guadalupe complies with rule R277-517, training educators employed by Guadalupe on the Utah Educators Standards described in board rule.

Approved: 09/01/09

1102 Background Check and Fingerprinting

Utah Law 53-10-108 allows qualifying entities to request Utah criminal history information. Public Law 105-251, the Volunteers for Children Act, which amended the National Child Protection Act of 1993, was enacted October 9, 1998 to allow these same qualifying entities the right to request fingerprint-based national criminal history record checks of their volunteers and employees.

Guadalupe Center uses the Background Criminal Identification (BCI) NCPA/VAC check, which includes criminal history conviction information from all 50 states. Statewide Warrant and Protective Order, and Federal Want and Warrant files. Turnaround is 5 days.

All Guadalupe staff and volunteers in the children's programs must undergo a Background Criminal Identification (BCI) check. All Guadalupe Charter Board Members are required to undergo a BCI check. Certified teachers must complete their background check through the Utah State Office of Education.

In addition, Guadalupe School's Early Learning Center, Afterschool Program and Summer School program employees and volunteers are required to complete a second background check and fingerprint scan through the Utah Department of Health & Human Services Child Care Licensing.

Procedure

Volunteer or employee rights and responsibilities under the VCA are as follows:

- Provide a complete set of fingerprints.
- Provide certification that you have not been convicted of a crime.
- You are entitled to obtain a copy of any background check report and, if necessary, challenge the accuracy and completeness of any information contained in any report.

- Prior to completion of the background check, Guadalupe may choose to deny you unsupervised access to a student to whom Guadalupe provides education/care.

All Guadalupe volunteers or employees needs to take the following steps for the Utah Bureau of Criminal identification (UBCI):

- Sign a waiver which authorizes the Utah Bureau of Criminal Identification (UBCI) to access and review the volunteer or employee state and federal criminal history records. There is a ~~\$37.00~~ fee for this background check as well as the fingerprint scans.
- Provide your name, social security number, date of birth, formerly used last names, and driver's license number.
- Take the billing sheet to the Utah Bureau of Criminal Identification to have fingerprints scanned and background check processed. The Utah BCI is located at:

3888 West 5400 South

Taylorsville

Hours 8:00 a.m. to 5:00 p.m.

Monday through Friday

There is also a fee for the scans.

- BCI will process the background check and the results will be reported to Guadalupe Center.

Additionally, all Guadalupe volunteers or employees for the Early Learning Center, Afterschool program and Summer School Program will need to complete the following steps for Child Care Licensing:

- Complete a background check from at www.childcarelicensing.utah.gov
- Go to a LIVESCAN location and get fingerprints taken
- Pay any fees
- Log into the Child Care Licensing Portal and create an account
- Download fingerprints

1103 Calendar

Guadalupe School's annual school calendar for childhood programs is closely aligned with the Salt Lake City School District (SLCSD) annual school calendar. This alignment is provided in order to allow families with children in various local schools to have synchronized annual school calendars. If Guadalupe's schedule occasionally deviates from the SLCSD calendar, attendance at Guadalupe is required.

1104 Class Size Expansion for Childhood Programs

Guadalupe is committed to keeping class sizes and teacher-student ratios small, and therefore limits class size to 25 students. At the same time, the school recognizes that on occasion there may be extenuating circumstances that justify a class size increase above 25 students. Class size is critical to the success of students, teachers, and the school as a whole; therefore, the option to expand class size above 25 students may be exercised in rare instances and when no other option exists. Depending upon the circumstances at hand, the Principal may decide at her/his discretion whether or not to allow a class size increase, and seek the guidance/decision of the Executive Director.

The phones located in the front office and in the individual classrooms are for the use of school personnel and official school business only. Except for emergencies, neither teachers nor students are called to the phone during school hours. Guadalupe staff is not responsible for transmitting messages from parent to child or vice-versa. All family communication should be accomplished prior to the start of the school day. Students must obtain permission from an administrator or secretary to use the school phone. Students are not permitted to use cell phones in the school or on the school grounds.

Guadalupe encourages ongoing parental communication with the school. Communication may be accomplished by email, phone, or written notes. Additionally, the students' homework and communication folders provide for comments by both the parents and the teachers. Teachers and administrators are expected to respond to all communication from parents in a timely manner.

Academic communication is a priority at Guadalupe. Teachers will communicate to parents on a regular basis concerning homework, student behavior, lesson plans, and school activities. Progress reports and report cards will be given and discussed during parent-teacher conferences held twice a year.

During the school year teachers will visit individual student homes. Visits will give parents and students the opportunity to meet in an informal setting and to get to know each other on a one-on-one basis. Visits also will help students and parents gain a measure of trust, be better informed and feel more comfortable during the student's educational experience.

During Back to School night, teachers will provide curriculum information taught during the school year. Additionally, the teacher will explain the daily classroom schedule, instructions regarding homework and communication folder, class grading procedures, homework and testing expectations, yearly calendar, and any other information the teacher feels is specific to his/her classroom. The Principal and/or Administrative Director will also address the parents during registration. Parents will be informed of volunteer opportunities and upcoming events.

1107 Eagle Scout Projects

Guadalupe appreciates the willing and dedicated service offered by Boy Scouts who desire to complete their Eagle Scout projects for the benefit of the school. The following guidelines and principles have been established to govern potential Eagle Scout projects which may be approved and completed on behalf of the school:

- If a prospective Eagle Scout would like to do a project for the school, he/she should begin by contacting the Executive Director. During this initial discussion, the Boy Scout should present and discuss his idea to ascertain whether or not the project idea fits within the guidelines established by the school. The Boy Scout may work with the Executive Director to adapt the project as necessary.
- If the prospective Eagle Scout would like to do a project for the school, but is unaware of the needs of the school, the Executive Director may work with the Boy Eagle Scout to identify and design a project to benefit the school which meets the established guidelines. The Executive Director must approve the project, as appropriate, before the project is initiated.
- If a project is proposed that the school does not feel is necessary or beneficial to the school, the project idea may be rejected. All proposed service projects or cleaning projects may be approved at the discretion of the Executive Director. Any proposed project that alters the property, school grounds, or school building in any manner must be approved by the Executive Director. Likewise, any fundraising or advertising which is done by the Boy Scout in the name of the school must be approved by the Executive Director.
- When approving potential Eagle Scout projects, the school will consider the following factors: cost of ongoing maintenance, actual cost of project as compared to value of project, durability, future replacement costs, quality of workmanship to be performed, safety considerations, potential damage which may occur, and various other factors related to both the short-term and long-term impact of the project.

1108 Gold Medal School

Guadalupe is a Gold Medal School. The Gold Medal School program was developed by the Utah Department of Health using the State Office of Education's core curriculum and guidelines of the Centers for Disease Control. Gold Medal Schools is a program designed to improve student academic success through policies and environmental changes that support good nutrition, physical activity, and staying tobacco-free.

1111 Volunteer Service

A "volunteer" at Guadalupe is any person who donates service to the school without pay or other compensation, except for expenses actually and reasonably incurred as approved by school administration.

Volunteers will perform volunteer services under the supervision or direction of the volunteer coordinator or the Adult Education floor manager. Volunteers are expected to follow the direction of those to whom they have been assigned and to conform to all applicable laws, rules, and policies. Failure to do so may give rise to terminating the volunteer from service.

In the course of volunteering at Guadalupe, volunteers may be asked to deal with confidential information. It is the expectation of the school that volunteers shall keep said information in the strictest confidence. As such, when dealing with sensitive student information, volunteers will be required to sign a Guadalupe Confidentiality Agreement.

In accordance with state law, children must not be left unattended with anyone not having been fingerprinted or without a background check. Therefore, Guadalupe will require all potential volunteers who are given significant unsupervised access to a child in connection with their volunteer assignment to submit to fingerprinting and a criminal background check as a condition of volunteer appointment. The following volunteers will be required to be fingerprinted and have a background check prior to volunteering their service:

- Any volunteer who assumes the responsibility for the supervision of a child or children for any given length of time. More specifically, this is any volunteer who may be the sole supervisor of a child or children at any given time, such as one-on-one reading tutors, or if the teacher were required to leave the classroom for a period of time.
- Any volunteer who accompanies the class on field trips.
- Any volunteer who is involved in after-school programs.
- All board members

At no time shall any volunteer be permitted to be alone in a room with a single child, even those who have been fingerprinted and had a background check.

Any parent who plans to volunteer a significant amount of time at the school is highly encouraged to have the fingerprinting and background check done.

The associated costs are to be paid for by the applicant. Information regarding fingerprinting and background checks is available at the school administration.

Volunteers in the Adult Education program will be required to sign a code of conduct.

In accordance with school and state policy, all volunteers must maintain strict neutrality regarding religion while performing volunteer services for a school. Serving as a volunteer in the educational setting is not an entitlement and schools are not required to utilize volunteer services. The opportunity to volunteer may be denied or terminated by school administration where services are no longer needed or where the presence of the volunteer may be disruptive to the educational environment.

Volunteers performing volunteer services under the general supervision of the volunteer coordinator or the Adult Education floor manager shall be immune from liability with respect to any decisions or actions, other than in connection with the operation of a motor vehicle, taken during the course of those services unless it is established that such decisions or actions were grossly negligent, not made in good faith, or were made maliciously.

(Refer to Attachment 1111 A located at the end of this section.)

Authorized individuals, with written notice to the Executive Director, may access or ask other staff to review recorded data in order to ascertain security concerns related to a specific incident.

Occasional spot checks of the recorded data will be made by the Executive Director or his/her designee to assure proper operation of the system and to review machine room access procedures. The frequency of viewing and the amount of video viewed at one time will be limited to the minimum needed to give assurance that the system is working and to verify compliance of machine room access policies.

1209 Use of Building as Civic Center

- The use of Guadalupe Center buildings and grounds is granted pursuant to the Utah Civic Center statutes at UCAss53A-3-412 and 414. Approval under this policy is a Permit under the schools' statutes and grants the charter school full legal immunity

under the Government Act of Utah pursuant to s63G-7-301(5)(c). The school may charge a fee for facility use to cover the cost of opening and maintaining the building.

1300 FINANCE

1301 Fees

As mandated by the Utah State Constitution and the Utah State Board of Education, Guadalupe is prohibited from charging fees to elementary school students; therefore, Guadalupe does not charge fees for any services or extracurricular activities.

A fee is defined as any charge, deposit, rental, or other mandatory payment in the form of money or goods. Any and all charges related to the National School Lunch Program, such as food or milk, are not considered fees; however, because Guadalupe is a Provision III school, students are not charged for food, milk or snacks.

Guadalupe will provide all student supplies for elementary students. A student may, however, be required to replace supplies provided by the school which are lost, wasted, or damaged by the student due to careless or irresponsible behavior.

As permissible by law, Guadalupe may make donation or time requests to supplement the school's funds. All donation requests are strictly voluntary, and must be worded as such. Students and families may not be excluded from activities or penalized in any way because they did not make time or monetary donations. At no time will the names of those who did not make donations be revealed, although those who make major donations may be honored. All donations are tax-deductible.

1302 Fundraising

In accordance with Rule R277-407-10, Guadalupe Charter School does not authorize, establish, or allow for individual fundraising. Although the school may allow group fundraisers, it may not deny a student any privilege based on the student's non-participation in a fundraiser. The School shall notify parents of a group fundraising, letting parents and students know how and when specific details will be provided.

Guadalupe Center Educational Programs receives contract funds and federal funds and relies on various other forms of fundraising and donations. All fundraising activities engaged in by the Development Department will remain in harmony with the standards and values of the school, as well as in compliance with state and federal law. In an effort to minimize ongoing fundraising efforts within the school, the Development Department will organize and sponsor major special events annually to raise money which will be designated toward the enrichment of the school's educational programs: Adult Education Program, Toddler Beginnings, In-Home Program, Preschool and Charter School.

Teachers and staff members must clear any fundraising activities through the Development Department prior to engaging in a fund-raising activity.

Financial contributions from corporations, foundations, individuals and other forms of donations are sought by the Development Department so that the school may continually grow and strengthen for the students of the future.

1303 Gift of \$100 to High School Graduates

Guadalupe Charter School's policy and procedure regarding payment of \$100:

1400 OPERATIONS

1401 Child Abuse – Neglect Reporting

Guadalupe provides a safe and protective environment for all of its students.

In accordance with 53E-6-701, R277-401 and 62A-4a-403, Utah law requires any person who has reason to believe that a child has been subjected to abuse, neglect, or dependency to immediately notify the nearest office of Child and Family Services, a peace officer, or a law enforcement agency. Abuse, neglect, or dependency of a child can be physical, emotional, or sexual.

The following procedures will be followed:

1. In the event of suspected child abuse or neglect, the staff member must notify the school social worker. He/she will contact the proper authorities as needed.
2. When an interview of the student is required, a form "Notice of Investigation" is given to the agency representative before he/she interviews the student. Proper identification of the agency representative must be presented to the receptionist/secretary or designee.
3. All information on the form must be completed and signed by the agency representative.
4. The school administrator signs the form at the conclusion of the interview.
5. The report form is filed in a locked file cabinet located in the office of the school administrator.
6. All reports are strictly confidential.

In the event someone outside of the school, such as a neighbor or family member, reports a suspected form of child abuse, neglect or dependency, the same procedures as listed above will be followed.

(Refer to Attachment 1401A located at the end of this section.)

1402 Copy Right Law

Guadalupe is committed to observance of federal copyright laws. Guadalupe also recognizes the hard work educators put into preparing original works for us in the classroom and elsewhere. Guadalupe wants to encourage an atmosphere of collegiality where best practices and content is shared freely at the same time allowing employees to benefit from hard work, creativity, and ingenuity.

1. The office of instructional services shall advise Guadalupe personnel of the obligations and restrictions of copyright laws. Guadalupe employees are however, individually responsible for understanding legal obligations and restrictions with respect to copyright laws and to act accordingly. Employees in violation of Federal Copyright Laws and District policies will be held responsible and will be subject to discipline.
2. Guadalupe employees are responsible to seek permission and to provide appropriate attribution when using copyrighted materials. (See Utah State Office of Education Guidelines, for School Use of Copyrighted Materials.)
3. Original works written, composed, and produced by Guadalupe employees as a part of an assigned task while under employment, shall be considered “work for hire” under U.S.C 201 and must be credited to Guadalupe Center. Otherwise stated, all lesson plans, assignments, assessments, literary works, or any other work prepared for or created incident to an employee’s job duties belong to Guadalupe Center.
4. Employees shall not use contract time or Guadalupe equipment or resources for personal use or for creating original works not intended to be utilized in performing an employee’s job duties.
5. Work for hire as described above, shall be available to other Guadalupe employees free of charge as part of Guadalupe collaboration. Otherwise, Guadalupe employees may request permission to sell, barter, or otherwise distribute work product outside the Guadalupe that is work for hire. Permission may be granted by the district considering the level of independent thinking and effort of the employee in creating the work product, the circumstances under which the work product was created, the benefit or harm incurred by Guadalupe Center if permission is granted or denied, and the good faith efforts of the employees in seeking permission.

1403 Disability

In accordance with Federal law, Guadalupe does not discriminate on the basis of disability with regard to admission, educational services, employment, or otherwise. Under Section 504 of the Rehabilitation Act of 1973 and the Americans With Disabilities Act, an individual with a disability is defined as:

- A person with a mental or physical impairment which substantially limits one or more major life activity, such as seeing, hearing, speaking, breathing, or learning
- A person who has a record of such impairment
- A person who is regarded as having such impairment

All students who meet the above definition of an individual with a disability will be evaluated, identified, and provided with Free Appropriate Public Education (FAPE) as applicable. Guadalupe will make available to all eligible children with disabilities a free appropriate public education in the least restrictive environment according to their needs.

Parents of children with disabilities are entitled to procedural safeguards, including individual notice and an impartial hearing. If parents have a disability discrimination complaint, relevant information for the grievance procedure is available at the front office.

1404 Dual Enrollment

- Guadalupe School's childhood programs do not accept dual enrollment. All enrolled students must attend 100% time.
- Adult Education allows for dual enrollment as long as schedules do not conflict.

1405 Internet Safety Policy

As outlined in the Utah State Code 53A-3-422 and the Children's Internet Protection Act (CIPA), Guadalupe School's childhood programs shall adopt and enforce a school wide Internet Safety Policy. This policy will apply to both students and employees.

Internet safety policy provides for the education of minors about the appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response.

Guadalupe shall provide to its students and employees the opportunity to utilize electronic information resources. In order to enhance learning, productivity, teach computer skills, and effectively utilize modern electronic information resources within the school, students and employees shall have access to computers and the Internet. Other electronic information resources include, but are not limited to voice mail, email, and various network files or accounts. Unfortunately, along with a wealth of useful information on the Internet and World Wide Web, there are also sites which contain inappropriate materials which would be unacceptable for children to gain access to. In an effort to protect students and employees, the school has in place several safeguards.

To ensure that children access the Internet and World Wide Web within a safe environment, we use Utah Education Network (UEN) as our Internet Service Provider (ISP). Along with UEN the school will provide content filtering of unacceptable material through filtering categories and lists of inappropriate sites to which access is barred when using the school's line. However, there is a very small risk that inappropriate material may occasionally get through unfiltered.

In addition to the content filter a firewall along with username and password access and anti-virus protection software is in place on the network, content filter, servers and computers to prevent viruses and hacking. Student's safety is also increased by limiting student's access to secure folders, software and equipment.

Furthermore, Internet and World Wide Web safety precautions are taken by requiring students and employees to sign a Network & Internet Acceptable Use Policy (AUP) which states the terms and conditions regarding proper behavior, unauthorized disclosure, use and dissemination of personal information regarding students; unauthorized online access by students and employees, including hacking and other unlawful activities; and access by students to inappropriate matter involving the use of all electronic information resources, including computers, Internet and the World Wide Web. By signing the AUP students and

employees are indicating that they have carefully read, understood, and agree to abide by the terms and conditions of the policy. For students under the age of eighteen, their parents are required to read and sign an AUP for their student before their student is allowed to access the Internet and the World Wide Web.

Teacher & Instructor Guidance:

- Supervise children at all times when using computers, Internet or the World Wide Web.
- Ensure students are aware of what is appropriate and inappropriate and agree with the terms of responsible computer, equipment, Internet and World Wide Web use.
- Preview any web sites they intend to allow students access to, to ensure the sites do not contain inappropriate material and are suitable for the age and maturity of their students. Give students clear objectives for Internet use by specifying a site within which they are allowed to browse or by providing lists of suitable web sites from which they should not stray.
- Take prompt action if they or their students encounter inappropriate material on the Internet by turning off the monitor or moving them away. Record the Uniform Resource Locator (URL) or web site address, the content of the site and any other relevant information and report it to a superior.
- No CD or DVD brought in from home or outside of the school by students should be used on the network as this may introduce a virus or inappropriate material to the system.
- External storage devices must be properly scanned for viruses and reviewed for inappropriate material by the teacher before each use.
- Student Guidance:
- Students should not send personal information (e.g. address and phone number) or arrange to meet someone, over the Internet.
- Students should not download or save inappropriate or unsafe materials.
- Respect copyright and acknowledge the source of material they have used from the Internet.
- Inform a teacher immediately if they encounter any material that they feel is offensive or they think may cause offense to others.
- No CD or DVD brought in from home or outside of the school by students should be used on the network as this may introduce a virus or inappropriate material to the system.

- An external storage device can be used by students after it has been properly scanned for viruses or reviewed for inappropriate material by the teacher.

(Refer to Attachment 1405A and 1405B located at the end of this section.)

1407 Family Educational Rights and Privacy Act (FERPA) and Protection of Pupil Rights Amendment (PPRA)

Guadalupe Center has adopted policies for student records and information management consistent with the Family Educational Rights and Privacy Act (FERPA), 20 USC §1232g, 34 CFR Part 99; Protection of Pupil Rights Amendment (PPRA), 20 USC §1232h, 34 CFR Part 98; the Elementary and Secondary Education Act, 20 USC §7165, 20 USC §7908, 10 USC §503; Utah Code 53A-13-301; Utah Code 53A-13/302.

STUDENT RECORDS

Under FERPA, parents and legal guardians of students currently enrolled or eligible students (those over the age of 18 years or who have been emancipated) have the following specific rights:

- **The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.**

If you wish to exercise this right, you should submit to the Principal/Executive Director or designee a written request that identifies the record(s) you wish to inspect. The Principal/Executive Director will make arrangements for access and notify you of the time and place where the record(s) may be inspected.

- **The right to request the amendment of the student's education records that the parent, guardian, or eligible student believes are inaccurate or misleading.**

If you wish to exercise this right, you should write the Principal/Executive Director, clearly identify the part of the record you want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested, the school will notify you of the decision and advise you of your right to a hearing regarding the request for amendment. Additional information about the hearing procedures will be provided with notification of the right to a hearing.

- **The right to give written consent before the school may disclose personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.**

Consent is not required for disclosures to "school officials with legitimate educational interests." A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Guadalupe Charter Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Consent is not required to disclose education records, including disciplinary records, to officials of another school district in which a student seeks or intends to enroll.

DIRECTORY INFORMATION

Guadalupe may also disclose appropriately designated Directory Information without prior written consent, unless parents, guardians, or eligible students have specifically requested, in writing, that such information not be disclosed. Guadalupe defines directory information as the following:

- Student's name, address, and telephone list
- Date and place of birth
- Participation in officially recognized activities and sports
- Weights and heights
- Dates of attendance
- Awards and honors
- School and grade
- Photographs and other images

Such information, which is generally not considered harmful or an invasion of privacy if released, may appear in school publications and be disclosed to outside organizations, including, but not limited to, companies that publish yearbooks. Examples of the use of directory information include the following:

- Student directories
- School yearbooks
- Class lists and team rosters
- Graduation, theatrical, athletic, and music programs
- Videos of performances, school activities, and athletic events
- Articles about school activities and athletic events
- Lists and photos of students receiving honors, awards, or scholarships
- News media coverage of school events or programs

Denial of Release of All Directory Information – Any Student K-6

If you wish to deny the release of your student's directory information, in all contexts, as described above, you must submit a written request to the Principal/Executive Director within 20 days of your student's enrollment.

Choosing this option means that your student's directory information will not be released without your prior written consent. It also means your student will be excluded from school documents that typically are made public, such as yearbooks, graduation programs, honor roll and other recognition lists; sports, musical and theatrical programs; student directories; and other documents related to school-sponsored organizations or activities.

SPECIFIC PRIVACY PROTECTIONS

The Protection of Pupil Rights Amendment (PPRA), appended to FERPA, requires Guadalupe to notify you and obtain consent or allow you to opt your child out of participating in any federally funded student survey, analysis, or evaluation that reveals information concerning the following eight protected areas:

- Political affiliations or beliefs of the student or student's parent or guardian

- Legally recognized privileged relationships, such as with lawyers, doctors, or ministers
- Religious practices, affiliations, or beliefs of the student or student's parent or guardian
- Income, other than as required by law to determine program eligibility

Parents, legal guardians, and eligible students have the right to review, upon request and before giving consent, any survey that concerns one or more of the eight protected areas and any instructional materials used in connection with such a survey. To review a survey instrument or instructional materials connected with it, please contact the Principal/Executive Director of your child's school to arrange a time and place for review.

Utah Code (53A-13-301-302) expands the requirements for parental notification and consent under the federal FERPA/PPRA law. The state law requires that parent(s) or guardian(s) be notified at least two weeks before planned activities or assignments pertaining to the eight protected areas are scheduled in the classroom, or before any survey, analysis, or evaluation about one or more of the protected topics is to be given. A parent or guardian must give prior written consent; if consent is not obtained, a student may not participate in such activities or discussions.

Complaints of alleged failures by the school to comply with student privacy requirements should be addressed to the school's Principal/Executive Director. If they are not or cannot be resolved at the local level, FERPA/PPRA complaints may be filed with the following federal agency:

During high-pollution occurrences teachers will access one-half hour prior to recess time the website www.airquality.utah.gov to determine current air quality conditions. Preamble

Guadalupe Center is committed to the optimal development of every student. We believe that for students to have the opportunity to achieve personal, academic, developmental, and social success, we must create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year.

Research shows that two components – good nutrition and physical activity – before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture’s (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks.^{1,2,3,4,5,6,7} Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students.^{8,9,10}

In addition, students who are physically active (through active transport to and from school, recess, physical activity breaks, and high-quality physical education) do better academically.^{11,12,13,14} Finally, there is evidence that adequate hydration is associated with better cognitive performance.^{15,16,17}

The following policy outlines Guadalupe School's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this policy establishes goals and procedures to ensure that:

- Students of Guadalupe Center have access to healthy foods throughout the school day through school meals, such as the Fresh Fruit and Vegetable Program and the After School Snack Program in accordance with Federal and state nutrition standards.
- Students receive quality nutrition education to help them develop lifelong healthy eating behaviors.
- Students have opportunities to be physically active before and during school:
 - Each student is enrolled in Physical Education, a class that is taught 2 times per week for total of ninety minutes for each grade, Kindergarten through 6;
 - All classes have thirty minutes of recess scheduled into their daily schedule;
 - Students in the Homework Hour/Afterschool program are also offered a recess.
- The community is engaged in supporting the work of Guadalupe Center in creating continuity between school and other settings for students and staff to practice lifelong healthy habits.
- For the fifth year in a row, Tanner Dance Studio has brought their Side-by-Side (SBS) Dance Residency Program to Guadalupe Center. This program offers weekly dance classes to our 3rd grade students, led by a Tanner Dance teaching artist, and occurs during the school day for 45 minutes per week in the second semester of the school year. The Tanner Dance teaching artist and classroom teachers work together to plan dance training that integrates classroom curriculum, and at the end of the semester, the students perform a dance recital. Students may receive scholarships to continue their dance education at the Tanner Dance studio at the University of Utah, as has happened in the past.
- Guadalupe Center has established a new Wellness Team with the purpose of establishing and maintaining an infrastructure for school wellness management. This policy applies to all students, staff, and programs at Guadalupe Center. Specific measurable goals and outcomes are identified within each section below.
- Guadalupe Center will coordinate the wellness policy with other aspects of school management, including the School Improvement Plan.

The wellness policy will be assessed and updated as indicated at least every three years, following the triennial assessment.

Community Involvement, Outreach and Communications

Guadalupe Center is committed to being responsive to community input, which begins with awareness of the wellness policy. Guadalupe Center will actively communicate ways to participate in the development, implementation, and periodic review and update of the wellness policy through a variety of means. Guadalupe Center will also inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and how to apply, and a description of and compliance with Smart Snacks in School nutrition standards. Guadalupe Center will use electronic mechanisms, such as email or displaying notices on the school’s website, as well as non-electronic mechanisms, such as newsletters, presentations to parents, or sending information home to parents, to ensure that all families are actively notified of the content of, implementation of, and updates to the wellness policy, as well as how to get involved and support the policy. Guadalupe Center will ensure that communications are culturally and linguistically appropriate to the community, and accomplished through means similar to other ways that Guadalupe Center communicates important school information with parents.

Guadalupe Center will actively notify the public about the content of or any updates to the wellness policy annually, at a minimum. Guadalupe Center will also use these mechanisms to inform the community about the availability of triennial reports.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs. Students and staff will receive consistent nutrition messages throughout schools, classrooms, gymnasiums, and cafeterias. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by school staff, teachers, parents, students and the community.

Guadalupe Center will promote healthy food and beverage choices for all students throughout the school campus, as well as encourage participation in school meal programs.

The physical education curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts (discussed in the “*Essential Physical Activity Topics in Health Education*” subsection). The curriculum will support the essential components of physical education.

All students will be provided equal opportunity to participate in physical education classes. Guadalupe Center will make appropriate accommodations to allow for equitable participation for all students and will adapt physical education classes and equipment as necessary.

All Guadalupe Center students in each grade, Kindergarten through 6, will receive physical education for at least two 45-minute classes per week per grade, throughout the school year.

- Developing an individualized physical activity and fitness plan
- Monitoring progress toward reaching goals in an individualized physical activity plan
- Dangers of using performance-enhancing drugs, such as steroids
- Social influences on physical activity, including media, family, peers and culture
- How to find valid information or services related to physical activity and fitness
- How to influence, support, or advocate for others to engage in physical activity
- How to resist peer pressure that discourages physical activity.

Recess

Guadalupe Center will offer two 15-minute recess periods on all regular school days during the school year.

Outdoor recess will be offered when the weather is feasible for outdoor play. Guadalupe Center will have outdoor recess unless the County Health Department declares a red/orange air day or the outside temperature is below 20°F, inclusive of wind chill factors, during storms with lightning or thunder, or at the discretion of the building administrator based on a best judgment of safety conditions. Any student with medical need may stay in for recess.

In the event that the school must conduct indoor recess, teachers and staff will follow the indoor recess guidelines that promote physical activity for students, to the extent practicable.

Recess will complement, not substitute for, physical education class. Recess monitors or teachers will encourage students to be active, and will serve as role models by being physically active alongside the students whenever feasible.

Classroom Physical Activity Breaks

Guadalupe Center recognizes that students are more attentive and ready to learn if provided with periodic breaks when they can be physically active or stretch. Thus, students will be offered **periodic opportunities** to be active or to stretch throughout the day on all or most days during a typical school week. Guadalupe Center recommends teachers provide short (3-5-minute) physical activity breaks to students during and

between classroom time at least three days per week. These physical activity breaks will complement, not substitute, for physical education class, recess, and class transition periods.

Guadalupe Center will provide resources and links to resources, tools, and technology with ideas for classroom physical activity breaks. Resources and ideas are available through [USDA](#) and the [Alliance for a Healthier Generation](#).

Active Academics

Teachers will incorporate movement and kinesthetic learning approaches into “core” subject instruction when possible (e.g., science, math, language arts, social studies and others) and do their part to limit sedentary behavior during the school day.

Guadalupe Center will support classroom teachers incorporating physical activity and employing kinesthetic learning approaches into core subjects by providing annual professional development opportunities and resources, including information on leading activities, activity options, as well as making available background material on the connections between learning and movement.

Teachers will serve as role models by being physically active alongside the students whenever feasible.

V. Other Activities that Promote Student Wellness

Guadalupe Center will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicative, and work towards the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

Guadalupe Center staff members are encouraged to coordinate content across curricular areas that promote student health, such as teaching nutrition concepts in mathematics and Drug

All efforts related to obtaining federal, state or association recognition for efforts, or grants/funding opportunities for healthy school environments will be coordinated with and complementary of the wellness policy.

All school-sponsored events will adhere to the wellness policy guidelines. All school-sponsored wellness events will include physical activity and healthy eating opportunities when appropriate.

Community Partnerships

The Guadalupe Center has actively sought relationships with community partners, e.g. dance, tennis and golf lessons. Rose Park Golf course and tennis pros work with our children in the Afterschool and Summer School Programs, teaching them beginning core skills and team building. Scholarships have been offered to children who have excelled in these sports. Existing and new community partnerships and sponsorships will be evaluated to ensure that they are consistent with the wellness policy and its goals.

Community Health Promotion and Family Engagement

Guadalupe Center will promote to parents/caregivers, families, and the general community the benefits of and approaches for healthy eating and physical activity throughout the school year. Families will be informed and invited to participate in school-sponsored activities and will receive information about health promotion efforts.

As described in the “Community Involvement, Outreach, and Communications” subsection, Guadalupe Center will use electronic mechanisms (e.g., email or displaying notices on the school’s website), as well as non-electronic mechanisms, (e.g., newsletters, presentations to parents or sending information home to parents), to ensure that all families are actively notified of opportunities to participate in school-sponsored activities and receive information about health promotion efforts.

Professional Learning

When feasible, Guadalupe Center will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and school (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will

help Guadalupe Center staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing Guadalupe Center academic improvement plans and efforts.

P.E. Policy

Intent: The intent of Guadalupe is to achieve criteria #1 by providing students with at least 90 minutes of structured physical activity (45 minutes for kindergarten) each week. Students will understand and appreciate the healthy benefits that result from regular physical activity. Guadalupe shall insure that students, kindergarten through grade three, will receive physical education that reinforces the importance of daily physical activity and the health risks associated with a sedentary lifestyle. Guadalupe will accomplish this criteria by having students: 1) in a structured P.E. class for 30 minutes each week using the USOE's core; 2) walk one gold medal mile each week (20 minutes); 3) do one 5-minute energizer daily (25 minutes); and 4) participate in at least one 15-minute structured recess each week for a total of 90 minutes.

Rationale: Guadalupe understands and believes that regular physical activity is important to each student's total growth and development. They are aware of the relationship between regular physical activity and performance in the classroom. They also understand the relationship between lack of physical activity and the associated health risks including heart disease, cancer and especially diabetes.

Reinforcement: This policy will be discussed and reviewed with the faculty and staff in faculty meetings beginning with the first faculty meeting each year. Each teacher will be responsible for implementing and conducting the required 90 minutes of activity each week with the help of the P.E. teachers. They also will record and report the number of gold medal miles walked weekly. All parents are to be informed yearly as to their student's current state of daily physical activity including height and weight during parent/teacher conferences. Two times a year parents will receive literature on Guadalupe's physical activity program including how they can help at home.

1419.2 Tobacco/vaping Policy

Intent: Guadalupe follows the Salt Lake School District's directive to have a tobacco-free school and to guide students and staff who use tobacco/vaping to resources for help. Guadalupe will adhere to all the rules of the school district and the State Health Department. Yearly tobacco/vaping interventions shall be introduced to the students and staff by qualified instructors from health-related programs such as the health department, Huntsman Institute, and the American Cancer Society. Guadalupe recognizes that tobacco/vaping use will harm the physical, academic and social development of tobacco/vaping users. This policy is written to prohibit the use of tobacco/vaping products on or around school grounds.

Rationale: Tobacco/vaping use is still the leading cause of preventable death, disease and disability in the United States. Tobacco use is addictive. Statistics show that most people who use tobacco begin before they reach the age of 18. Many children do not understand the harmful consequences tobacco/vaping use may have. School tobacco education classes have been shown to be an effective means of preventing tobacco use among young children.

Policy:

- Tobacco/vaping use by students, faculty, staff and visitors on or within 1,000 feet of Guadalupe is prohibited. It is also prohibited in school vehicles and at school functions away from the school. Tobacco/vaping use is prohibited on school property during school and non-school hours. Any student caught using or in possession of tobacco or vaping devices will be referred to an administrator and parents will be notified. It is the responsibility of all adults in the building to refer students to a school administrator if they are caught using or possessing tobacco. These students may be referred to a tobacco education class if applicable. Any staff member using tobacco/vaping on school property will be asked to complete an approved cessation class. Visitors who are using tobacco/vaping will be immediately asked to stop.

- Guadalupe prohibits tobacco-product advertising in any form in the school building, at school functions or in school publications. This includes endorsements or sponsorships by any tobacco company.
- Students and staff at Guadalupe are prohibited from wearing clothing that advertises any tobacco/vaping product. Parents and visitors are encouraged to support this policy. Any student or staff member wearing such clothing will be asked to change immediately.
- The sale, delivery or distribution of any tobacco/vaping product by a student, employee, parent or visitor to anyone under the age of 19 is prohibited on Guadalupe's property or within 1,000 feet of school property. If a student or employee is in violation of this policy, the following will occur: the student's parents will be notified and a consequence decided on by the administration which may include a non-smoking education program. The employee will be referred to law enforcement and receive a written warning.
- All students at Guadalupe Kindergarten -6th grade will receive age-appropriate instruction at school regarding avoidance of tobacco/vaping use. Teachers shall incorporate tobacco/vaping use prevention into their health units. Guadalupe will use community resources and the local health department to assist in teaching tobacco prevention.
- Students, if necessary, and staff shall be made aware of approved educational tobacco non-smoking classes to attend either voluntarily or non-voluntarily.
- This policy will be discussed and distributed at the first All Staff meeting of each year. Copies of the policy will be posted in the faculty room and other places in the school. Parents will be informed of the policy at parent/teacher conferences. It will also be posted on the school website. Posted signs at school entrances and other appropriate places in the school will be used to communicate that Guadalupe is a tobacco-free/vaping free school.

1421 Uniform Policy

Section One, General Information

Purpose:

Our purpose is to establish a school where each student gains the scholarly knowledge and skills vital to becoming a self-motivated, lifelong learner and to succeed in this rapidly evolving and complex world. This purpose will be accomplished by using the academically rigorous curriculum, in a context of respect and self-discipline encouraged by extensive parent involvement and limited class sizes. Uniforms assist students in gaining scholarly knowledge and life skills by creating a safe and orderly classroom environment. Specifically, uniforms:

- Help students concentrate on schoolwork by setting a tone for serious study. Because uniforms are standard attire in most academically rigorous elementary and secondary schools, their adoption signals high academic expectations to students.
- Remove distractions created by socioeconomic differences and shifting fashions.
- Assist administrators, faculty, staff, parents, and students in instantly recognizing intruders.
- Uniforms assist students in the development of discipline and a sense of community.

Specifically, uniforms:

- Build self-esteem, self-respect, and school spirit among students by creating the distinction of being part of an identifiable group.
- Create opportunities for students to develop responsibility through caring for specific items and maintaining their own appearance.
- Generate a positive school image in the community through students' orderly, neat, and characteristic (instantly recognizable) appearance.

Additionally, school uniforms benefit parents by:

- Costing less, on average, (especially when both durability and the reduced number of necessary changes of clothing are factored in) than the typical non-uniform school wardrobe.
- Reducing or entirely eliminating the time required for assisting children with daily selection of clothing and dressing.

Enforcement

The uniform policy will be enforced by the school administrators and staff, and, if necessary, School Board, as outlined in the school's discipline policy.

Opt Out

Except as outlined in the Utah Code Annotated, Section 53A-15-602(8), 1953, as amended 2003, parents may not opt out of uniform wear by their children. Under the Utah Code, the school administrator is allowed, but not required, to grant an exemption from wearing a uniform to a student for extenuating circumstances. The administrator will carefully consider all requests for exemptions, and grant only those which are clearly necessary. (For instance, unusual medical circumstances might constitute a "clearly necessary" situation.) The administrator is directed to develop individual dress guidelines which, insofar as is possible, approximate the approved uniform for each student who receives an exemption from the uniform due to extraordinary circumstances.

Section Two, Guidelines for All Students

- Students should be in school dress code any time they are on school grounds during the school day, with the exception of PE and recess times.
- Students will not be allowed in class unless their dress adheres to the uniform policy. Parents will be called to bring appropriate clothing or take the student home to get appropriate clothing if students appear at school out of uniform.

- Guadalupe Center also provides uniforms in case of emergency or extreme need.
- Guadalupe Center plaid is #57. More information is available at the school office.

In April, the proposed calendar is presented to the Charter Board of Trustees. In April or May, the calendar is distributed to parents. The academic calendar will closely follow the Salt Lake City School District traditional year calendar and will provide for a minimum of 180 days and 990 instructional hours or other days/hours as per current state law and rule. At the beginning of each school year, each family will be given one copy of the Family Calendar for their reference throughout the year. Please request a calendar if you need an additional one.

Philosophy Statement

Student academic achievement is the primary goal of Guadalupe Center. We believe that only when students master fundamentals, and are fluent in the basic foundational knowledge of the major disciplines can they move on to effectively express their knowledge and master higher-level skills. Therefore, the foundation of our instruction will focus on mastery of fundamentals. We define mastery as the ability to demonstrate knowledge and skills repeatedly and accurately. This requires repeated instruction in the subject matter, increasing degree of challenge and considerable practice. As our students master the fundamentals, our instruction focuses on sequential building of conceptual knowledge and promoting independent expression of knowledge. Finally, our instruction focuses on individual internalization of conceptual knowledge, expressed in extensive written work and verbal presentation, preparing our students for advanced study at the high school level. Guadalupe Center respects this well-founded, proven educational model and uses it in selecting and implementing the school's curriculum.

Our academic policies support our academic mission and philosophy. An important and vital component of academic achievement is that of organization of student work. Guadalupe Center students will be given tools and training that will assist them in becoming independent students and in organizing their school work, thus maximizing the potential for them to succeed.

Organization – Dockets

Each student at Guadalupe Center will be issued a docket at the beginning of the first year they are in attendance. Replacement dockets must be purchased from the school office or at a cost to the parent of \$5.00 for the first replacement and all dockets thereafter would cost \$10.00.

1. The Docket will contain several colored file folders representing the following subjects:

- a. Red – language arts or English
- b. Yellow – math
- c. Green – science
- d. Blue – history
- e. Purple – teacher option
- f. Orange – spelling
- g. Beige – Reading University

2. Students will take the Docket home each night and will bring it back to school each day.

3. If students lose or damage their Docket, they will need to purchase a new one from Guadalupe Center for their use.

4. One purpose of the docket is to help Guadalupe Center implement a “no loose papers” policy. All papers should be placed in the correct file folder inside the docket. In this way, students always have with them what they need – in class and at home. Parents can easily look through a student’s docket and get a clear picture of what work is being produced and what areas are being studied, thus allowing them to extend and expand the learning at home.

Learning Plans

1. A learning plan will be issued to each student every week.

2. Teachers write the weeks’ lessons, subjects covered, and assignments on the learning plan for the students.

3. ***Parents will review their student’s learning plan each night.*** When assignments are completed, parents will initial the learning plan. If a student is unable to finish an assignment, the parent is to circle the assignment indicating they are aware of the assignment that must be completed. Parents are required to sign the learning plan each week.

4. Elementary teachers will check the learning plan each morning for signatures, and at the end of each day to ensure the student has filled in the subject area boxes correctly and completely.

Homework

It is the hope of Guadalupe Center that our students will come to love learning and desire to spend free time studying and reading. To assist our families in developing life-long learners, Guadalupe Center has adopted the following policies based upon these principles:

- Homework is an integral part of the education program at Guadalupe Center. It is an extension of the classroom lessons and should directly relate to class work. It reinforces skills and concepts that are taught and helps develop good study skills and habits. It also informs parents of what is being taught in the classroom. Some guidelines for the assignment of homework follow:
- Homework is assigned with coordination between teachers and consideration of the importance of child participation in family activities and responsibilities.

- ***A Guadalupe Center student should spend time each day studying, whether or not homework is assigned.*** If no homework is assigned, students are encouraged to review math facts, read, practice writing, study spelling words, or read a book independently\or with their parents.

Homework Policy:

1. Students will be given homework most weekday evenings. It is our intention that homework given will be appropriate, relevant, interesting and at times, challenging. Homework assigned should not be new material for students, but should be a review, extra practice, or an extension of material already taught in school. Students should be able to complete their homework within the time frames below, with the exception of special projects or ***in cases where the student fails to complete classwork in a timely manner***, or if a student falls behind due to tardy arrivals, absences or failure to attend to learning ***or to use time effectively during the school day***.

Kindergarten – 15 minutes

First grade – 20 minutes*

Second grade – 30 minutes*

Third grade – 40 minutes*

Fourth grade – 50 minutes*

Fifth grade – 60 minutes

Sixth grade – 60 minutes

*These times do not include free reading time. Students should read an additional period of time each evening (at least 15 minutes). In grades 5-6 this time may, but will not always, include free reading time.

2. Parents need to provide an environment in the home that will make it possible for students to engage in scholarly pursuits at home on a daily basis. A successful learning environment contains the following elements:

- a. a quiet place to study and complete assignments
- b. access to necessary tools (pencils, paper, adequate lighting, resources such as reference books). If parents can't provide any of these items, they should contact the principal of the school.
- c. freedom from distractions (TV, video and computer games, distracting music or conversations)

3. Guadalupe Center recommends that families adopt a “no TV, no Video games” policy Monday through Thursday. We believe it is in the best interest of our students to spend their free time reading, studying, engaging in physical activities and playing games that are mentally stimulating. Ample research has demonstrated that it is not beneficial for students to watch TV and play video games on a daily basis. Lack of physical exercise is resulting in obesity in epidemic proportions in our country. We encourage our families to provide opportunities for their students to exercise and study during the weekday evenings.

Guadalupe Center recommends that families, where possible, establish study time in the early evenings, allowing their students time after school to engage in physical activities. We encourage families to engage in study time together, possibly at a central location such as the kitchen table. Mom and/or Dad can sit and study or complete work of their own while students complete their own work. Family study time works well as parents are close by to act as a resource should the student need it, and also to help keep the student focused on studying. Parents can easily sign the learning plan as assignments are completed.

Guadalupe Center recommends that parents review the academic scope and sequence (curriculum maps) received from their student's teacher, then utilize the public library to have educational resources on hand at home that will serve to extend and expand the student's learning on the subjects they are studying at school.

Homework Response Forms: If a parent believes the homework assigned is excessive or if their child is not receiving regular homework, they may fill out a Homework Response Form (available at the school office) and return it to the teacher. Administration will review all response forms.

Academic Communication

A Learning Plan will be provided to each student each week. Students will bring the Learning Plan home in their docket each day. Information regarding schoolwork, activities and homework will be communicated to Guadalupe Center families from the teacher to parents each day via the Learning Plan. Learning Plans are a daily communication tool which parents and teachers can use to communicate regarding academic progress. Parents will be required to sign the learning plan weekly.

Academic Performance Standards

Guadalupe Center is a "school of choice" with a rigorous academic program.

Guadalupe School's academic program is comprised of three vitally important components:

1. the work and effort of the teachers and staff
2. the work and effort of the students
3. the support of the parents

Our staff and teachers are trained and well prepared to teach our students. They are an experienced, well-trained group of professionals who are enthusiastic about their job in assisting your student as they achieve academically and learn and grow. Most students who attend Guadalupe Center are well prepared also, and bring their own enthusiasm and love of learning to school with them each day.

However, if a teacher is not putting forth sufficient effort to enable the students to achieve mastery in their content area, the administration is committed to rectifying this through staff development, coaching and training. If the teacher, after the remedies have been implemented, continues to be unsuccessful in working at the level required, they will be dismissed.

Likewise, the students at Guadalupe Center bear much responsibility with regard to exerting effort and completing assigned work so that they can benefit fully from the excellent academic programs of Guadalupe Center. We believe that it is the responsibility of the school to provide effective organizational systems, positive motivation, excellent teachers and relevant, interesting curriculum for each student so that they can achieve academic success. We are confident that working together, all students can achieve this success.

We recognize that parental support is vital to student achievement. Guadalupe Center parents commit to support the learning process by ensuring their student has time each day for studying, a place at home to study, by checking the learning plans daily, ensuring on-time arrival and minimizing absences, and engaging in positive communication to address questions, concerns or provide feedback.

We recognize that we cannot control student effort, participation, and work or parental participation. We feel it is our duty to provide all the tools necessary, and do all we can to motivate students to succeed. ***Ultimately, we recognize that student effort is controlled by the student and motivated by the parent, and after all we can do, academic success will not be the result if the student and/or parent is unwilling to do their part.***

If a student consistently fails to participate in the Guadalupe Center academic program, or if their parent fails to honor the Acceptance of Policy, the School Administration may recommend to the Charter Board that they

meet with the family to discuss their student's enrollment status. The Charter Board will hold a meeting with the family to discuss the areas of concern. Any of the following and other violations of the Acceptance of Policy or other school policies may result in a Charter Board hearing:

1. Students who fail the academic course of study as a result of lack of effort.
2. Students who display willful noncompliance as evidenced by failure to turn in consecutive assignments or participate in class work.
3. Parents who are unwilling to review and sign the learning plan each week for students, and who fail to ensure their student completes assignments.

School Promotion Policy

Students must meet minimum criteria for promotion each year. Teachers may automatically recommend a student for promotion only if the student meets the following criteria:

1. Student passed all subjects three quarters of the year with at least a C grade.
2. Student attended school a minimum of 160 days (less than 21 absences).
3. Student passed at least the lowest level of the skills classes – reading and mathematics – for their grade level.
4. Student has not been suspended during the school year.

Teachers may not recommend for promotion any student who does not meet the above criteria. The Student Promotion Advisory board, comprised of the student's teacher(s) and school administration, will review all relevant documentation (for each student not recommended for promotion) regarding the student's performance, including but not limited to: grades, attendance, academic achievement records including assessments, work product, and learning plans. The Student Promotion Advisory Board will make a determination if the student qualifies for promotion to the next grade. In order to recommend promotion, the Student Promotion Advisory Board will ensure that in their estimation and utilizing concrete data the student demonstrates sufficient skills and content knowledge to be successful at the next grade level. If, in their best estimation, the student does not demonstrate sufficient skills and content knowledge (as evidenced by grades, test scores and other evaluative measures including but not limited to those listed above) to be successful at the next grade level, the student will not be recommended for promotion and **parents will be notified in writing or in person regarding the student's promotion status. At this point in time, a plan for remediation will be suggested (which usually includes work to be completed over the summer) OR the student will be offered a seat in the current grade for the subsequent year on a space available basis. If the remediation plan is carried out successfully, the Student Promotion Advisory Board may, at that time, approve promotion for the student.**

2002 Assemblies and Special Programs

School assemblies and special programs will be held for students. Assemblies and special programs are scheduled for a variety of purposes aimed at educating, entertaining, and recognizing contributions to the school. Assemblies will also be used to unify students in support of team programs and individual performances. Students are expected to behave respectfully during these occasions. Students will remain in attendance until formally dismissed by their teacher.

2003 Special Education Students

Guadalupe's student population includes students who require Special Education instruction. The classroom teachers of these students need to be aware of their needs and their Individual Education Plan (IEP). An IEP outlines the student's specific needs and accommodations for testing, instruction, one-on-one help, etc. The Special Education teacher creates an IEP for each qualifying student in collaboration with the student, their parents, and the regular classroom teacher as necessary. Once the IEP is created, the Special Education teacher meets with the student's teacher to review the needs and plans of the Special Education student. Teachers are legally responsible to accommodate the needs of the Special Education student based on their IEP.

2004 Use of Media and Entertainment

Videos and DVDs may play an important supplementary role in classroom instruction, but should not be used as the main medium of instruction. In order to facilitate the intellectual growth of all students, teachers are expected to integrate a variety of teaching mediums in the classroom.

The Principal must pre-approve any video, DVD, or movie that is shown in the classroom or any other school-related function whether on or off-campus. When choosing music, movies, Internet content, and other forms of mass media or entertainment, staff must make certain that the content is educationally appropriate and relevant to what is being taught in the classroom. Additionally, media choices must not contain objectionable content. Movies which are labeled as Not Rated, G, or PG are generally considered acceptable; however, even within these bounds, teachers must utilize sound judgment of appropriateness within the classroom. Movies rated PG-13 or R and above are not acceptable.

Educational software/cable networks must be school approved and used under the direction of staff who are supervising the computer or TV where the software/programs are being used.

3000 STUDENTS AND PARENTS

3100 ACTIVITIES

3101 Class Parties

In-class celebrations may be held prior to the winter break, spring break, end of the school year, and/or as dictated by the curriculum. Individual birthday celebrations will be at the discretion of each teacher.

Utah State Law prohibits students from consuming "homemade" food in a classroom setting. All foods must be store bought and packaged. Students should not bring treats, candy, goody bags, etc. to school at any time unless specifically assigned by the classroom teacher. Teachers will advise students of any allergies/food limitations prior to the food assignments being scheduled.

At the discretion of the faculty, Halloween may be observed at the school by allowing students the opportunity to dress up in costume. Clothes may be worn under costumes when appropriate. The regular academic school day schedule will be observed with an in-class party held at the end of the school day.

Students must adhere to the following guidelines when wearing Halloween costumes to school:

- No masks
- No blood or gore
- No weapons

Students who do not adhere to these guidelines will be asked to remove the part of the costume which is not in compliance. If this is not possible, a parent will be called to pick up the child.

3102 Daily School Operation

School for first through sixth grade begins each day at 8:00 a.m. School is dismissed at 2:45 p.m. Monday, Tuesday, Thursday and Friday, and at 1:30 p.m. on Wednesday.

3103 Field Trips and Educational Enhancement Opportunities

Introduction:

The purposes of this Board policy are to help ensure the safety of all students, staff, and volunteers; to provide the guidelines for school field trips; and to help lower the school's liabilities by reducing risks.

Board Policy – The Guadalupe Charter School Board of Trustees recognizes student field trips as being a legitimate part of school activities. Field trips will be properly planned and conducted according to the approved procedures and policies.

Definitions:

Educational Field Trip – A field trip occurs when students leave school grounds for an activity that is part of a school sponsored program, to include curriculum related study or an extension of classroom instruction. The field trip must be relevant to the curriculum and provides an educational experience for the student that is beyond the regular classroom.

Non-Educational Field Trip – These field trips are not an extension of the school's curriculum.

Sponsor – The teacher or school employee/staff requesting permission for a field trip and responsible for its planning, organization, and supervision.

Student Participation:

No student may be excluded from participating in an educational or non-educational day field trip due to the following: inability to pay, a need for health services, or a documented disability.

A student may be excluded from the field trip upon request of the parent/guardian. The student may also be excluded for a reason(s) that is communicated to the student and parent/guardian in advance of the field trip or the student fails to return a signed permission slip. All student exclusions require approval by the charter school principal.

Field Trip Requirements:

Request Field Trip: The *School-Related Student Trip Request Form* is to be completed and submitted to the charter principal per the date requirements listed on the form. The sponsor of the field trip will contact the Head Bus Driver on the availability of school busses and the Food Services Manager prior to submitting the request to the principal.

Administrative/Charter Board Approval: The principal has the authority to approve day field trips that are within 150 miles of Guadalupe Center and recurring day field trips (same activity on a regular basis). The Executive Director has the authority to approve field trips that exceed 150 miles from Guadalupe Center. Charter Board approval is required on field trips that are overnight/extended days and includes approval from the charter school Principal and the Executive Director.

A passenger list is to be maintained by the field trip sponsor, bus operator, and Principal. All food shall be consumed in the cafeteria, unless special circumstances apply. Classrooms may be used under certain circumstances as specified by administration. Students are expected to behave politely and converse quietly while eating lunch. No shouting, horseplay, or food throwing is allowed. Prior to all students being dismissed from the lunchroom, the students are expected to ensure that no food or garbage has been left on the table or the floor.

Families who have children with special dietary needs, such as a food intolerance or food allergies, should notify the school of such conditions. The school will work with the family and then make a determination as to how to accommodate that child's individual needs. The school will put forth its best efforts to mitigate possible risks associated with the condition.

By order of the Board of Health, only commercially prepared items may be brought to school from home.

Guadalupe is a Provision III school; therefore, all new students will be required to show proof of income.

3105 Library

The Guadalupe library will be open from 8:30 a.m. – 4:00 p.m., on all school days (generally, Monday–Friday).

Each student will be allowed to have a total of two books/items checked out at any given time. For each returned book, a new book may be checked out for a maximum of two books. Check out time for a book is for a period of seven days. Students may be allowed additional check out time (renewal period) of one week if they are still reading their books or using them for a school project as appropriate. Students are allowed one renewal period per book.

Students are responsible for the books/items they have checked out. If a book/item is not returned by the due date and is not renewed it will be considered overdue. An overdue notice will be sent home with the student on a weekly basis until the book/item is returned or replaced.

If a student has one or more books/items overdue, no additional items may be checked out until the book/item has been returned, replaced or paid for. If a book or item is not returned or replaced, library privileges will continue to be denied for the current school year or the upcoming school year until the items are replaced, paid for, or returned.

3200 CONDUCT

3201 Attendance and Absence – Child Programs

According to the Utah Compulsory Attendance Laws (53A-11-101) every school age child must be in school. Attendance in class is a vital and integral part of the educational process. Parents and legal guardians are responsible for their child's regular school attendance. Students are expected to remain in school on all scheduled days. These include those days before and after scheduled school vacations. The school encourages 100% attendance and will recognize students who have achieved 100% attendance during a given month, at "100 days of school," and at the end of the school year.

According to R277-419-5, LEA shall conduct school for at least 990 instructional hours over a minimum of 180 school days each year.

The following definitions apply:

- “Absence” is a student’s non-attendance at school for one or more consecutive school days.
- “Extended Absence” is an absence that is longer than one day, not to exceed ten school days.
- “Truancy” is an unexcused absence.

An “Excused Absence” is an absence from school for one or more of the following reasons:

- Illness.
- Medical appointments.
- Death of family member or family friend.
- Family related absence, not to exceed one school day.
- Pre-approved extended absence.
- Unforeseen extenuating circumstances as determined by the school’s principal.

If a student is absent, parents need to:

- Call the main school number, 801-531-6100, to give a reason for the absence;
- Send a note when the student returns;
- **Notify school early (before 7:00 a.m.) so the bus driver will not pick up the student;**
- Notify school when it is okay for the bus driver to again begin picking up the student.

If the above guidelines for attendance are not followed, the school will take the following action:

- If the student’s attendance drops below 95%, parent will be contacted by phone by the teacher. The teacher will remind parent of the attendance policy. If there are issues that are causing the absences, the school will try to offer services or resources to help.
- If the student’s attendance drops below 90%, the parent will again be contacted by phone.

If the student’s attendance does not improve within two weeks,

- The parent will be asked to meet with the teacher and the Principal to find a way to solve the problem.

If the problem continues,

- Parents need to be aware that lack of regular attendance in school for all school age children is a misdemeanor and that Guadalupe will take the necessary steps to ensure compliance to the law.

3204 Discipline Code

School/Classroom Management Procedures

Guadalupe student management policy is designed to improve future performance and make sure a safe learning environment is maintained. Below are the behavioral expectations and consequences for acceptable and unacceptable behavior.

School, Classroom, Lunch Room, and Bus Rules and Procedures for Consequences

Guadalupe staff have discussed and agreed upon the rules listed below. To encourage students to make positive choices, rewards and privileges will be given. For example, children who follow the rules will be rewarded with positive verbal reinforcement, good phone calls to parents, and notes home. The following rules apply to all students in the school, classrooms, lunch room, and buses (for specific bus rules see Sec 3203 Bus Transportation):

- Listen to and follow directions.
- Keep hands, feet, mouth and objects to yourself;
- Be where you are supposed to be;
- Do not bring inappropriate items from home;
- Use indoor voices in the building and on the bus/vans.

Teachers will provide their individual classroom management plan at registration.

When a child does not follow one of the rules above the immediate actions that will be taken include:

- Positive reinforcement to the children who are on task;
- Telling the noncompliant child what he/she is doing (describing the behavior);
- Showing the child what he/she can do (modeling the behavior that is expected).
- Stating the choices the child has to correct their behavior;
- The noncompliant child will be removed from the situation by a staff member until the child's behavior changes enough to return to the situation.

If a student does not comply with the expectations outlined above and/or the individual classroom plan, the school will attempt to resolve the problem through the following steps:

Step 1- Parent/Guardian Notification: This may be written and/or verbal. Educators, Principal, or any other supervising adult may give this notification. Notification may require parent signature and/or a conference with the referring adult. Notification will include the inappropriate behavior of the student and the consequence given by the school as outlined in the student handbook.

Step 2- Principal Intervention & Parent/Guardian Notification: This will include a mandatory meeting with the Principal, the parent/guardian, the student and/or any other involved parties. This meeting will be held for the purpose of all parties involved to have an opportunity to discuss the situation. If necessary, interventions will be mutually planned to improve the behavior. The plan must include the intervention, consequence if the behavior continues, reward if the behavior ceases, and an appropriate time frame for the students to improve their behavior.

Step 3- Bring Community Resources into the Intervention: After appropriate intervention and allowing sufficient time for behavior changes to be made, if there is still evidence that the student continues to need intervention, a team meeting of the Principal, parent/guardian, student, and other parties as determined by the team will meet. Community resources will be identified that may have an expertise that can better meet the needs of the student and educator. A new behavior plan will be established.

Step 4- After following the behavior plan for a mutually agreed time frame, if the team identifies evidence that the student still is unable to control behavior, they may make the recommendation that there is a more appropriate place for the student to succeed.

3221 Guadalupe Agency Data Governance Plan

PURPOSE

Data governance is an organizational approach to data and information management that is formalized as a set of policies and procedures that encompass the full life cycle of data; from acquisition, to use, to disposal. Guadalupe Center takes seriously its moral and legal responsibility to protect student privacy and ensure data security. Utah's

Student Data Protection Act (SDPA), U.C.A §53A-1-1401 requires that Guadalupe Agency *Board of Directors* create and implement a policy titled 'Data Governance Plan'.

SCOPE AND APPLICABILITY

Guadalupe Agency (Agency) Data Governance Plan (Plan) is applicable to all employees, temporary employees, and contractors of the Agency, including those at Guadalupe Center. The Plan is used to assess agreements made to disclose data to third-parties, assess the risk of conducting business, and to ensure only authorized disclosure of confidential information. The Agency governing board will review and adjusted its Plan on an annual basis or more frequently, as needed. The following 8 subsections provide data governance policies and processes:

1. Data Advisory Groups
2. Non-Disclosure Assurances for Employees
3. Data Security and Privacy Training for Employees
4. Data Disclosure

- Requires Data Stewards to maintain a record of all confidential information that they are responsible for.
- Requires Data Stewards to manage confidential information according to this Plan and all other applicable policies, standards, and plans.
- Complies with all legal, regulatory, and contractual obligations regarding privacy of Agency data. Where such requirements exceed the specific stipulation of this Plan, the legal, regulatory, or contractual obligation shall take precedence.
- Provides the authority to design, implement, and maintain privacy procedures meeting Agency standards concerning the privacy of data in motion, at rest, and processed by related information systems.
- Ensures that all Agency and Guadalupe Center governing board members, employees, contractors, and volunteers comply with the policy and undergo annual privacy training.
- Provides policies and process for
 - Systems administration,
 - Network security,
 - Application security,
 - Endpoint, server, and device security
 - Identity, authentication, and access management,
 - Data protection and cryptography,
 - Monitoring, vulnerability, and patch management,

Non-Disclosure Assurances

All student data collected and utilized by the Agency is protected as defined by the Family Educational Rights and Privacy Act (FERPA) and Utah statute. This section outlines the way Agency staff utilizes data and protects personally identifiable and confidential information. A signed agreement form is required from all Agency staff to verify agreement to adhere to/abide by these practices and will be maintained in Human Resources. All Agency employees and contractors will:

1. Complete a Security and Privacy Fundamentals Training.

Data security and privacy training

Guadalupe Center provides training for all Agency staff, including volunteers, contractors, and temporary employees with access to student educational data or confidential educator records, to minimize the risk of human error and misuse of information. Training is provided during contract week and attendees must sign the Acceptable use agreement and Non-disclosure assurances upon completion to receive access to the Agency network and technology. The Guadalupe Center Student Data Manager records the names and roles of attendees, as well as the date, time, location, and agenda from the training.

Data disclosure

Purpose

Providing data to persons and entities outside of the Agency increases transparency, promotes education in Utah, and increases knowledge about Utah public education. This section establishes the protocols and procedures for sharing data maintained by the Agency. It is intended to be consistent with the disclosure provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 1232g, 34 CFR Part 99 and Utah's Student Data Protection Act (SDPA), U.C.A §53A-1-1401.

Procedures for disclosure of Personally Identifiable Information (PII)

Student or Student's Parent/Guardian Access

In accordance with FERPA regulations 20 U.S.C. § 1232g (a) (1) (A) (B) (C) and (D), the Agency programs and Guadalupe Center will provide parents with access to their student's education records, or an eligible student access to his or her own education records (excluding information on other students, the financial records of parents, and confidential letters of recommendation if the student has waived the right to access), within 30 days of receiving an official request. The Agency programs and Guadalupe Center is not required to provide data that it does not maintain, nor create education records in response to an eligible student's request.

Third Party Vendor

Third party vendors may have access to students' personally identifiable information if the vendor is designated as a "school official" as defined in FERPA, 34 CFR §§ 99.31(a)(1) and 99.7(a)(3)(iii). A school official may include parties such as: professors, instructors, administrators, health staff, counselors, attorneys, clerical staff, trustees, members of committees and disciplinary boards, and a contractor, consultant, volunteer, or other party to whom the school has outsourced institutional services or functions.

All third-party vendors must be compliant with Utah's Student Data Protection Act (SDPA), U.C.A §53A-1-1401. Vendors determined not to be compliant may not be allowed to enter into future contracts with Agency programs or Guadalupe Center without third-party verification that they are compliant with federal and state law and board rule.

Governmental Agency Requests

Agency programs and Guadalupe Center may not disclose personally identifiable information of students to external persons or organizations to conduct research or evaluation that is not directly related to a state or federal program reporting requirement, audit, or evaluation. The requesting governmental agency must provide evidence of the federal or state requirements to share data in order to satisfy FERPA disclosure exceptions to data without consent in the case of a federal or state (a) reporting requirement, (b) audit, or (c) evaluation.

The Executive Director will ensure the proper data disclosure avoidance are included if necessary. An Interagency Agreement must be reviewed by the Executive Director and must include “FERPA-Student Level Data Protection Standard Terms and Conditions or Required Attachment Language.”

Procedure for External disclosure of Non-PII

The Agency may consider external data requests from individuals or organizations that are not intending on conducting external research or are not fulfilling a state or federal reporting requirement, audit, or evaluation. The Agency has three levels of data requests based on risk: Low, Medium, and High. The Executive Director will make final determinations on classification of student data requests risk level.

Low-Risk Data Request Process

Definition: High-level aggregate data

Examples:

- Enrollment/participation numbers by program
- Percent of students returning to the Agency program or Guadalupe Center the subsequent year

Process: Requester completes external research form and submits it to the Executive Director’s Office.

Medium-Risk Data Request Process

Definition: Aggregate data, but because of potentially low n-sizes, the data must have disclosure avoidance methods applied

Examples:

- Enrollment/participation numbers by program and grade/age
- Percent of third-graders scoring proficient on the SAGE ELA assessment
- Child Nutrition Program Free or Reduced Lunch percentages

Process: Requester completes external research form and submits it to the Executive Director’s Office.

High-Risk Data Request Process

Definition: Student-level data that are de-identified.

Examples:

- De-identified student-level promotion data
- De-identified student-level SAGE ELA assessment scores for grades 3-6.

Process: Requester completes external research form and submits it to the Executive Director's Office.

Data Disclosure to a Requesting External Researcher or Evaluator

Responsibility: The Executive Director will ensure the proper data are shared with external researcher or evaluator to comply with federal, state, and board rules.

The Agency may not disclose PII of students to external persons or organizations to conduct research or evaluation that is not directly related to a state or federal program audit or evaluation. Data that do not disclose PII may be shared with external researchers or evaluators for projects unrelated to federal or state requirements if:

1. The Agency sponsors an external researcher or evaluator request.
2. Student data are not PII and are de-identified through disclosure avoidance techniques and other pertinent techniques as determined by the Executive Director.
3. Researchers and evaluators supply the Agency a copy of any publication or presentation that uses Agency data 10 business days prior to any publication or presentation.

Process: Requester completes external research form and submits it to the Executive Director's Office.

Data breach

Purpose

Establishing a plan for responding to a data breach, complete with clearly defined roles and responsibilities, will promote better response coordination and help educational organizations shorten their incident response time. Prompt response is essential for minimizing the risk of any further data loss and, therefore, plays an important role in mitigating any negative consequences of the breach, including potential harm to affected individuals.

Procedures

The Agency follows industry best practices to protect information and data. In the event of a data breach or inadvertent disclosure of PII, Agency staff will follow industry best practices outlined in the Agency IT Security Policy for responding to the breach. Further, the Agency follows best practices for notifying affected parties, including students, in the case of an adult student, or parents or legal guardians, if the student is not an adult student.

Concerns about security breaches must be reported immediately to the IT security manager who will collaborate with appropriate members of the data advisory team to determine whether a security breach has occurred. If the Agency data advisory team determines that one or more employees or contracted partners have substantially failed to comply with Agency IT Security Policy and relevant privacy policies, they will identify appropriate consequences, which may include termination of employment or a contract and further legal action. Concerns about security breaches that involve the IT Security Manager must be reported immediately to the Executive Director.

The Agency will provide and periodically update, in keeping with industry best practices, resources for staff, contractors, and volunteers in preparing for and responding to a security breach.

Purpose

Records retention and expungement policies promote efficient management of records, preservation of records of enduring value, quality access to public information, and data privacy.

Procedure

Agency staff retains and dispose of student records in accordance with Section 63G-2-604, 53A-1-1407, and complies with active retention schedules for student records per Utah Division of Archive and Record Services.

In accordance with 53A-1-1407, Agency programs and Guadalupe Center will expunge student data that is stored upon request of the student if the student is at least 23 years old. Agency programs and Guadalupe Center may expunge medical records and behavioral test assessments. Agency programs and Guadalupe Center will not expunge student records of grades, transcripts, a record of the student's enrollment, or assessment information. Agency program and Guadalupe Center staff will collaborate with Utah State Achieves and Records Services, USBE, and contractors with expert knowledge in updating data retention schedules.

Agency program and Guadalupe Center maintained student-level discipline data will be expunged three years after the data is no longer needed.

Quality Assurances and Transparency Requirements

Purpose

Data quality is achieved when information is valid for the use to which it is applied, is consistent with other reported data and users of the data have confidence in and rely upon it. Good data quality does not solely exist with the data itself, but is also a function of appropriate data interpretation and use and the perceived quality of the data. Thus, true data quality involves not just those auditing, cleaning and reporting the data, but also data consumers. Data quality at is addressed in five areas:

Data Governance Structure

The Plan is structured to encourage the effective and appropriate use of educational data. The *Plan* centers on the idea that data is the responsibility of all program staff and that data driven decision making is the goal of all data collection, storage, reporting, and analysis. Data driven decision making guides what data is collected, reported, and analyzed.

Data Requirements and Definitions

Clear and consistent data requirements and definitions are necessary for good data quality. On the data collection side, the Agency receives training from and regularly communicates with the USBE regarding data requirements and definitions.

Data Auditing

The data advisory team and Principal perform regular and ad hoc data auditing. They analyze data for anomalies, investigate the source of the anomalies, and correct the anomalies, as appropriate.

Quality Control Checklist

Checklists have been proven to increase quality (See Appendix C). Therefore, before releasing high-risk data, the Agency program director and Executive Director must successfully complete the data release checklist in three areas: reliability, validity and presentation.

Data Transparency

Annually, *Guadalupe Center* will publically post:

- Metadata Dictionary as described in Utah’s Student Data Protection Act (SDPA), U.C.A §53A-1-1401

Appendix B. Protecting PII in Public Reporting

Public education reports offer the challenge of meeting transparency requirements while also meeting legal requirements to protect each student's personally identifiable information (PII). Recognizing this, the reporting requirements state that subgroup disaggregation of the data may not be published if the results would yield personally identifiable information about an individual student. While the data used by Agency programs and Guadalupe Center is comprehensive, the data made available to the public is masked to avoid unintended disclosure of PII in reports.

This is done by applying the following statistical method for protecting PII.

1. Underlying counts for groups or subgroups totals are not reported.
2. If a reporting group has 1 or more subgroup(s) with 10 or fewer students.
 - The results of the subgroup(s) with 10 or fewer students are recoded as “N<10”
 - For remaining subgroups within the reporting group
 1. For subgroups with 300 or more students, apply the following suppression rules.
 1. Values of 99% to 100% are recoded to $\geq 99\%$
 2. Values of 0% to 1% are recoded to $\leq 1\%$
 2. For subgroups with 100 or more than but less than 300 students, apply the following suppression rules.
 1. Values of 98% to 100% are recoded to $\geq 98\%$
 2. Values of 0% to 2% are recoded to $\leq 2\%$
 3. For subgroups with 40 or more but less than 100 students, apply the following suppression rules.
 1. Values of 95% to 100% are recoded to $\geq 95\%$
 2. Values of 0% to 5% are recoded to $\leq 5\%$
 4. For subgroups with 20 or more but less than 40 students, apply the following suppression rules.
 1. Values of 90% to 100% are recoded to $\geq 90\%$
 2. Values of 0% to 10% are recoded to $\leq 10\%$
 3. Recode the percentage in all remaining categories in all groups into intervals as follows (11-19,20-29,...,80-89)
 5. For subgroups with 10 or more but less than 20 students, apply the following suppression rules.
 1. Values of 80% to 100% are recoded to $\geq 80\%$
 2. Values of 0% to 20% are recoded to $\leq 20\%$
 3. Recode the percentage in all remaining categories in all groups into intervals as follows (20-29,30-39,...,70-79)

3310 Pets

The following policy has been established to provide for the health and safety of Guadalupe Center students, faculty, staff, and visitors and for the responsible management and operation of the school.

Beyond the obvious concerns for personal welfare and property maintenance, it is hoped that this policy will foster an atmosphere where all can enjoy the campus in a comfortable and relaxed setting.

- Pets/animals are only allowed on the campus for school authorized purposes such as classroom sharing or a teacher planned learning experience.
- Teachers will provide parents and guardians with information about the classroom pet, the purpose of acquiring the animal (how its care will fit into the curriculum), and a plan for how any injuries (bites, scratches) will be managed should they arise.
- In all cases authorization by the Charter School Principal or Executive Director will be obtained by the teacher in advance.
- While on school property the pet/animal must be on a leash, in a cage and/or under the owner’s control at all times.
- The owner must also have a means to clean up after the pet, specifically; the owner shall possess the means of removal of any urine or fecal matter left by the pet/animal. Cleanup should be thorough enough so as to generate no additional work for the maintenance staff.
- Students are prohibited from bringing their home pets to school.

This policy does not apply to registered service animals.

Considerations to make in advance:

Before acquiring a classroom pet, the educator will investigate whether any student is:

- allergic or sensitive to any particular species or their food or bedding materials
- immune compromised, and therefore more susceptible to zoological illnesses

Type of pet:

- only domestic animals may be kept as pets
- wild animals may not be kept as pets (this includes locally caught frogs, snakes, etc.)

- animal must be diurnal (awake during the day)

Responsibilities:

The primary educator in the classroom is considered the animal's guardian/caregiver, and is responsible for ensuring that all of the animal's physical and psychological needs are met.

The animal's guardian is responsible for:

- Researching the animal's species and consulting reliable sources (veterinarian, humane educator) regarding appropriate diet, housing, exercise, and socialization.
- Ensuring that the animal is fed appropriately, handled properly, and that its habitat is cleaned regularly; using logs to track feedings and cleanings is recommended.
- Seeking regular and emergency veterinary care for the animal (including vaccinations required by state law), and is responsible for all veterinary fees
- Taking the animal home during weekends, holidays, and vacations
- Continuing to care for the animal at home in the event that a future student is allergic and the animal is unable to live in the classroom

Other criteria:

- Classroom pets are not permitted to breed; if several animals of the same species are being maintained as classroom pets, males and females should be kept separate at all times
- Students will only handle the animal under direct supervision of an adult
- If students are given responsibilities for feeding the animal or cleaning the animal's habitat, this will be assigned as a reward not as a punishment, and students will be supervised during all interactions
- Students must wash their hands prior to and after handling the classroom pet or cleaning its habitat
- Animals will be housed in a quiet area of the classroom away from windows, direct sunlight, heating vents, and drafts
- The heat in the classroom will be kept within an acceptable range during the nighttime

3311 Transferring Students

Guadalupe reserves the right to consider the school from which a student wishes to transfer based on the facts, as they are known to Guadalupe, for the purpose of granting admission into Guadalupe and Guadalupe's programs.

Pursuant to Utah R277-419-11, Guadalupe will ensure that proper documentation is retained which shows the proper transfer code is entered in the student information system for students that transfer from the LEA

3312 Disposal of Textbooks in Public Schools

All textbooks are kept by the school ~~for~~ as additional resources and materials for the school internally. If it is determined that textbooks are not needed, Guadalupe will dispose of the books in the following manner.

- Find another educational facility that would purchase the books.

- Find another educational facility that would take the books for no cost.
- Recycle the books in an environmentally friendly way.

34 CPR 300.160 3313 Testing Procedures Policy

- The academic testing policy at Guadalupe Center is as follows:
- Assessment is ongoing; it does not happen just at the end of learning.
- Teachers give students many opportunities to show their understanding.
- Assessments are differentiated.

- Assessments are both formative and summative.
- Assessments are based on a clear set of criteria.
- Assessments are relevant and appropriate; they assess knowledge and/or skills.

- Modifications are made when necessary.
-

3314 Student Supervision

No teacher, staff member, or administrator should be alone in a room with a student without an open door or an uncovered window.

Children will be allowed to use the bathroom or get a drink independently with permission from a staff member. If a child has not returned to class within 5 minutes, a staff member will check on him/her.

3315 Procedural Safeguards

Children with disabilities and their parents are afforded the appropriate procedural safeguards.

3316 Evaluation

Children with disabilities are appropriately evaluated.

3400 PARENTS

3401 Parent Compact

The Parent Compact agreement between student, parent, administrator and teacher outlines steps to be taken to help any student to succeed in school. This agreement will be reviewed annually by parent, administrator and teacher.

(Refer to Attachment 3401A located at the end of this section.)

3402 Parent Concerns

Parents/guardians may occasionally have a concern in regard to a particular aspect of the school. Open and honest communication between parents and the school is welcomed and encouraged. In order for the staff of Guadalupe to best meet the needs of the student and the school, parents are asked to adhere to the following procedure when addressing concerns:

- Begin by first addressing the concern with the teacher or individual with whom the concern is directly related.
- If the teacher or individual is not able to resolve the concern to the parents' satisfaction, the concern should then be addressed with the Principal and/or Executive Director.
- If the Principal or Executive Director cannot resolve the issue satisfactorily, he/she will provide the parents with a "Confidential Review of Concerns" form. This confidential form may be submitted to the Chair/President of the Charter Board of Directors. Parents may choose to either present their case directly to the Charter Board of Directors or have the case presented on their behalf by the Chair/President of the Charter Board of Directors. The Charter Board of Directors will respond as quickly as circumstances dictate, not to exceed 45 days.

3403 Parent Grievance Guidelines

If a parent feels the school has been unfair or feels there are special reasons that have not been considered, a parent has the right to appeal any action by following these guidelines:

- Individuals with complaints should initially attempt to resolve the problem by addressing the people directly involved.
- If disagreements cannot be resolved individually, the Principal or Executive Director may serve as mediator to resolve concerns and facilitate understanding.
- Problems that cannot be resolved with the Principal or Executive Director may be presented to the Charter Board of Directors for consideration. The issue should be stated in writing and should specify the prior attempts at resolution both individually and with the Principal or Executive Director. The Charter Board of Directors will investigate the complaint and make a decision according to the student's best interest.
- To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.

Parents of students served under Section 504 or IDEA will work closely with the special education teacher to ensure that services provided are in accordance with state and federal law, and the student's IEP. If parents choose to file a formal complaint in writing, the Executive Director and/or Charter Board of Directors will gather information and conduct an internal investigation according to the procedures outlined in the Utah State Board of Education's Special Education Rules Section IV.G. Within 30 days, a written statement of decision in regards to the complaint will be sent to the complainant and a copy will be sent to the State Director of Special Education. This statement will include the parent's right to appeal the decision to the USOE.

3406 Parent Involvement

The Board of Trustees (BOT) of Guadalupe Charter School believes that all parents and families want the best for their children and acknowledges research showing that children do best when parents are enabled to play five key roles in their children's learning:

- Teachers – Helping children at home
- Supporters – Contributing their skills to the school
- Advocates – Helping children receive fair treatment and quality education
- Decision-makers – Participating in joint problem-solving with the school
- (5) Monitors – Monitoring their child's academic progress.

The BOT recognizes parents/guardians are full partners with educators, administrators, and the Board to achieve the best possible learning experience for each child. A strong program of communication between home and school must be encouraged, continually evaluated and maintained so the school and community are connected in meaningful and productive ways.

Part I. – General Expectations

Guadalupe Center's school-wide Parental Involvement Policy establishes the school's expectations for parental involvement [Section 1118(a)(2), ESEA.] The policy is the outcome of joint development, and agreement, between school leaders and parents of participating children.

The Guadalupe Center agrees to implement the following statutory requirements:

- Guadalupe Center will put into operation programs, activities and procedures for the involvement of parents, consistent with section 1118 of the Elementary and Secondary Education Act (ESEA). Those programs, activities and procedures will be planned and operated with meaningful consultation with parents of participating children.
- Consistent with section 1118, Guadalupe Center will work to ensure that the required school-level parental involvement policies meet the requirements of section 1118(b) of the ESEA, and each include, as a component, a school-parent compact consistent with section 1118(d) of the ESEA.
- Guadalupe Center will incorporate this school wide parental involvement policy into its plan developed under section 1112 of the ESEA.
- In carrying out the Title I, Part A parental involvement requirements, to the extent practicable, Guadalupe Center will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under section 1111 of the ESEA in an understandable and uniform format and, including alternative formats upon request, and, to the extent practicable, in a language parents understand.
- If the LEA plan for Title I, Part A, developed under section 1112 of the ESEA, is not satisfactory to the parents of participating children, Guadalupe Center will submit any parent comments with the plan when it submits the plan to the Utah State Department of Education.
- Guadalupe Center will involve the parents of children served in decisions about how the 1 percent of Title I, Part A funds reserved for parental involvement is spent, should the Title IA allocation exceed \$500,000, and will ensure that not less than 95 percent of the one percent reserved goes directly to the school. [In 2012-13 the Title IA allocation to Guadalupe Center is \$66,462, well below \$500,000]
- Guadalupe Center will be governed by the following statutory definition of parental involvement:

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—

(A) That parents play an integral role in assisting their child's learning;

(B) That parents are encouraged to be actively involved in their child's education at school;

(C) That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child;

(D) The carrying out of other activities, such as those described in section 1118 of the ESEA.

Part II – Policies and Procedures

1. Guadalupe Center will take the following actions to involve parents in the joint development of its school wide Parental Involvement Plan (PIP) under section 1112 of the ESEA:

- Establish parental participation in the development and annual review of the School Wide Parental Involvement Plan (PIP), as described in 2006-07 Title I –Part A – LEA Plan. This plan is to be reviewed annually by the BOT.
- Additional parent input in the PIP development and review process will be solicited at general meetings of the parent involvement committee, and through questions included in parent opinion surveys.

2. Guadalupe Center will take the following actions to involve parents in the process of school review and improvement under section 1116 of the ESEA:

- Complete the school's annual Accountability Plan in conjunction with the Parental Involvement Committee, which includes performance measures for student achievement, parental involvement, and other topics then gain the Charter Board approval.
- Gather data and other information, then conduct an annual review of accomplishments as compared with performance measures, prepare and forward an annual report that will be presented to the Parental Involvement Committee and the Charter Board.

3. Guadalupe Center will provide the following necessary coordination, technical assistance, and other support in planning and implementing effective parental involvement activities to improve student academic achievement and school performance:

- Hire and support a Parent Coordinator, through the United Way of Salt Lake, whose responsibility is to manage parental involvement activities and serve the needs of parents so they may support their children to learn more effectively.
- Establish parental participation in the coordination, technical assistance, and other support in planning and implementing effective parental involvement activities by ensuring the presence of parents on the school's Charter Board, which includes responsibilities for creating and monitoring the school's Parental Involvement Plan.
- Develop, implement, and assess the outcome of educational, volunteer, and family support activities provided in the annual Parental Involvement Plan.
- Conduct performance and process assessments to determine the effectiveness of parental involvement activities. Analyze assessment outcomes and use results to inform follow up planning.

4. Since Guadalupe Center operates programs such as Pre-Kindergarten, Toddler Beginnings and In-Home, the Charter School will coordinate and integrate parental involvement strategies in Part A with parental involvement strategies under the following other programs by:

- Identify the Parent Coordinator's responsibilities in serving as a liaison to related pre-school programs and for managing parental involvement activities associated with them.
- Monitor, and assess preschool programs and their relationship to the Charter School's education program as provided in the annual Parental Involvement Plan by comparing actual with target outcomes, and by collecting and analyzing parental opinion.

5. Guadalupe Center will take the following actions to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the quality of the school. The evaluation will include identifying barriers to greater participation by parents in parental involvement activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). Guadalupe Center will use the findings of the evaluation about its parental involvement policy and activities to design strategies for more effective parental involvement, and to revise, if necessary (and with the involvement of parents) its parental involvement policies.

- Establish parental participation in the development and annual review of the Parent Involvement Policy and School Wide Parental Involvement Plan (PIP) by ensuring the presence of one or more parents on the school's Charter Board, which includes responsibilities for developing the school's Parental Involvement Policy and evaluating its content and effectiveness.
- Committee members administer a parent satisfaction survey, which is consistent with parent involvement performance measures presented in the school's Annual Report. They analyze the survey opinion, create venues for the presentation of survey outcomes to parents, their comments and combine them, and make recommendations concerning retentions and modifications to the policy, and offer strategies for improvement of parental involvement to the Charter Board each year in June.

Parents will carry out two roles in the process. First, one or two parents will contribute to the creation of parent involvement performance measures in the Accountability Plan, the Parent Involvement Policy, and Plan. They will participate in the refinement, administration, analysis and presentation of the parent opinion survey, and Second, all parents will have the opportunity to express their opinions about the parent involvement policy, plan, and programs in the survey. They will also be invited to respond a presentation of survey outcomes, and offer any other comments regarding the school's parental involvement process and programs they wish to make.

PART III. – Capacity Building for Parental Involvement

Guadalupe Center will build the school's and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, the parents, and the community to improve student academic achievement, through the following activities specifically described below:

4000 PERSONNEL

4100 ACTIVITIES

4101 Alcohol, Drug and Tobacco-free Workplace

In accordance with the Drug-Free Workplace Act of 1988, 34 CFR Part 85, Subpart F, Guadalupe will maintain and enforce a drug and alcohol-free workplace. The school will provide a safe and productive workplace free from possession, manufacture, use, or distribution of tobacco, alcohol, or illicit drugs.

I. Policy Objectives

- a. Guadalupe strives to provide employees with a safe, healthy, and productive work place. All employees are expected to report to work on time and in suitable physical and mental condition to perform assigned work duties safely and effectively. We intend to comply with applicable legal requirements regarding drugs or alcohol in the workplace. The unauthorized possession, distribution, purchase, sale, manufacture or use of illegal drugs or alcohol is also strictly prohibited. Off-the-job drug or alcohol use that may adversely affect work performance and/or safety is also prohibited. Violations of this policy are serious and may result in corrective action, up to and including termination.

II. Impairment

- a. Impairment is defined as being under the influence of alcohol, any drug, or the combined influence of alcohol and any prescription, over the counter or illegal drug to the degree that it impairs or adversely impacts the employee's ability to perform job duties, safely operate a vehicle, and/or equipment, or to be aware and alert.
- b. For purposes of this policy a positive drug test for marijuana, medical or otherwise, will constitute conclusive evidence of impairment.

III. Using Medications

- a. Employees are expected to use legally obtained substances, including consumer products, over the counter medicines, or prescribed medications, according to recommended/ prescribed use and dosage. Misuse of such substances; using an over the counter medication that is not legal in the U.S.; or using a prescribed medication that is not prescribed to you, is prohibited.
- b. Except as provided in Title 26, Chapter 61a, Utah Medical Cannabis Act, it is a violation of this policy to have a verified positive test for, but not limited to: marijuana, cocaine, opiates, phencyclidine (PCP), amphetamines and the metabolites of these drugs.
- c. Employees are responsible to inform any health care provider prescribing medication of their job requirements to avoid potential performance and/or safety problems at work. If the prescribed medication could affect job performance and/or safety, then the employee is responsible for notifying his or her supervisor immediately. With input from the employee, Guadalupe will determine if the employee should work in their regular job, be temporarily assigned to another job, or placed off-work.

IV. Using Illegal Drugs

- a. The unauthorized possession, transportation, distribution, purchase, sale, manufacture or use of illegal drugs is strictly prohibited. Illegal drugs include any federally controlled substance that an employee may not legally possess under both federal and/or state law.

V. Using Alcohol

- a. The use of alcoholic beverages by employees while working or on Company premises is inconsistent with the objective of working in a safe and efficient manner. No employee shall report for duty or remain on duty while having an alcohol concentration in excess of 0.02 breath alcohol concentration.
- b. No CDL employee may report for duty within four hours of consuming alcohol or consume any alcohol while on duty. Nor may a CDL employee report for duty or remain on duty while having a breath alcohol concentration in excess of 0.02.
- c. No employee may bring alcohol onto Guadalupe premises or property; exceptions require prior written approval by the Executive Director. To preserve brand integrity and maintain positive public relations, employees who drive Guadalupe owned vehicles with the Guadalupe logo visible, may not possess or transport alcohol in the vehicle at any time. Employees who drive Guadalupe leased or owned vehicles, where no Guadalupe logo is visible, may possess alcohol in closed containers for personal consumption while off duty, consistent with state motor vehicle laws. Employees who drive personal vehicles for Guadalupe business, where no Guadalupe logo is visible, may also possess alcohol in closed containers, consistent with state motor vehicle laws.
- d. At times, employees may attend social or business events where alcohol is served. Employees may drink alcohol at these events, but it is not acceptable to drink so much that one becomes impaired. When on Company business, it is important that employees behave responsibly and professionally. At no time should an employee operate a vehicle while impaired. Employees may not consume alcohol if they will be returning to work that same day.

VI. When Testing May Be Required

- a. Testing May Be Required - Applicants and current employees are required to submit to testing in the following circumstances as a condition of employment:
 - i. When an injury occurs on the job, if it has been determined there is a reasonable basis that drug or alcohol use by the employee could have contributed to the injury.
 - ii. When there is an accident involving a vehicle or machinery owned or leased by the Company
 - iii. When there is an accident involving a vehicle owned by the employee while conducting company business.

- iv. In instances of promotion or reclassification of employees into CDL positions.
 - v. During a DOT physical exam.
 - vi. When Guadalupe has reasonable suspicion to believe that an employee is under the influence of drugs or alcohol.
 - vii. On a periodic random basis.
 - viii. As a prerequisite to employment, after an offer has been extended conditional on the test results.
 - ix. As a requirement to return to duty following a positive test.
- b. In many of the above-reference circumstances, drug and/or alcohol testing is mandatory for CDL employees under 49 C.F.R. § 382:
 - c. Prospective CDL employees may undergo pre-employment drug testing prior to employment.
 - d. Company drug and alcohol testing is separate and independent of testing by law enforcement or any governmental agency. Thus, Guadalupe may require a drug or alcohol test even though a test has already been conducted by law enforcement or any governmental agency.

VII. Methods of Testing

- a. The Company may test for drugs or alcohol in a variety of ways: urine tests, breath tests, saliva tests, blood tests, or hair tests.
- b. All testing will be conducted at designated facilities by medical professionals and their staff ("Testing Sites"). "Testing Sites" will comply with all state and federal requirements and will conduct tests in a professional manner that respects the employee's privacy and preserves confidentiality. Except as required by 49 C.F.R. § 40.67, no employee may be directly observed while giving a urine sample. If the sample is determined to be diluted, the employee may be required to provide an additional urine sample. Testing facilities will maintain proper documentation and will follow proper chain-of-custody procedures. All urine tests of CDL employees will be by split specimen.
- c. The time current employees spend traveling to, waiting for, and undergoing drug and alcohol testing is considered compensable work time.
- d. A refusal to be tested may be grounds for termination. A refusal to be tested may consist of failure to report to the Testing Site when required, failure to provide a sample, failure to follow the instructions of or to cooperate with the individual(s) collecting the sample or conducting the test, or provision of an adulterated or substituted urine sample. For purposes of

disciplinary action, we will treat a refusal to be tested as a verified positive test.

VIII. Reasonable Suspicion

- a. Drug and alcohol tests may be conducted where Guadalupe reasonably believes the employee has in any way violated this policy on the basis of observable factors such as erratic or poor job performance, patterns of poor attendance, unusual appearance or behavior, or other information provided from reliable sources.
- b. Employees tested under this provision shall be removed from any role until the results of the tests have been reviewed by Human Resources and confirmed negative.

IX. Testing for Alcohol and Drugs

a. Positive Result

- i. A positive result on a drug test is a result that shows the presence of controlled substances above the cutoff concentrations set by the Federal Motor Carrier Safety Administration, which are found at 49 C.F.R. § 40.87, or as set by Guadalupe. A positive result must be confirmed by the Primary Laboratory through gas chromatography—mass spectrometry or another reliable scientific testing technique. A positive result will also be verified by Human Resources. Human Resources shall also review all medical records made available by the tested individual when a confirmed positive test could have resulted from legally prescribed medication. In the case of reasonable- suspicion testing or post-accident testing, the employee should be suspended from his or her duties on the basis of the suspicious behavior or the accident, unless and until the drug test shows a negative result. In the case of random testing, a positive result should not be communicated to Guadalupe management and should not form the basis for disciplinary action or suspension unless and until it is verified by Human Resources.

b. Testing Procedures

- i. Following an initial positive result, CDL-employees may request that their split specimen be sent to the Secondary Laboratory for confirmation testing. Employees must make this request within 72 hours of receiving notification of a positive result or a result of adulteration or substitution.
- ii. Following an initial positive result, non-CDL employees may request that their original sample undergo confirmation testing by the Secondary Laboratory. Employees must make this request within 7 days of receiving notification of a positive result or a result of adulteration or substitution.
- iii. Employees are responsible for the costs of confirmation testing by the Secondary Laboratory. However, if the results are negative, employees will be reimbursed by Guadalupe for these costs.

c. Consequences

- i. A positive result on a drug test (or a result that the sample was adulterated or substituted) may be grounds for termination, whether the test was requested or required by Guadalupe, the DOT, law enforcement, or another entity
- ii. Although a positive drug test may be grounds for termination, Human Resources may in its discretion, impose other disciplinary or rehabilitative measures in lieu of termination, including but not limited to (1) suspension without pay, (2) an approved rehabilitation, treatment, or counseling program, (3) return-to-duty testing, and/or (4) additional drug or alcohol testing as a condition of employment. The employee may be required to pay for rehabilitative treatment not provided through the Employee Assistance Program.
- iii. Under federal regulations, a CDL employee who tested positive for drugs must not resume CDL related functions until: (1) a substance abuse professional has evaluated the employee, provided written reports to Guadalupe, and certified that the employee has completed all recommended rehabilitation, treatment, and/or counseling; (2) the employee has undergone a return-to-duty drug test showing a negative result; and (3) the substance abuse professional has established a follow-up drug testing plan.
- iv. Under no circumstances may an employee who has tested positive for drugs be permitted to drive a vehicle owned or leased by Guadalupe for a period of one year. A prospective employee who tests positive for drugs will not be hired and will be ineligible to re-apply for employment with Guadalupe for one year.

d. Employee Rights

- i. Employees and prospective employees who test positive for drugs will be given written notice of the test result, including which drugs were found in the sample. Employees may be asked by Human Resources to provide a list of any prescription or non-prescription medication taken during the 30 days leading up to the drug test.
- ii. Employees will not be terminated or otherwise disciplined if Human Resources determines that a positive result was caused by legal use of a prescription or non-prescription medication.
- iii. Employees have the right to meet confidentially with Human Resources to discuss test results and to inform the representative of any information deemed relevant following a positive alcohol or drug test.

X. What measurement is considered Positive for an Alcohol test

a. What is a positive result?

- i. For CDL and non-CDL employees, a positive result on an alcohol test is a result that

shows a blood alcohol concentration greater than 0.02.

- ii. Following a positive result on a screening test that was conducted with a non-evidential device, a confirmation test is required. The confirmation test should be conducted no less than 15 minutes and no more than 45 minutes after the screening test. The confirmation test must be conducted with an evidential breath-testing device capable of producing printed test results. Printed results of the confirmation test must be provided to Guadalupe and to the employee.
- iii. Although a positive alcohol test may be grounds for termination, Human Resources in their discretion may impose other disciplinary or rehabilitative measures in lieu of termination. For a non-CDL employee, these measures may include but are not limited to (1) suspension without pay, (2) an approved rehabilitation, treatment, or counseling program, (3) return-to-duty testing showing a blood alcohol concentration below 0.02, and/or (4) additional alcohol testing as a condition of employment. The employee may be required to pay for rehabilitative treatment not provided through the Employee Assistance Program.
- iv. If the confirmation test for a CDL employee shows a blood alcohol concentration between 0.02 and 0.039, the CDL employee *must* be temporarily removed from (as defined at 49 C.F.R. 382.107) for a period of at least 24 hours.
- v. If the confirmation test for a CDL employee shows a blood alcohol concentration greater than 0.04, the CDL employee must be suspended from performing CDL related functions for an indefinite period and may be terminated. At a minimum, the CDL employee must not resume CDL functions until:
 1. A substance abuse professional has evaluated the employee and determined what rehabilitation is necessary, provided written reports of the evaluation and any rehabilitation to Guadalupe, and certified that the employee has completed all recommended rehabilitation, treatment, and/or counseling;
 2. The employee has undergone a return-to-duty alcohol test showing a blood alcohol concentration below 0.02; and
 3. The substance abuse professional has established a follow-up alcohol testing plan.
- vi. Under no circumstances may an employee who has tested positive for alcohol be permitted to drive a vehicle owned or leased by Guadalupe for a period of one year. A prospective employee who tests positive for alcohol will not be hired and will be ineligible to re-apply for employment with Guadalupe for one year.

b. Employee Responsibilities

- i. If employees test positive for alcohol, they may request a copy of the written test results. Employees may also request Human Resources to review the test results and/or discuss them. If employees would like their test results reviewed, they must contact Human Resources within five working days of being notified of their

test results.

- ii. In addition, all employees to whom an alcohol test is administered shall have the opportunity to notify Human Resources of any information that they deem relevant following a positive alcohol test. The employees shall also have the right, upon request, to meet with Human Resources in a confidential setting to discuss any such information.

XI. Reporting Arrests and Convictions

- a. If an employee is arrested or convicted for a drug or alcohol-related offense, she or he must report this incident in writing to Guadalupe's Human Resources Department within one (1) business day. Failure to do so may result in disciplinary action, up to and including termination of employment.

XII. Searches on Company Property

- a. Guadalupe reserves the right to search any employee's work area or Company vehicle, in accordance with federal, state and local laws. Discovery of alcohol or drugs that are not prescribed to the employee may result in disciplinary action up to and including termination of employment.

XIII. Records of Alcohol and Drug Testing

- a. The Company will maintain records of all drug and alcohol testing and related matters in accordance with 49 C.F.R. § 382.401.

XIV. Help for Employees

- a. Employees who may have drug or alcohol-related problems are encouraged to seek professional help, using our Company-sponsored confidential Employee Assistance Program (EAP.) Consistent with existing Company policy and current Company circumstances, employees may be granted a leave of absence if qualified under the Family & Medical Leave Act or the Americans with Disabilities Amendments Act to voluntarily seek professional help for alcohol or drug dependency.
- b. Leaves of absence should be requested prior to any events or circumstances which would warrant drug or alcohol testing under this policy. Employees should contact Human Resources for further information.
- c. Any employee who believes drug or alcohol test results are in error and desires a review of any action taken by Guadalupe under this policy may request that the matter be reviewed by Human Resources.

4102 Camera Cell phones

Guadalupe Center Board of Education recognizes that, depending on how it is used, a personal electronic device may be either valuable instructional tool or a source of disruption. In consideration of the advancement of technology and the prevalence of electronic devices in our society, the board allows the responsible use of cell phones and other electronic devices at school in accordance with all applicable state laws and school rules. Students who possess and/or use such devices at school or school sponsored events shall demonstrate the greatest respect for the educational environment and the rights and privacy of all individuals within the school community. Nonetheless, students and parents should carefully weigh the choice of whether or not to bring personal electronic devices to school as they can be damaged, lost, or stolen

4103 Class room conduct

Business and Workplace Ethics

Guadalupe strives to maintain a high standard of business and workplace ethics. Therefore, Guadalupe expects you to carry out the business of Guadalupe and your job in an ethical and legal fashion. Maintaining these standards of business conduct while you work at Guadalupe is vital to the success of all of us.

4105 Confidential Information

While working for Guadalupe, employees may be trusted with confidential information. Confidential information is typically, but not limited to, information:

- generally unavailable to the public
- involving students, budgets, and future plans
- available to employee in the course of his/her work

Employee must respect the complete confidentiality of such business information at all times. Treat such information with the strictest confidence. Thus:

- Do not use confidential business information to advance own personal interests through investments or in any other way.
- Do not give confidential information to outsiders.
- Do not give such information to fellow employees whose duties do not require that they receive the information.

Following these guidelines will help employee to maintain Guadalupe's trust and confidence.

Employees who violate any aspect of this policy may be subject to disciplinary action up to and including termination.

4106 Dating Between Employees

Guadalupe has adopted this policy in recognition of its responsibility to provide guidelines on romantic and sexual relationships with other employees and to caution employees about the potential problems posed by such relationships. These problems include conflicts of interest, interference with the productivity of co-workers, and potential charges of sexual harassment. They can be particularly serious in situations in which one person has a position of authority over the other, such as in a supervisor-subordinate relationship.

Guadalupe does not prohibit consensual romantic relationships between employees, but it does impose the following restrictions:

- Guadalupe strongly discourages supervisors from engaging in romantic or sexual relationships with subordinates and requires the supervisor to disclose the existence of such a relationship. Additionally, supervisors are required to take steps to resolve any actual or potential conflict of interest or impropriety created by the relationship.
- All employees must avoid romantic or sexual relationships with other employees that create conflicts of interest, potential charges of sexual harassment, or discord or distractions that interfere with other employees' productivity.
- Any romantic relationship between a supervisor and subordinate employee must be disclosed by the supervisor to the Executive Director. The administration must assess the situation and make a recommendation to resolve any actual or potential conflict of interest or impropriety created by the relationship. The recommendation can require the dating couple to determine which partner will resign.

Failure to make required disclosures or comply with a recommendation to resolve a conflict with this policy can result in disciplinary action up to and including termination.

4107 Disciplinary Action

List of Conduct Standards

Guadalupe believes in appropriate standards of conduct for all our employees. If all of us observe these standards, we can operate efficiently and work together harmoniously. Thus, we expect you to follow high standards of fairness in dealing with other employees and with Guadalupe as a whole. Employees who do not follow the expected standards of conduct may be subject to disciplinary action up to and including termination.

If employees fail to respond to or fail to make positive efforts toward improvement, corrective action may ensue, including termination of employment.

It is the policy of Guadalupe to regard discipline as an instrument for developing total job performance rather than as punishment. Corrective action is one tool that the organization may select to enhance job performance. Guadalupe is not required to take any disciplinary action before making an adverse employment decision, including discharge. Corrective action may be in the form of a written or oral reprimand, notice of inadequate job performance, suspension, discharge or in any combination of the above, if the organization so elects. Guadalupe reserves its prerogative to discipline, and the manner and form of discipline, at its sole discretion.

If employees violate established organization procedures, guidelines, or exhibit behavior that violates commonly accepted standards of honesty and integrity or creates an appearance of impropriety, Guadalupe may elect to administer disciplinary action.

These systems are to be used solely for job-related purposes.
- **Guadalupe discourages the use of Guadalupe property to send Electronic Communication for purposes other than business purposes;** however, Guadalupe recognizes that from time to time it may be necessary to send personal Electronic Communication. While personal use is not specifically prohibited, it should be kept to a minimum and is subject to the same procedures and policies outlined for business use.

4109 Employee Dress Code

Guadalupe employees may dress in a manner that is not offensive yet reflects their own personal style while adhering to the guidelines outlined in this policy when at work or representing Guadalupe. All employees, regardless of the department they work in, are to be dressed and groomed to a standard appropriate for a professional education organization where children are present and may be influenced by adult interaction.

Personal Appearance

This policy has been established so that employees will present themselves in a decent and respectful manner consistent with the culture of Guadalupe, and to maintain necessary safety standards and regulations. If Guadalupe determines that the employee's attire does not meet the appearance standards, the employee will be required to leave the site and return in attire conforming to the standards.

The dress code for Guadalupe's personnel is meant to be a reflection of our professionalism and respect for the people we serve. A few guidelines are listed below to insure this philosophy is met:

- Basic appearance should always be neat, clean, and of a professional nature. Attire should be modest with no visible holes or tears, and should not promote anything profane, vulgar or offensive.
- Casual attire may be considered acceptable attire for some job positions, but should always be in good condition and appropriate to the job function.

Employees are expected to manage personal hygiene habits to ensure cleanliness and avoid body odors.

- Strong perfume, cologne or lotions should not be used.
- Hair must be well groomed and appropriately restrained so not to come in contact with others.
- Facial hair must be well-groomed. In nutritional areas, facial hair must not interfere with the ability to properly perform job functions or use required Personal Protective Equipment (PPE).
- Visible tattoos that are offensive are strictly prohibited at Guadalupe and must be covered using a suitable method.
- Employees should wear jewelry, gauges, or earrings that do not impair the ability to perform job functions, interfere with work, or pose a safety hazard to others.

Dressing in a manner that is controversial or provocative is not appropriate at any time.

Failure to comply with this policy may result in appropriate disciplinary action, up to and including termination of employment.

4110 Employee Progressive Discipline Policy

Policy brief & purpose

Our Progressive Discipline policy outlines the steps we will take to address an employee's misconduct.

We recognize that people make mistakes and our employees may not always follow our policies closely. We want to give our employees a chance to correct their behavior when possible and assist them in the process. We also want to ensure that serious offenses are thoroughly investigated and dealt with.

Scope

This policy applies to all our employees.

Policy elements

Our disciplinary process has four steps of increasing strictness. These steps are:

1. Verbal warning - Informal meeting with supervisor
2. Written warning - Formal reprimand with HR involvement
3. Final written disciplinary meeting with HR
4. Termination – with HR

All these phases are official and supervisors should document them. HR must receive all records of the process from step 1 onwards.

Supervisors should let employees know when they launch a progressive discipline procedure. For example, pointing out a performance issue is not necessarily a verbal warning and may be part of the regular feedback an employee receives. If supervisors judge that a progressive disciplinary process is appropriate, they must clarify this to their team member and document the step.

Each step may be repeated instead of moving forward to the next step at HR or a manager's discretion. For example, a supervisor may choose to have more than one informal meeting with their employees (step 1) before they ask HR to be included in a formal reprimand (step 2.) Supervisors can make the decision to repeat a step if they:

- Feel that the step was not properly executed the first time.
- See signs of improvement in their employee and want to help them further.
- Believe conditions or parameters change enough to make repeating the step necessary.

Explaining the steps

Step 1: When a supervisor or HR issues a verbal warning to an employee, they should do so privately. When appropriate, they should provide that employee with a copy of the company policy they violated, and explain our progressive discipline steps. Supervisors should provide employees with any coaching or advice they need.

Employees have at least 30 days to correct their behavior before step 2 takes effect.

Step 2: A supervisor and HR representative discusses corrective actions with an employee. Employees should receive actionable feedback on how to deal with an unintentional violation. They can review coaching or mentoring methods.

Employees have 30 days to correct their behavior before step 3 takes effect.

Step 3: Employees will be called in for a formal disciplinary meeting with HR and their supervisor. They will have the chance to explain their side and HR is obliged to investigate, if needed. HR must clarify that this is the final step before an employee is penalized. This step encompasses any penalties that employees will receive. This usually includes deduction of certain perks and benefits (as long as they are not mandatory by law.) It may also include suspension without pay or demotion for serious offenses. We will still provide counseling in this stage if appropriate (e.g. minor cases of substance abuse.) We will apply this step uniformly and fairly. It will not result in adverse impact for protected groups.

Employees must correct their behavior immediately, or step 4 takes effect.

Step 4: Employees who continue to violate our policies, either voluntarily or involuntarily, by this stage will be terminated. This step will follow an official investigation by HR (or legal authorities when appropriate) to ensure that terminating an employee is fair. A termination for cause will refer to employees who were guilty of severe violations or felonies.

How to invoke progressive discipline

The progressive discipline process may begin from a different step, according to the severity of an employee's misconduct:

Performance issues. Procedure starts at stage 1. Examples are:

- Absenteeism.
- Disregarding deadlines.
- Lack of knowledge of performance of duties and standards.

Minor offenses (one-time). Procedure starts at stage 1. Examples are:

- On-the-job minor mistakes.
- Breach of dress code or smoking policy.

Serious misconduct/ Repeating an offense for which a progressive discipline procedure already took place. Procedure starts at stage 2. Examples are:

- On-the-job major mistakes.
- Rudeness to customers or staff.
- Unwillingness to follow Health & Safety standards

Severe violations. Procedure starts at stage 2. Examples are:

- Substance abuse.
- Offensive behavior.
- Retaliation against an employee.

Illegal behavior. Procedure starts at step 3 and 4. Examples are:

- Corruption/ Bribery.
- Sexual Harassment.
- Workplace Violence.
- Embezzlement/Fraud.

HR/Program Heads can skip any of the steps if they believe they are obsolete. For example, if an employee has received several formal reprimands for the same offense, HR/Program Heads may choose to terminate them directly. Or an employee may be directly suspended for a short period as a punishment.

This policy is meant to provide general guidelines. Our company reserves the right to treat circumstances in a different way from that described in this policy. But, we are always obliged to act fairly and lawfully and document every stage of the progressive discipline process.

Right to appeal

Employees who were not terminated for cause or were not found guilty for illegal behavior may file an appeal. For example, if an employee thinks they were demoted unfairly, they can bring this issue to the attention of HR. HR will evaluate the situation and may organize a hearing.

Preventing progressive discipline

Disciplining an employee is never a pleasant task. For the sake of everyone involved, we will take actions to prevent the need for disciplinary action. We will:

- Communicate our policies and Code of Conduct clearly to all new hires.
- Announce any revisions or changes in our policies to all our employees in a formal manner (e.g. emails, newsletters.)
- Use frequent employee performance meetings to address issues before they become problems.
- Train supervisors to communicate, enforce and abide by policies.
- Train employees in certain policies and procedures.

Establish a culture of respect and collaboration.

4111 Equal Employment and Anti-Harassment

Guadalupe will extend equal employment and advancement opportunities to all qualified individuals regardless of their race, color, age (40 and over), sexual orientation, gender identification, pregnancy, religion, disability, national origin, ethnic background, genetic status, military service, and/or citizenship, or any other classification protected by applicable local, state or federal law.

All personnel are reminded that each employee is at all times to be treated courteously by fellow employees, so that he or she is free from harassment or interference based on factors such as those mentioned above. Harassment is defined as unwelcome or unsolicited verbal, physical or sexual conduct which interferes with an employee's job performance or which creates an intimidating, hostile work environment. This includes conduct directed at you while working by non-employees or away from the office or during Guadalupe-sponsored events. Examples of what may be considered harassment, depending on the circumstances, are:

- Questions or comments that unnecessarily infringe on personal privacy or offensive, sexist, off-color or sexual remarks, jokes, slurs or propositions or comments that disparage a person or group on the basis of race, color, age (40 and over), sexual orientation, pregnancy, gender identification, disability, national origin, ethnic background, genetic status, military service or citizenship or any other characteristic protected by applicable law.
- Derogatory or suggestive posters, cartoons, photographs, calendars, graffiti, drawings, other material, or gestures.
- Inappropriate touching, hitting, pushing or other aggressive physical contact or threats to take such action.
- Unsolicited sexual advances, requests, or demands, explicit or implicit, for sexual favors.

Employees who violate this policy will be subject to discipline up to and including discharge. Anyone who feels that he or she has been discriminated against or harassed should report such incidents to the Executive Director or the President of the Board of Trustees. All charges of violation of this policy will be investigated promptly. The confidentiality of persons reporting violations will be respected insofar as is practicable in conducting an investigation of such claims. There shall be no retaliation taken against persons filing such complaints.

4120 Employee Attendance Policy

Policy brief & purpose

Our **employee attendance policy** outlines our expectations about our employees' coming to work. Being punctual when coming to work helps maintain efficiency in our workplace.

Scope

This company attendance policy applies to all nonexempt employees regardless of position or type of employment.

Policy elements

Most employees need to collaborate with their colleagues to do their job. To make this collaboration easier, we expect you to be punctual and follow the schedule you and your Supervisor have agreed on. If you are absent or late on occasion, you should have a good reason.

Being consistently tardy or absent can cause problems to your colleagues who may have to shoulder your work. This behavior may bring about a "bad attendance" record and you may need to go through progressive discipline.

What is absenteeism and tardiness?

Absenteeism refers to frequent absence from an employee's job responsibilities. This includes not coming to work frequently or taking excessive sick time without being able to submit doctor's notes.

Presenteeism refers to being present at work beyond your schedule even when we don't require overtime. This can cause you to overwork and have an impact on your productivity and job satisfaction. We want to ensure that you keep your schedule both when coming to work and leaving.

Tardiness refers to coming in late, taking longer breaks than you're entitled to and constantly leaving earlier from work without reason. We probably won't mind if you're a bit late one morning or leave a little earlier on a Friday. But, we want to make sure you generally follow your schedule and you don't cause disruption in our workplace.

You are responsible for monitoring your working hours through our iSolved. Please be diligent in recording your hours, so you can receive your due payment.

Unforeseen absences

If you can't come in to work one day, notify your supervisor as soon as possible. If your supervisor is unavailable, contact HR instead. Afterwards, you should draw from your remaining PTO or personal leave to cover this absence. Please record this in iSolved as quickly as possible. Unexcused or unreported absence for more than three days will be considered job abandonment. If you need to leave work early one day, inform your supervisor.

We will understand if you have good reasons for being absent, even if you don't report it. Those reasons usually involve serious accidents and family or acute medical emergencies. We may ask you to bring us doctor's notes or other verification. In these cases, we will record your absence as "excused."

The following list, although not exhaustive, includes reasons that we don't consider excused absence:

- Waking up late.

- Stopping on the way to work for personal reasons.
- Traffic or public transportation delays excluding situations that result in closing of roads.
- Bad weather, excluding extreme weather conditions like blizzards, hurricanes and floods.
- Unscheduled days off that haven't been approved.

Good attendance

Employees who have less than five incidents of absenteeism or tardiness in a year will receive an additional paid day off for next year. You have a good attendance record when you:

- Report consistently to work.
- Come to work at the scheduled shift start time.
- Leave work at the scheduled shift end time.
- Remaining at work during working hours (excluding breaks.)
- Take breaks that don't exceed an expected length.
- Notify your supervisor when you need to be absent or late.
- Be absent or late with good reasons only.

Supervisor's responsibility

If you manage employees you are responsible to monitor their attendance. If you notice that a team member is consistently late or absent, arrange a private meeting to discuss. Ask your team member whether they experience issues with their schedule or whether they need help balancing their personal lives with work. If you perceive a possible mental health issue that results in absenteeism or tardiness, ask your team member to contact our Human Resources and discuss what we can do to help them.

If you suspect that your team member abuses their sick leave or is willfully tardy, you should inform HR and start a progressive discipline process.

Disciplinary action

If your supervisor suspects you abuse your sick leave, you may need to submit doctor's notes to avoid our progressive discipline process. If you're being tardy unintentionally, corrective counseling will be our first attempt at a solution. We may take disciplinary action that goes up to and including termination if:

- Corrective counseling doesn't work.
- We find that you are willfully tardy.
- Your tardiness or absenteeism impacts your work.

Unexcused and unreported absences don't count as hours worked, so we won't compensate them.

4203 FLSA Eligibility Requirements

The Fair Labor Standards Act ("FLSA") is commonly known as the Wage and Hour Law. This law requires employers to comply with certain regulations on behalf of their employees. Certain salaried employees are exempt from the regulations of FLSA. Hourly employees and some salaried employees, on the other hand, have certain rights under FLSA and must be paid overtime.

Exempt employees include such salaried workers as professional, executive, administrative, and outside sales personnel. These employees are exempt from the minimum wage and overtime requirements of FLSA. Certain other employees are considered "nonexempt" and are entitled to FLSA protection.

Guadalupe employs salaried full-time employees, salaried employees who work only during the academic year, and hourly nonexempt employees.

Salaried, full time employees work a 12-month schedule and include: Executive Director, Principal, Adult Education Director, Development Director, Business Manager, Development Assistant, Accounting Assistant, and Parent Educator Coordinator.

Salaried, academic year employees work the agreed upon days, which is usually from the middle of August through May of the following year. These exempt employees may elect to be paid on a 10-month basis or a 12-month basis. These employees include: Charter Teachers, Preschool Lead Teacher, and Toddler Beginnings Coordinator.

Hourly nonexempt employees work for specified, pre-approved hours at specific tasks. These employees include Adult Ed ESL Specialists, Parent Educators, Charter Paraprofessionals, Adult Ed Floor Manager, Adult Ed Babysitters, Adult Ed Kitchen Aide, Adult Ed Van Driver, Administrative Assistant, Secretary/Receptionist, Toddler Beginnings Instructors, Food Service Director, Kitchen Assistant, Bus Drivers and any other miscellaneous or casual labor. Also includes employees that work half-time or job share a position.

4204 Jury and Witness Duty Leave

In recognition of its duty to the community and your obligation as a citizen, Guadalupe gives time off for jury/witness service. During such period of jury duty, you will be paid the difference between your jury pay and the amount you would otherwise have earned. If you are serving jury duty, you must obtain a pay voucher on a weekly basis from the Clerk of the Court and turn this voucher into your supervisor for reimbursement. You should report to work when jury duty is cut short, leaving you free to work some of your regular hours at your regular work time. If you receive a notice to appear for jury/witness duty, contact your supervisor immediately.

4205 Military Leave of Absence

If you are called for temporary military duty, such as a call to an active National Guard or U.S. Reserve Unit, Guadalupe will grant you military leave as required by law. At least two weeks before you leave, give your supervisor evidence of your orders. Your amount of non-paid leave will not exceed the amount of time stated by your order. Exempt employees will receive paid leave offset by their military pay.

4206 Paid Time Off (PTO)

Paid time off is time that an employee may take time off for absences such as vacations, illness, funerals, marriage, etc. There are two separate PTO schedules for School-year employees and Year-round employees.

School-year Employees – must be scheduled for at least 30 hours per week from August (school starts) until May/June (school ends). PTO for school-year employees accrue at 1/10 of the annual allotment for each month of service from the following schedule:

- After initial hire , 1/10 of annual allotment for each month of service.
- One (1) to five (5) years: 5 days
- Five (5) to fifteen (10) years: 7 days
- Fifteen (15) years and over: 10 days

Carry-over limits - Carry-over amounts are determined on June 30 of the fiscal year. Carry-over limit is 5 days for all school year employees.

Year-round Employees – must be scheduled for at least 30 hours per week. PTO for year-round employees accrue at 1/12 of the annual allotment for each month of service from the following schedule:

- After initial hire , 1/12 of annual allotment for each month of service
- One (1) to five (5) years: 10 days
- Five (5) to fifteen (15) years: 15 days
- Fifteen (15) years and over: 20 days

Carry-over limits - Carry-over amounts are determined on June 30 of the fiscal year. Carry-over limit is 10 days for all year round employees.

Employees may not use PTO unless it has been accrued. PTO does carry over from year to year depending on the carry-over limits. Employees that terminate employment with the requested two weeks' notice will be paid for their accrued PTO.

All paid leave, except for illness or bereavement, must be approved at least two weeks in advance by employee's supervisor. To request such approval, employee needs to submit a request in writing to his/her supervisor. Guadalupe will attempt to comply with employee's choice of paid leave dates, but paid leave may be modified depending on Guadalupe's needs.

4207 Paid vs. Unpaid Leave

Exempt employees are granted a set number of paid leave days per year, as outlined in individual salary agreements. Professional teaching staff is paid annually for teaching a set number of days. When a teacher has exceeded the number of paid leave days authorized and the teacher is absent, the teacher's salary will be reduced by his or her corresponding daily rate equal to time missed from required work time.

For non-teaching exempt employees, missed work days exceeding the authorized leave days will first be counted as vacation time. If the employee misses work with authorization, exceeding vacation time, then the daily rate of pay will be subtracted from the paycheck following the absences.

4208 Bereavement Leave

2. Rationale for Policy

Guadalupe is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, that are free from sexual harassment and retaliation. To ensure compliance with federal and state civil rights laws and regulations, and to affirm its commitment to promoting the goals of fairness and equity in all aspects of the educational program or activity, Guadalupe has developed internal policies and procedures that provide a prompt, fair, and impartial process for those involved in an allegation of sexual harassment or retaliation. Guadalupe values and upholds the equal dignity of all members of its community and strives to balance the rights of the parties in the grievance process during what is often a difficult time for all those involved.

3. Applicable Scope

The core purpose of this policy is to prohibit sexual harassment and retaliation. When an alleged violation of this policy is reported, the allegations are subject to resolution using the process as detailed below.

When the Respondent is a member of Guadalupe community, a grievance process may be available regardless of the status of the Complainant, who may or may not be a member of the Guadalupe community. This community includes, but is not limited to, students,² student organizations, teachers, administrators, staff, and third parties (such as parents/guardians, guests, visitors, volunteers, invitees, contractors, and consultants).

² For the purpose of this policy, Guadalupe defines "student" as any individual who is registered for or enrolled in a school program or any individual who has accepted an offer of admission, and who maintains an ongoing relationship with Guadalupe.

The procedures below may be applied to incidents, to patterns, and/or to the school climate, all of which may be addressed and investigated in accordance with this policy.

4. Title IX Coordinator

The Charter Business Manager serves as the Title IX Coordinator and oversees implementation of this policy. The Title IX Coordinator has the primary responsibility for coordinating Guadalupe's efforts related to the intake, investigation, resolution, and implementation of supportive measures to stop, remediate, and prevent sexual harassment and retaliation prohibited under this policy.

5. Independence and Conflict-of-Interest

The Title IX Coordinator manages the Title IX Team and acts with independence and authority free from bias and conflicts of interest. The Title IX Coordinator oversees all resolutions under this policy and these procedures.

The members of the Title IX Team are vetted and trained to ensure they are not biased for or against any party in a specific case or biased for or against Complainants and/or Respondents, generally.

To raise any concern involving bias or conflict of interest by the Title IX Coordinator, contact the Executive Director. Concerns of bias or a potential conflict of interest by any other Title IX Team member should be raised with the Title IX Coordinator.

Reports of misconduct committed by the Title IX Coordinator should be reported to the Executive Director or designee. Reports of misconduct committed by any other Title IX Team member should be reported to the Title IX Coordinator.

6. Administrative Contact Information

- 3) Report online, using the reporting form posted at [<https://publicportal.eeoc.gov/Portal/Login.aspx>]. Reports may be made anonymously but may result in a need to investigate. Guadalupe tries to provide supportive measures to all Complainants, which is often not possible with an anonymous report. Know that reporting carries no obligation to file a Formal Complaint, which would trigger a formal response. Guadalupe respects

requests from Complainants to dismiss complaints unless there is a compelling threat to health and/or safety, criminal activity, child abuse, and/or the Respondent is an employee.

A Formal Complaint means a document submitted or signed by the Complainant or their parent/guardian or signed by the Title IX Coordinator alleging a policy violation by a Respondent and requesting that Guadalupe investigate the allegation(s). The school's formal complaint form can be accessed at <https://guadschool.org/title-ix/>.

A complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information above, or as described in this section. As used in this paragraph, the phrase "document filed by a Complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by Guadalupe) that contains the Complainant's, or their parent/guardian's, physical or digital signature, or otherwise indicates that the Complainant, or their parent/guardian, is the person filing the complaint, and requests that Guadalupe investigate the allegations.

If a complaint is submitted in a form that does not meet this standard, the Title IX Coordinator will contact the Complainant, and/or their parent/guardian, to ensure that it is filed correctly.

8. Supportive Measures

Guadalupe will offer and implement appropriate and reasonable supportive measures to the parties upon notice of alleged sexual harassment and/or retaliation.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the parties. Supportive measures are designed to restore or preserve access to Guadalupe's education program or activity, including measures designed to protect the safety of all parties or Guadalupe's educational environment, and/or deter sexual harassment and/or retaliation.

The Title IX Coordinator promptly makes supportive measures available to the parties upon receiving notice or a complaint. At the time that supportive measures are offered, Guadalupe will inform the Complainant, in writing, that they may file a formal complaint with Guadalupe either at that time or in the future, if they have not done so already.

A member of the Title IX Team works with the Complainant and/or their parent/guardian, if a minor to ensure that their wishes are considered with respect to the supportive measures that are planned and implemented.

Guadalupe will maintain the privacy of the supportive measures so long as the privacy does not impair Guadalupe's ability to provide the supportive measures. Guadalupe will reduce the academic/occupational impact on the parties as much as possible. Guadalupe will implement measures in a way that does not unreasonably burden the other party.

These actions may include, but are not limited to:

- Referral to counseling, medical, and/or other healthcare services
- Referral to the Employee Assistance Program
- Referral to community-based service providers
- Visa and immigration assistance
- Education to the school community or community subgroup(s)
- Altering work arrangements for employees
- Safety planning
- Providing school safety escorts
- Providing transportation accommodations
- Implementing contact limitations (no contact orders) between the parties
- Academic support, extensions of deadlines, or other course/program-related adjustments

- Trespass, Persona Non Grata (PNG), or Be-On-the-Lookout (BOLO) orders
- Class schedule modifications, withdrawals, or leaves of absence
- Increased security and monitoring of certain areas of the school
- Any other actions deemed appropriate by the Title IX Coordinator

Violations of no contact orders will be referred to appropriate student or employee conduct processes for enforcement.

9. Emergency Removal

Guadalupe can act to remove a student Respondent entirely or partially from its education program or activities on an emergency basis when an individualized safety and risk analysis has determined that an immediate threat to the physical health or safety of any student or other individual justifies removal.

This risk analysis is performed by the Title IX Coordinator in conjunction with the Title IX Team, Executive Director, Program Director and/or the School Counselor using its standard objective violence risk assessment procedures. In cases when an emergency removal involves a student with a disability who is receiving services under an Individualized Education Program (IEP), this risk analysis will also be performed in conjunction with the student's IEP Team and may present the need for a manifestation determination.

In all cases in which an emergency removal is imposed, the student and parent/guardian will be given notice of the action and the option to request to meet with the Title IX Coordinator prior to such action/removal being imposed, or as soon thereafter as reasonably possible, to demonstrate why the action/removal should not be implemented or should be modified.

This meeting is not a hearing on the merits of the allegation(s), but rather is an administrative process intended to determine solely whether the emergency removal is appropriate. A student Respondent may be accompanied by an Advisor of their choice during the meeting. The student Respondent will be given access to a written summary of the basis for the emergency removal prior to the meeting to allow for adequate preparation. A Complainant and their Advisor may be permitted to participate in this meeting if the Title IX Coordinator determines it is equitable to do so.

When this meeting is not requested within (5) five days, objections to the emergency removal will be deemed waived, except as below.

In cases when an emergency removal involves a student with a disability who is receiving services under an IEP, this meeting can serve as the student's manifestation determination hearing and will be conducted in accordance with the requirements of the Individuals with Disabilities Education Act (IDEA). The student will not have to request such a meeting as it will be scheduled and held within ten (10) days of the decision to implement the emergency removal. If it is determined that an emergency removal is necessary for more than ten (10) school days, that would constitute a change in placement and would be addressed in accordance with the requirements of the IDEA.

This section also applies to any restrictions that a coach or athletic administrator may place on a student-athlete arising from allegations related to Title IX. There is no appeal process for emergency removal decisions.⁵

The Title IX Coordinator has sole discretion under this policy to implement or stay an emergency removal and to determine the conditions and duration. Violation of an emergency removal under this policy will be grounds for discipline, which may include expulsion.

Guadalupe will implement the least restrictive emergency actions possible in light of the circumstances and safety concerns. As determined by the Title IX Team, these actions could include, but are not limited to: temporarily re-

⁵ The results of the manifestation determination can be appealed in accordance with the requirements under the IDEA.

assigning an employee, restricting a student's or employee's access to or use of facilities or equipment, changing transportation arrangements, authorizing an administrative leave, and suspending a student's participation in extracurricular activities, student organizational leadership, or athletics.

At the discretion of the Title IX Coordinator, alternative coursework options may be pursued to ensure as minimal an academic impact as possible on the parties.

Where the Respondent is an employee, existing provisions for interim action are applicable.

10. Promptness

All allegations, whether by notice or formal complaint, are acted upon promptly. Complaints can take 30-60 business days to resolve, typically. There are always exceptions and extenuating circumstances that can cause a resolution to take longer, but Guadalupe will avoid all undue delays within its control.

Any time the general timeframes for resolution outlined in Guadalupe procedures will be delayed, Guadalupe will provide written notice to the parties of the delay, the cause of the delay, and an estimate of the anticipated additional time that will be needed as a result of the delay.

11. Privacy

Every effort is made by Guadalupe to preserve the privacy of reports.⁶ Guadalupe will not share the identity of any individual who has made a report or complaint of harassment or retaliation, any Complainant, any individual who has been reported to be the perpetrator of sexual harassment or retaliation, any Respondent, or any witness, except as permitted by the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 1232g; FERPA regulations, 34 CFR part 99; or as required by law; or to carry out the purposes of 34 CFR Part 106, including the conducting of any investigation, hearing, or grievance proceeding arising under these policies and procedures.

Guadalupe reserves the right to determine which Guadalupe officials have a legitimate educational interest in information about incidents that fall within this policy, pursuant to the Family Educational Rights and Privacy Act (FERPA).

12. Jurisdiction of Guadalupe

This policy applies to the education program and activities of Guadalupe, to conduct that takes place within school or on property owned or controlled by Guadalupe, or at Guadalupe-sponsored events. The Respondent must be a member of Guadalupe's community in order for its policies to apply.

This policy can also be applicable to the effects of out-of-school misconduct that effectively deprive someone of access to Guadalupe's educational program. Guadalupe may also extend jurisdiction to out-of-school and/or to online conduct when the Title IX Coordinator determines that the conduct affects a substantial Guadalupe interest.

Regardless of where the conduct occurred, Guadalupe will address notice/complaints to determine whether the conduct occurred in the context of its employment or educational program or activity and/or has continuing effects on school or in an out-of-school sponsored program or activity. A substantial Guadalupe interest includes:

⁶ **Privacy** means that information related to a complaint will only be shared with the parties, their advisors, and a limited number of Guadalupe employees who "need to know" in order to assist in the assessment, investigation, and resolution of the report. All employees who are involved in the Recipient's response to notice under this policy receive specific training and guidance about sharing and safeguarding private information in accordance with state and federal law. The privacy of student education records will be protected in accordance with the Family Educational Rights and Privacy Act ("FERPA"), as outlined in the Recipient's Student Records Policy. The privacy of employee records will be protected in accordance with Human Resources policies.

- a. Any action that constitutes a criminal offense as defined by law. This includes, but is not limited to, single or repeat violations of any local, state, or federal law;
- b. Any situation in which it is determined that the Respondent poses an immediate threat to the physical health or safety of any student or other individual;
- c. Any situation that materially and substantially interferes with the requirements of appropriate discipline in the operation of the school; and/or
- d. Any situation that is detrimental to the educational interests or mission of Guadalupe.

If the Respondent is unknown or is not a member of the Guadalupe community, the Title IX Coordinator will assist the Complainant in identifying appropriate school and local resources and support options and/or, when criminal conduct is alleged, in contacting local law enforcement if the individual would like to file a police report.

Further, even when the Respondent is not a member of Guadalupe's community, supportive measures, remedies, and resources may be accessible to the Complainant by contacting the Title IX Team.

In addition, Guadalupe may take other actions as appropriate to protect the Complainant against third parties, such as barring individuals from Guadalupe property and/or events.

All vendors serving Guadalupe through third-party contracts are subject to the policies and procedures of their employers and to these policies and procedures to which their employer has agreed to be bound by their contracts.

When the Respondent is enrolled in or employed by another school, or institution of higher education, the Title IX Coordinator can assist the Complainant in liaising with the appropriate individual at that school or institution, as it may be possible to allege violations through that school or institution's policies.

13. Time Limits on Reporting

There is no time limit on providing notice/complaints to the Title IX Coordinator. However, if the Respondent is no longer subject to Guadalupe's jurisdiction and/or significant time has passed, the ability to investigate, respond, and provide remedies may be more limited or impossible.

Acting on notice/complaints significantly impacted by the passage of time (including, but not limited to, the rescission or revision of policy) is at the discretion of the Title IX Coordinator, who may document allegations for future reference, offer supportive measures and/or remedies, and/or engage in informal or formal action, as appropriate.

When notice/complaint is affected by significant time delay, Guadalupe will typically apply the policy in place at the time of the alleged misconduct and the procedures in place at the time of notice/complaint.⁷

14. Online Sexual Harassment and/or Retaliation

The policies of Guadalupe are written and interpreted broadly to include online manifestations of any of the behaviors prohibited below, when those behaviors occur in or have an effect on Guadalupe's education program and activities or use Guadalupe networks, technology, or equipment.

⁷ There is an argument to be made to apply current policy definitions to past misconduct, but such an approach would have to be consented to by the parties and/or carefully vetted with legal counsel.

Although Guadalupe may not control websites, social media, and other venues in which harassing communications are made, when such communications are reported to Guadalupe, it will engage in a variety of means to address and mitigate the effects.

Members of the community are encouraged to be good digital citizens and to refrain from online misconduct, such as feeding anonymous gossip sites, sharing inappropriate content via social media, unwelcome sexual or sex-based messaging, distributing or threatening to distribute revenge pornography, breaches of privacy, or otherwise using the ease of transmission and/or anonymity of the Internet or other technology to harm another member of Guadalupe community.

Public Recipients: Any online posting or other electronic communication by students, including cyber-bullying, cyber-stalking, cyber-harassment, etc., occurring completely outside of Guadalupe's control (e.g., not on Guadalupe networks, websites, or between Guadalupe email accounts) will only be subject to this policy when such online conduct can be shown to cause a substantial in-program disruption or infringement on the rights of others.

Otherwise, such communications are considered speech protected by the First Amendment. Supportive measures for Complainants will be provided, but protected speech cannot legally be subjected to discipline.

Out-of-school harassing speech by employees, whether online or in person, may be regulated by Guadalupe typically only when such speech is made in an employee's official or work-related capacity.

15. Policy on Nondiscrimination

Guadalupe prohibits discrimination or harassment of any kind on the basis of race, color, age, sexual orientation, gender identification, pregnancy, religion, disability, national origin, ethnic background, genetic status, military service, and/or citizenship, or any other classification protected by applicable local, state or federal law. Guadalupe will not tolerate discrimination or harassment of any sort, and as described below, will take prompt disciplinary action against those responsible for the discrimination/harassment. No employee is expected to tolerate any conduct prohibited by this policy while at work or while engaged in Guadalupe business or Guadalupe-sponsored events.

16. Definition of Sexual Harassment

The Department of Education's Office for Civil Rights (OCR), the Equal Employment Opportunity Commission (EEOC), and the State of Utah regard Sexual Harassment as an unlawful discriminatory practice.

Guadalupe has adopted the following definition of Sexual Harassment in order to address the unique environment of an educational setting.

Acts of sexual harassment may be committed by any person upon any other person, regardless of the sex, sexual orientation, and/or gender identity of those involved.

Sexual Harassment, as an umbrella category, includes the actual or attempted offenses of sexual harassment, sexual assault, domestic violence, dating violence, and stalking, and is defined as:

Conduct on the basis of sex or that is sexual that satisfies one or more of the following:

- 1) Quid Pro Quo:
 - a. an employee of the school,
 - b. conditions⁸ the provision of an aid, benefit, or service of the school,
 - c. on an individual's participation in unwelcome sexual conduct.

⁸ Implicitly or explicitly.

2) Sexual Harassment:

- a. unwelcome conduct,
- b. determined by a reasonable person,
- c. to be so severe, and
- d. pervasive, and,
- e. objectively offensive,
- f. that it effectively denies a person equal access to the school's education program or activity.⁹

3) Sexual assault, defined as:

- o Sex Offenses, Forcible:
 - o Any sexual act¹⁰ directed against another person¹¹,
 - o without the consent of the Complainant,
 - o including instances in which the Complainant is incapable of giving consent.¹²
- b) Sex Offenses, Non-forcible:

⁹ Unwelcomeness is subjective and determined by the Complainant (except when the Complainant is younger than the age of consent). Severity, pervasiveness, and objective offensiveness are evaluated based on the totality of the circumstances from the perspective of a reasonable person in the same or similar circumstances ("in the shoes of the Complainant"), including the context in which the alleged incident occurred and any similar, previous patterns that may be evidenced.

¹⁰ Sexual acts include:

Forcible Rape:

- o Penetration,
- o no matter how slight,
- o of the vagina or anus with any body part or object, or
- o oral penetration by a sex organ of another person,
- o without the consent of the Complainant.

Forcible Sodomy:

- o Oral or anal sexual intercourse with another person,
- o forcibly,
- o and/or against that person's will (non-consensually), or
- o not forcibly or against the person's will in instances in which the Complainant is incapable of giving consent because of age[#] or because of temporary or permanent mental or physical incapacity.

Sexual Assault with an Object:

- o The use of an object or instrument to penetrate,
- o however slightly,
- o the genital or anal opening of the body of another person,
- o forcibly,
- o and/or against that person's will (non-consensually),
- o or not forcibly or against the person's will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

Forcible Fondling:

- o The touching of the private body parts of another person (buttocks, groin, breasts),
- o for the purpose of sexual gratification,
- o forcibly,
- o and/or against that person's will (non-consensually),
- o or not forcibly or against the person's will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

¹¹ This would include having another person touch you sexually, forcibly, or without their consent.

¹² This definition set is not taken from SRS/NIBRS verbatim. ATIXA has substituted Complainant for "victim," has removed references to his/her throughout, has defined "private body parts," has removed the confusing and unnecessary term "unlawfully," and has inserted language clarifying that the Recipient interprets "against the person's will" to mean "non-consensually." These are liberties ATIXA thinks are important to take with respect to the federal definitions, but users should consult legal counsel before adopting them.

- Incest:
 - 1) Non-forcible sexual intercourse,
 - 2) between persons who are related to each other,
 - 3) within the degrees wherein marriage is prohibited by Utah State law.
 - Statutory Rape:
 - 1) Non-forcible sexual intercourse,
 - 2) with a person who is under the statutory age of consent of Utah.
- 4) Dating Violence, defined as:
- a. violence,
 - b. on the basis of sex,
 - c. committed by a person,
 - d. who is in or has been in a social relationship of a romantic or intimate nature with the Complainant.
 - i. The existence of such a relationship shall be determined based on the Complainant's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition—
 - ii. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
 - iii. Dating violence does not include acts covered under the definition of domestic violence.
- 5) Domestic Violence, defined as:
- a. violence,
 - b. on the basis of sex,
 - c. committed by a current or former spouse or intimate partner of the Complainant,
 - d. by a person with whom the Complainant shares a child in common, or
 - e. by a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner, or
 - f. by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of the State of Utah, or
 - g. by any other person against an adult or youth Complainant who is protected from that person's acts under the domestic or family violence laws of the State of Utah.

*To categorize an incident as Domestic Violence, the relationship between the Respondent and the Complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

- 6) Stalking, defined as:
- a. engaging in a course of conduct,
 - b. on the basis of sex,
 - c. directed at a specific person, that
 - i. would cause a reasonable person to fear for the person's safety, or
 - ii. the safety of others; or
 - iii. Suffer substantial emotional distress.
- For the purposes of this definition—
- (i) Course of conduct means two or more acts, including, but not limited to, acts in which the Respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
 - (ii) Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant.

- (iii) Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

See [Appendix D](#) for a Guadalupe Unethical Relationship policy

Guadalupe reserves the right to impose any level of sanction, ranging from a reprimand up to and including suspension or expulsion/termination, for any offense under this policy.

c. Force, Coercion, Consent, and Incapacitation

As used in the offenses above, the following definitions and understandings apply:

Force: Force is the use of physical violence and/or physical imposition to gain sexual access. Force also includes threats, intimidation (implied threats), and coercion that is intended to overcome resistance or produce consent (e.g., “Have sex with me or I’ll hit you,” “Okay, don’t hit me, I’ll do what you want.”).

Sexual activity that is forced is, by definition, non-consensual, but non-consensual sexual activity is not necessarily forced. Silence or the absence of resistance alone is not consent. Consent is not demonstrated by the absence of resistance. While resistance is not required or necessary, it is a clear demonstration of non-consent.

Coercion: Coercion is unreasonable pressure for sexual activity. Coercive conduct differs from seductive conduct based on factors such as the type and/or extent of the pressure used to obtain consent. When someone makes clear that they do not want to engage in certain sexual activity, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

Consent is:

- knowing, and
- voluntary, and
- clear permission
- by word or action
- to engage in sexual activity.

Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity.

If consent is not clearly provided prior to engaging in the activity, consent may be ratified by word or action at some point during the interaction or thereafter, but clear communication from the outset is strongly encouraged.

For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct. Reasonable reciprocation can be implied. For example, if someone kisses you, you can kiss them back (if you want to) without the need to explicitly obtain *their* consent to being kissed back.

Consent can also be withdrawn once given, as long as the withdrawal is reasonably and clearly communicated. If consent is withdrawn, that sexual activity should stop within a reasonable time.

Consent to some sexual contact (such as kissing or fondling) does not imply there is consent for other sexual activity (such as intercourse). A current or previous intimate relationship is not sufficient to constitute consent.

Proof of consent or non-consent is not a burden placed on either party involved in an incident. Instead, the burden remains on Guadalupe to determine whether its policy has been violated. The existence of consent is based on the

totality of the circumstances evaluated from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged incident occurred and any similar, previous patterns that may be evidenced.

Incapacitation: A person cannot consent if they are unable to understand what is happening or is disoriented, helpless, asleep, or unconscious, for any reason, including by alcohol or other drugs. As stated above, a Respondent violates this policy if they engage in sexual activity with someone who is incapable of giving consent.

It is a defense to a sexual assault policy violation that the Respondent neither knew nor should have known the Complainant to be physically or mentally incapacitated. “Should have known” is an objective, reasonable person standard that assumes that a reasonable person is both sober and exercising sound judgment.

Incapacitation occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give knowing/informed consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).

Incapacitation is determined through consideration of all relevant indicators of an individual’s state and is not synonymous with intoxication, impairment, blackout, and/or being drunk.

This policy also covers a person whose incapacity results from a temporary or permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating drugs.

17. Retaliation

Protected activity under this policy includes reporting an incident that may implicate this policy, participating in the grievance process, supporting a Complainant or Respondent, assisting in providing information relevant to an investigation, and/or acting in good faith to oppose conduct that constitutes a violation of this Policy.

Acts of alleged retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. Guadalupe will take all appropriate and available steps to protect individuals who fear that they may be subjected to retaliation.

Guadalupe and any member of Guadalupe’s community are prohibited from taking materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy and procedure.

Filing a complaint under another school policy could be considered retaliatory if those charges could be applicable under this policy, when the charges are made for the purpose of interfering with or circumventing any right or privilege provided under this policy that is not provided under the other school policy that was used. Therefore, Guadalupe vets all complaints carefully to ensure this does not happen, and to assure that complaints are tracked to the appropriate process.

The exercise of rights protected under the First Amendment does not constitute retaliation.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy and procedure does not constitute retaliation, provided that a determination regarding responsibility, alone, is not sufficient to conclude that any party has made a materially false statement in bad faith.

18. Mandated Reporting

All Guadalupe employees (teachers, staff, administrators) are expected to report actual or suspected sexual harassment or retaliation to appropriate officials immediately. This includes employees who might otherwise be considered confidential resources.

In order to make informed choices, it is important to be aware of confidentiality and mandatory reporting requirements when consulting school resources. In school, some resources may maintain confidentiality and are not required to report actual or suspected sexual harassment or retaliation. They may offer options and resources without any obligation to inform an outside agency or school official unless a Complainant has requested the information be shared.

If a Complainant expects formal action in response to their allegations, reporting to any Mandated Reporter can connect them with resources to report crimes and/or policy violations, and these employees will immediately pass reports to the Title IX Coordinator (and/or police, if desired by the Complainant), who will take action when an incident is reported to them.

The following sections describe the reporting options at Guadalupe for a Complainant or third-party (including parents/guardians when appropriate):

a. Confidential Resources

Because all Guadalupe employees are required to report actual or suspected sexual harassment or retaliation, any such information a Complainant shares with any Guadalupe employee cannot remain confidential.

If a Complainant would like the details of an incident to be kept confidential, the Complainant may speak with a non-Guadalupe employee. Following are some confidential community-based resources:

- Employee Assistance Program
- Licensed professional counselors and other medical providers
- Local rape crisis counselors
- Domestic violence resources
- Local or state assistance agencies
- Clergy/Chaplains
- Attorneys

All of the above-listed individuals are not Guadalupe employees and may maintain confidentiality when acting under the scope of their licensure, professional ethics, and/or professional credentials, except in extreme cases of immediacy of threat or danger or abuse of a minor/individual with a disability, or when required to disclose by law or court order.

b. Mandated Reporters and Formal Notice/Complaints

All employees of Guadalupe are Mandated Reporters and must promptly share with the Title IX Coordinator all known details of a report made to them in the course of their employment.

Employees must also promptly share all details of behaviors under this policy that they observe or have knowledge of, even if not reported to them by a Complainant or third-party.

Complainants may want to carefully consider whether they share personally identifiable details with non-confidential Mandated Reporters, as those details must be shared with the Title IX Coordinator.

Failure of a Mandated Reporter to report an incident of sexual harassment or retaliation of which they become aware is a violation of Guadalupe policy and can be subject to disciplinary action.

Though this may seem obvious, when a Mandated Reporter is engaged in harassment or other violations of this policy, they still have a duty to report their own misconduct, though Guadalupe is technically not on notice when a harasser is also a Mandated Reporter unless the harasser does in fact report themselves.

Finally, it is important to clarify that a Mandated Reporter who is themselves a target of harassment or other misconduct under this policy is not required to report their own experience, though they are, of course, encouraged to do so.

19. When a Complainant Does Not Wish to Proceed

If a Complainant does not wish for their name to be shared, does not wish for an investigation to take place, or does not want a formal complaint to be pursued, they may make such a request to the Title IX Coordinator, who will evaluate that request in light of the duty to ensure the safety of the school and to comply with state or federal law.

The Title IX Coordinator has ultimate discretion over whether Guadalupe proceeds when the Complainant does not wish to do so, and the Title IX Coordinator may sign a formal complaint to initiate a grievance process upon completion of an appropriate violence risk assessment.

The Title IX Coordinator's decision should be based on results of the violence risk assessment that show a compelling risk to health and/or safety that requires Guadalupe to pursue formal action to protect the community.

A compelling risk to health and/or safety may result from evidence of patterns of misconduct, predatory conduct, threats, abuse of minors, use of weapons, and/or violence. Guadalupe may be compelled to act on alleged employee misconduct irrespective of a Complainant's wishes.

The Title IX Coordinator must also consider the effect that non-participation by the Complainant may have on the availability of evidence and Guadalupe's ability to pursue a Formal Grievance Process fairly and effectively.

When the Title IX Coordinator executes the written complaint, they do not become the Complainant. The Complainant is the individual who is alleged to have experienced conduct that could constitute a violation of this policy.

When Guadalupe proceeds, the Complainant (or their Advisor) may have as much or as little involvement in the process as they wish. The Complainant retains all rights of a Complainant under this Policy irrespective of their level of participation. Typically, when the Complainant chooses not to participate, the Advisor or the student's parent/guardian may be appointed as proxy for the Complainant throughout the process, acting to ensure and protect the rights of the Complainant, though this does not extend to the provision of evidence or testimony except in situations where a Complainant is unable to provide evidence or testimony without assistance (e.g. due to age, disability, etc.).

Note that Guadalupe's ability to remedy and respond to notice may be limited if the Complainant does not want Guadalupe to proceed with an investigation and/or grievance process. The goal is to provide the Complainant with as much control over the process as possible, while balancing Guadalupe's obligation to protect its community.

In cases in which the Complainant requests no formal action and the circumstances allow Guadalupe to honor that request, Guadalupe will offer informal resolution options (see below), supportive measures, and remedies to the Complainant and the community, but will not otherwise pursue formal action.

If the Complainant elects to take no action, they can change that decision if they decide to pursue a formal complaint at a later date. Upon making a formal complaint, a Complainant has the right, and can expect, to have allegations taken seriously by Guadalupe, and to have the incident investigated and properly resolved through these procedures. Please consider that delays may cause limitations on access to evidence, or present issues with respect to the status of the parties.

20. Emergency Notifications

Guadalupe may issue emergency notifications for incidents that are reported and pose a serious or continuing threat of bodily harm or danger to members of the school community.

Guadalupe will ensure that a Complainant's name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the potential danger.

These notifications may be issued school-wide or may be limited to those members of the community who are potentially impacted. The Title IX Coordinator will work in conjunction with the appropriate school officials in determining the scope and content of the notification that may be issued.

21. False Allegations and Evidence

Deliberately false and/or malicious accusations under this policy are a serious offense and will be subject to appropriate disciplinary action. This does not include allegations that are made in good faith but are ultimately shown to be erroneous or do not result in a policy violation determination.

Additionally, witnesses and parties knowingly providing false evidence, tampering with or destroying evidence, or deliberately misleading an official conducting an investigation can be subject to discipline under Guadalupe's policy.

22. Amnesty for Complainants and Witnesses

Guadalupe community encourages the reporting of misconduct and crimes by Complainants and witnesses. Sometimes, Complainants or witnesses are hesitant to report to Guadalupe officials or participate in grievance processes because they fear that they themselves may be in violation of certain policies, such as underage drinking or use of illicit drugs at the time of the incident. Respondents may hesitate to be forthcoming during the process for the same reasons.

It is in the best interests of Guadalupe community that Complainants choose to report misconduct to Guadalupe officials, that witnesses come forward to share what they know, and that all parties be forthcoming during the process.

To encourage reporting and participation in the process, Guadalupe maintains a policy of offering parties and witnesses amnesty from minor policy violations related to the incident.

Amnesty does not apply to more serious allegations such as physical abuse of another or illicit drug distribution. The decision not to offer amnesty is based on neither sex nor gender, but on the fact that collateral misconduct is typically addressed for all students within a progressive discipline system, and the rationale for amnesty – the incentive to report serious misconduct – is rarely applicable to Respondent with respect to a Complainant.

In determining whether to offer amnesty, the Title IX Coordinator will consider factors such as: the nature and severity of the policy violation; the age of the individual; the impact on the health and safety of the individual and the school community; and the best interests of the school community.

Students: Sometimes, students are hesitant to assist others for fear that they may get in trouble themselves (for example, an underage student who has been drinking or using marijuana might hesitate to help take an individual who has experienced sexual assault to seek assistance).

Guadalupe maintains a policy of amnesty for students who offer help to others in need. Although policy violations cannot be overlooked, Guadalupe may provide purely educational options with no official disciplinary finding, rather than punitive sanctions, to those who offer their assistance to others in need.

Employees:¹³ Sometimes, employees are hesitant to report sexual harassment or retaliation they have experienced for fear that they may get in trouble themselves. For example, an employee who has violated the consensual relationship policy and is then assaulted in the course of that relationship might hesitate to report the incident to Guadalupe officials.

Guadalupe may, at its discretion, offer employee Complainants amnesty from such policy violations (typically more minor policy violations) related to the incident. Amnesty may also be granted to Respondents and witnesses on a case-by-case basis.

¹³ This section is optional as most traditional policies only offer amnesty to students. If a Recipient decides not to include this section, the “student” section can simply be merged into the amnesty section.

INTERIM RESOLUTION PROCESS¹⁴ FOR ALLEGED VIOLATIONS OF THE POLICY ON SEXUAL HARASSMENT

1. Overview

Guadalupe will act on any formal or informal notice/complaint of violation of the Policy that is received by the Title IX Coordinator¹⁵ or any other employee by applying these procedures.

The procedures below apply **only** to qualifying allegations of sexual harassment (including sexual assault, dating violence, domestic violence, and stalking, as defined above) involving students, staff, administrator, or faculty members.

If a dismissal occurs under these procedures or the allegations fall outside of the jurisdiction of these procedures, as determined by the Title IX Coordinator, the applicable procedures under the Student Handbook or the applicable employee handbook will be used to resolve the complaint.

Unionized/other categorized employees are subject to the terms of their agreements/employees' rights to the extent those agreements do not conflict with federal or state compliance obligations.

The procedures below may be used to address collateral misconduct arising from the investigation of or occurring in conjunction with reported misconduct (e.g., vandalism, physical abuse of another). All other allegations of misconduct unrelated to incidents covered by the Policy will be addressed through procedures described in the student and employee handbooks.

¹⁴ For Recipients with Formal Grievance Processes enabling students and/or employees to challenge Recipient action, it is recommended that allegations under this policy be exempted from that process and replaced with the resolution process outlined here. Most existing grievance proceedings are neither equitable (by definition), nor are they sufficiently prompt to satisfy Title IX.

¹⁵ Anywhere this procedure indicates "Title IX Coordinator," Guadalupe may substitute a trained designee.

2. Notice/Complaint

Upon receiving a complaint or notice, the Title IX Coordinator¹⁶ initiates a prompt initial assessment. The Title IX Coordinator will initiate at least one of three responses:

- 1) Offering and/or implementing supportive measures only because the Complainant¹⁷ does not want to file a formal complaint;
- 2) An informal resolution (upon submission of a formal complaint); and/or
- 3) A Formal Grievance Process including an investigation and a determination of whether policy was violated (upon submission of a formal complaint).

Guadalupe uses the Formal Grievance Process to determine whether or not the Policy has been violated. If so, Guadalupe will promptly implement effective remedies designed to ensure that it is not deliberately indifferent to sexual harassment or retaliation, their potential recurrence, or their effects.

3. Initial Assessment

The Title IX Coordinator's initial assessment typically occurs within one to three business days. The steps in an initial assessment can include:

- If notice is given, the Title IX Coordinator seeks to determine if the person impacted wishes to make a formal complaint, and will assist them to do so, if desired.
 - If not, the Title IX Coordinator determines whether to initiate a complaint because a violence risk assessment indicates a compelling threat to health and/or safety.
- If a formal complaint is received, the Title IX Coordinator assesses its sufficiency and works with the Complainant to make sure it is correctly completed.
- The Title IX Coordinator reaches out to the Complainant to offer supportive measures.
- The Title IX Coordinator works with the Complainant to ensure they are aware of the right to have an Advisor.
- The Title IX Coordinator works with the Complainant to determine whether the Complainant prefers a supportive and remedial response, an informal resolution option, or a formal investigation and grievance process.
 - If a supportive and remedial response is preferred, the Title IX Coordinator works with the Complainant to identify their wishes, assesses the request, and implements accordingly. No Formal Grievance Process is initiated, though the Complainant can elect to initiate one later, if desired.
 - If an informal resolution option is preferred, the Title IX Team assesses whether the complaint is suitable for informal resolution, which informal mechanism may serve the situation best or is available and may seek to determine if the Respondent is also willing to engage in informal resolution.
 - If a Formal Grievance Process is preferred, the Title IX Coordinator determines if the misconduct alleged falls within the scope of Title IX:
 - If it does, the Title IX Coordinator will initiate the formal investigation and grievance process, directing the investigation to address:
 - an incident, and/or
 - a pattern of alleged misconduct, and/or
 - a culture/climate concern, based on the nature of the complaint.
 - If it does not, the Title IX Team determines that Title IX does not apply (and will "dismiss" that aspect of the complaint, if any), assesses which policies may apply, which resolution process is

¹⁶ If circumstances require, the Superintendent or Title IX Coordinator will designate another person to oversee the resolution process should an allegation be made about the Coordinator or the Coordinator be otherwise unavailable or unable to fulfill their duties.

¹⁷ References to the Complainant, Respondent, or to the parties collectively throughout these procedures may also include their parent(s)/guardian(s) when applicable or as mandated by Guadalupe policy, state, and/or federal law.

applicable, and will refer the matter accordingly. Please note that dismissing a complaint under Title IX is solely a procedural requirement under Title IX and does not limit Guadalupe's authority to address a complaint with an appropriate process and remedies.

a. Violence Risk Assessment

The Title IX Coordinator may determine that a Violence Risk Assessment (VRA) should be conducted by the Title IX Team as part of the initial assessment. A VRA can aid in critical and/or required determinations, including:

- Emergency removal of a student Respondent on the basis of immediate threat to physical health/safety;
- Whether the Title IX Coordinator should pursue/sign a formal complaint absent a willing/able Complainant;
- Whether ~~to put~~ the investigation should focus on the incident alone and/or assess pattern and/or climate;
- To help identify potential predatory conduct;
- To help assess/identify grooming behaviors;
- Whether it is reasonable to try to resolve a complaint through informal resolution, ;
- Assessment of appropriate sanctions/remedies (to be applied post-hearing); and/or
- Whether a Timely Warning/Trespass order/Persona-non-grata is needed.

Threat assessment evaluates the actionability of violence by an individual against another person or group following the issuance of a direct or conditional threat. A VRA is a broader term used to assess any potential violence or danger, regardless of the presence of a vague, conditional, or direct threat.

VRAs require specific training and are typically conducted by psychologists, clinical counselors, social workers, case managers, law enforcement officers, student conduct/discipline officers, or other Title IX team members.

A VRA authorized by the Title IX Coordinator should occur in collaboration with the Title IX team. In cases where the Respondent is a student with a disability who is receiving services under an Individualized Educational Plan (IEP), a VRA should also occur in collaboration with the student's IEP Team. Where a VRA is required by the Title IX Coordinator, a Respondent refusing to cooperate may result in a charge of failure to comply within the appropriate student or employee conduct process.

A VRA is not an evaluation for an involuntary behavioral health hospitalization (e.g., 5150 in California, Section XII in Massachusetts, Baker Act in Florida), nor is it a psychological or mental health assessment. A VRA assesses the risk of actionable violence, often with a focus on targeted/predatory escalations, and is supported by research from the fields of law enforcement, criminology, human resources, and psychology.

More about Guadalupe's process for VRA can be found below in [Appendix E](#).

b. Dismissal (Mandatory and Discretionary)¹⁸

Guadalupe must dismiss a formal complaint or any allegations therein if, at any time during the investigation or meeting with the Decision-maker, it is determined that:

- 1) The conduct alleged in the formal complaint would not constitute sexual harassment as defined above, even if proved; and/or
- 2) The conduct did not occur in an educational program or activity controlled by Guadalupe and/or Guadalupe does not have control of the Respondent; and/or

¹⁸ These dismissal requirements are mandated by the 2020 Title IX Regulations, 34 CFR §106.45.

- 3) The conduct did not occur against a person in the United States; and/or
- 4) At the time of filing a formal complaint, a complainant is not participating in or attempting to participate in an education program or activity of Guadalupe.¹⁹

Guadalupe may dismiss a formal complaint or any allegations therein if, at any time during the investigation or meeting with the Decision-maker:

- 1) A Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the formal complaint in whole or in part; or
- 2) The Respondent is no longer enrolled in or employed by Guadalupe; or
- 3) Specific circumstances prevent Guadalupe from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon any dismissal, Guadalupe will promptly send written notice of the dismissal and the rationale for doing so simultaneously to the parties.

This dismissal decision is appealable by any party under the appeal procedures below. The decision not to dismiss is also appealable by any party claiming that a dismissal is required or appropriate. A Complainant who decides to withdraw a complaint may later request to reinstate it or refile it.

4. Counterclaims

Guadalupe is obligated to ensure that the grievance process is not abused for retaliatory purposes. Guadalupe permits the filing of counterclaims but uses an initial assessment, described above, to assess whether the allegations in the counterclaim are made in good faith. Counterclaims by a Respondent may be made in good faith, but are, on occasion, also made for purposes of retaliation. Counterclaims made with retaliatory intent will not be permitted.

Counterclaims determined to have been reported in good faith will be processed using the grievance procedures below. Investigation of such claims may take place after resolution of the underlying initial allegation, in which case a delay may occur.

Counterclaims may also be resolved through the same investigation as the underlying allegation, at the discretion of the Title IX Coordinator. When counterclaims are not made in good faith, they will be considered retaliatory and may constitute a violation of this policy.

5. Right to an Advisor

The parties may each have an Advisor²⁰ of their choice present with them for all meetings, interviews, and hearings within the resolution process, if they so choose. The parties may select whoever they wish to serve as their Advisor as long as the Advisor is eligible and available.²¹ For students, this Advisor can be someone in addition to their parent/guardian who may also be present with them for all meetings, interviews, and hearings within the resolution process.

¹⁹ Such a Complainant is still entitled to supportive measures, but the formal grievance process is not applicable.

²⁰ This could include an attorney, advocate, or support person. The law permits one Advisor for each party (witnesses are not entitled to Advisors within the process, though they can be advised externally), but some Recipients do permit more than one. If the Recipient allows more than one Advisor for one party, they should do so for all parties.

²¹ "Available" means the party cannot insist on an Advisor who simply doesn't have inclination, time, or availability. Also, the Advisor cannot have institutionally conflicting roles, such as being a Title IX administrator who has an active role in the matter, or a supervisor who must monitor and implement sanctions.

Choosing an Advisor who is also a witness in the process creates potential for bias and conflict-of-interest. A party who chooses an Advisor who is also a witness can anticipate that issues of potential bias will be explored by the hearing Decision-maker(s).

a. Who Can Serve as an Advisor

The Advisor may be a friend, mentor, family member, attorney, or any other individual a party chooses to advise, support, and/or consult with them throughout the resolution process. The parties may choose Advisors from inside or outside of the Guadalupe community.

Parties also have the right to choose not to have an Advisor during the resolution process.

b. Advisor's Role in Meetings and Interviews

The parties may be accompanied by their Advisor in all meetings, interviews, and hearings at which the party is entitled to be present, including intake and investigation interviews. Advisors should help the parties prepare for each meeting and are expected to advise ethically, with integrity, and in good faith.

Guadalupe cannot guarantee equal Advisory rights, meaning that if one party selects an Advisor who is an attorney, but the other party does not or cannot afford an attorney, Guadalupe is not obligated to provide an attorney.

Where applicable under state law or Guadalupe policy, Advisors or attorneys are permitted to fully represent their advisees or clients in resolution proceedings, including all meetings, interviews, and hearings. Although Guadalupe prefers to hear from parties directly, in these cases, parties are entitled to have evidence provided by their chosen representatives.²²

c. Pre-Interview Meetings

Advisors may request to meet with the administrative officials conducting interviews/meetings/hearings in advance of these interviews or meetings. This pre-meeting allows Advisors to clarify and understand their role and Guadalupe's policies and procedures.

d. Advisor Violations of Guadalupe Policy

All Advisors are subject to the same Guadalupe policies and procedures, whether they are attorneys or not. Advisors are expected to advise their advisees without disrupting proceedings or meetings. Advisors should not address Guadalupe officials in a meeting or interview unless invited to (e.g., asking procedural questions). The Advisor may not make a presentation or represent their advisee²³ during any meeting or proceeding and may not speak on behalf of the advisee to the Investigator(s) or other Decision-maker(s).

The parties are expected to ask and respond to questions on their own behalf throughout the resolution process. In cases where a party requires assistance in asking and/or responding to questions on their own behalf (e.g. due to age or disability), the Advisor will be allowed to ask and/or respond to questions on behalf of their advisee, at the discretion of the Investigator(s) or Decision-maker(s). Although the Advisor generally may not speak on behalf of their advisee, the Advisor may consult with their advisee, either privately as needed, or by conferring or passing notes during any resolution process meeting or interview. For longer or more involved discussions, the parties and their Advisors should ask for breaks to allow for private consultation.

²² Recipients should be mindful that this may be applicable for suspension/expulsion hearings that may result from Title IX complaints resolved under these procedures.

²³ Subject to the state law provisions or Guadalupe's policy above.

Any Advisor who oversteps their role as defined by this policy will be warned only once. If the Advisor continues to disrupt or otherwise fails to respect the limits of the Advisor role, the meeting will be ended, or other appropriate measures implemented. Subsequently, the Title IX Coordinator will determine how to address the Advisor's non-compliance and future role.

e. Sharing Information with the Advisor

Guadalupe expects that the parties may wish to have Guadalupe share documentation and evidence related to the allegations with their Advisors. Parties may share this information directly with their Advisor or other individuals if they wish. Doing so may help the parties participate more meaningfully in the resolution process.

Guadalupe also provides a consent form that authorizes Guadalupe to share such information directly with their Advisor. The parties must submit this completed form to the Title IX Coordinator or provide similar documentation demonstrating consent to a release of information to the Advisor before Guadalupe is able to share records with an Advisor.

If a party requests that all communication be made through their attorney Advisor, Guadalupe will comply with that request at the discretion of the Title IX Team.

f. Privacy of Records Shared with Advisor

Advisors are expected to maintain the privacy of the records shared with them. These records may not be shared with third parties, disclosed publicly, or used for purposes not explicitly authorized by Guadalupe. Guadalupe may seek to restrict the role of any Advisor who does not respect the sensitive nature of the process or who fails to abide by Guadalupe's privacy expectations.

g. Expectations of an Advisor

Guadalupe generally expects an Advisor to adjust their schedule to ensure attendance at Guadalupe meetings when planned but may change scheduled meetings to accommodate an Advisor's inability to attend, if doing so does not cause an unreasonable delay.

Guadalupe may also make reasonable provisions to allow an Advisor who cannot attend in person to attend a meeting by telephone, video conferencing, or other similar technologies as may be convenient and available.

h. Expectations of the Parties with Respect to Advisors

A party may elect to change Advisors during the process and is not obligated to use the same Advisor throughout. The parties are expected to inform the Investigator(s) and Decision-maker(s) of the identity of their Advisor at least two (2) business days before the date of their first meeting with Investigators and Decision-makers (or as soon as possible if a more expeditious meeting is necessary or desired).

The parties are expected to provide timely notice to the Title IX Coordinator if they change Advisors. If a party changes Advisors, consent to share information with the previous Advisor is terminated, and a release for the new Advisor must be secured.

i. Assistance in Securing an Advisor

For representation, Respondents may wish to contact organizations such as:

- FACE (<http://www.facecampusequality.org>)

- SAVE (<http://www.saveservices.org>).

Complainants may wish to contact organizations such as:

- The Victim Rights Law Center (<http://www.victimrights.org>),
- The National Center for Victims of Crime (<http://www.victimsofcrime.org>), which maintains the Crime Victim's Bar Association.
- The Time's Up Legal Defense Fund: <https://nwlc.org/times-up-legal-defense-fund/>

6. Resolution Processes

Resolution proceedings are private. All persons present at any time during the resolution process are expected to maintain the privacy of the proceedings in accordance with Guadalupe policy. Although there is an expectation of privacy around what Investigators share with parties during interviews, the parties have discretion to share their own knowledge and evidence with others if they so choose, with the exception of information the parties agree not to disclose related to Informal Resolution, discussed below. Guadalupe encourages parties to discuss any sharing of information with their Advisors before doing so.

a. Informal Resolution

Informal Resolution can include three different approaches:

- When the Title IX Coordinator can resolve the matter informally by providing supportive measures (only) to remedy the situation.
- When the parties agree to resolve the matter through an alternate resolution mechanism as described below, usually before a formal investigation takes place; see discussion in b., below.
- When the Respondent accepts responsibility for violating policy, and desires to accept a sanction and end the resolution process (similar to above, but usually occurs post-investigation); see discussion in c., below.

To initiate Informal Resolution, a Complainant must submit a formal complaint, as described above. A Respondent who wishes to initiate Informal Resolution should contact the Title IX Coordinator.

It is not necessary to pursue Informal Resolution first in order to pursue a Formal Grievance Process, and any party participating in Informal Resolution can stop the process at any time and begin or resume the Formal Grievance Process.

Prior to implementing Informal Resolution, Guadalupe will provide the parties with written notice of the reported misconduct and any sanctions or measures that may result from participating in such a process, including information regarding any records that will be maintained or shared by Guadalupe.

Guadalupe will obtain voluntary, written confirmation that all parties wish to resolve the matter through Informal Resolution before proceeding and will not pressure the parties to participate in Informal Resolution.

Informal resolution will not be used to resolve allegations of complaints where the Complainant is a student and the Respondent is an employee.

b. Alternate Resolution Mechanism

Alternate Resolution is an informal mechanism by which the parties mutually agree to resolve an allegation. All parties must consent to the use of an Alternate Resolution mechanism.

The Title IX Coordinator may look to the following factors to assess whether Alternate Resolution is appropriate, or which form of Alternate Resolution may be most successful for the parties:

- The parties' preference for Alternate Resolution;
- Likelihood of potential resolution, considering any power dynamics between the parties;
- The parties' motivation to participate;
- Civility of the parties;
- Results of a violence risk assessment/ongoing risk analysis;
- Disciplinary history;
- Whether an emergency removal is needed;
- Skill of the Alternate Resolution facilitator with this type of allegation;
- Complaint complexity;
- Capacity of parties to understand the process and fully participate in the process;
- Goals of the parties;
- Adequate resources to invest in Alternate Resolution (time, staff, etc.)

The ultimate determination of whether Alternate Resolution is available or successful is to be made by the Title IX Coordinator. The Title IX Coordinator maintains records of any resolution that is reached, and failure to abide by the resolution agreement may result in appropriate responsive/disciplinary actions. Results of complaints resolved by Informal Resolution or Alternate Resolution are not appealable.

c. Respondent Accepts Responsibility for Alleged Violations

The Respondent may accept responsibility for all or part of the alleged policy violations at any point during the resolution process. If the Respondent indicates an intent to accept responsibility for all of the alleged misconduct, the formal process will be paused, and the Title IX Coordinator will determine whether Informal Resolution can be used according to the criteria above. If so, the Title IX Coordinator will determine whether all parties and Guadalupe are able to agree on responsibility, sanctions, and/or remedies. If so, the Title IX Coordinator implements the accepted finding that the Respondent is in violation of Guadalupe policy and implements agreed-upon sanctions and/or remedies, in coordination with other appropriate administrator(s), as necessary.

This result is not subject to appeal once all parties indicate their written assent to all agreed upon terms of resolution. When the parties cannot agree on all terms of resolution, the Formal Grievance Process will resume at the same point where it was paused.

When a resolution is accomplished, the appropriate sanction or responsive actions are promptly implemented in order to effectively stop the sexual harassment or retaliation, prevent its recurrence, and remedy the effects of the discriminatory conduct, both on the Complainant and the community.

d. Negotiated Resolution

The Title IX Coordinator, with the consent of the parties, may negotiate and implement an agreement to resolve the allegations that satisfies all parties and Guadalupe. Negotiated Resolutions are not appealable.

7. Grievance Process Pool

The Formal Grievance Process relies on a pool of administrators ("the Pool") to carry out the process. Members of the Pool are announced in an annual distribution of this policy to all students, parents/guardians of students, employees, prospective students, and prospective employees.

The list of Pool members and a description of the Pool can be found at <https://guadschool.org/title-ix/>.

a. Pool Member Roles

Members of the Pool are trained annually, and can serve in any of the following roles, at the direction of the Title IX Coordinator:

- To provide appropriate intake of and initial guidance pertaining to complaints
- To act as an Advisor to the parties
- To serve in a facilitation role in Informal Resolution or Alternate Resolution if appropriately trained in appropriate resolution modalities (e.g., mediation, restorative practices)
- To perform or assist with initial assessment
- To investigate complaints
- To serve as a meeting/hearing facilitator (process administrator, no decision-making role)
- To serve as a Decision-maker regarding the complaint
- To serve as an Appeal Decision-maker

b. Pool Member Appointment

The Title IX Coordinator, in consultation with the Superintendent, identifies individuals who will serve in the Pool,²⁴ which acts with independence and impartiality. Although members of the Pool are typically trained in a variety of skill sets and can rotate amongst the different roles listed above in different cases, Guadalupe can also designate permanent roles for individuals in the Pool, using others as substitutes or to provide greater depth of experience when necessary. This process of role assignment may be the result of particular skills, aptitudes, or talents identified in members of the Pool that make them best suited to particular roles.

c. Pool Member Training

The Pool members receive annual training. This training may include, but is not limited to:

- The scope of Guadalupe's Sexual Harassment Policy and Procedures
- How to conduct investigations, meetings, and hearings in a manner that protects the safety of Complainants and Respondents, and promotes accountability
- Implicit bias
- Disparate treatment and impact
- Reporting, confidentiality, and privacy requirements
- Applicable laws, regulations, and federal regulatory guidance
- How to implement appropriate and situation-specific remedies
- How to investigate in a thorough, reliable, and impartial manner
- How to uphold fairness, equity, and due process
- How to weigh evidence
- How to conduct questioning
- How to assess credibility
- Impartiality and objectivity
- How to render findings and generate clear, concise, evidence-based rationales
- The definitions of all offenses
- How to apply definitions used by Guadalupe with respect to consent (or the absence or negation of consent) consistently, impartially, and in accordance with policy
- How to conduct an investigation and grievance process including meetings, hearings, appeals, and informal resolution processes
- How to serve impartially by avoiding prejudgment of the facts at issue, conflicts of interest, and bias

²⁴ This does not preclude Guadalupe from having all members of the Pool go through an application and/or interview/selection process.

- Any technology to be used during an interview, meeting, or hearing
- Issues of relevance of questions and evidence
- Issues of relevance to create an investigation report that fairly summarizes relevant evidence
- How to determine appropriate sanctions in reference to all forms of harassment and/or retaliation allegations
- Recordkeeping

Specific training is also provided for Appeal Decision-makers, intake personnel. All Pool members are required to attend these trainings annually. The materials used to train all members of the Pool are publicly posted here:

<https://guadschool.org/title-ix/>.

d. Pool Membership

The Pool may include:

- 3 or more members of the Academic administration staff
- 3 or more members of the staff
- 1 or more representatives from School Safety
- 2 representatives from Human Resources

8. Formal Grievance Process: Notice of Investigation and Allegations

The Title IX Coordinator will provide written notice of the investigation and allegations (the “NOIA”) to the Respondent upon commencement of the Formal Grievance Process. This facilitates the Respondent’s ability to prepare for the interview and to identify and choose an Advisor to accompany them. The NOIA is also copied to the Complainant, who is to be given advance notice of when the NOIA will be delivered to the Respondent.

The NOIA will include:

- A meaningful summary of all of allegations,
- The identity of the involved parties (if known),
- The precise misconduct being alleged,
- The date and location of the alleged incident(s) (if known),
- The specific policies implicated,
- A description of the applicable procedures,
- A statement of the potential sanctions/responsive actions that could result,
- A statement that Guadalupe presumes the Respondent is not responsible for the reported misconduct unless and until the evidence supports a different determination,
- A statement that determinations of responsibility are made at the conclusion of the process and that the parties will be given an opportunity to inspect and review all directly related and/or relevant evidence obtained during the review and comment period,
- A statement about Guadalupe’s policy on retaliation,
- Information about the privacy of the process,
- Information on the need for each party to have an Advisor of their choosing and suggestions for ways to identify an Advisor,
- A statement informing the parties that Guadalupe’s Policy prohibits knowingly making false statements, including knowingly submitting false information during the resolution process,
- Detail on how the party may request disability accommodations during the resolution process,
- The name(s) of the Investigator(s), along with a process to identify, in advance of the interview process, to the Title IX Coordinator any conflict of interest that the Investigator(s) may have, and
- An instruction to preserve any evidence that is directly related to the allegations.

Amendments and updates to the NOIA may be made as the investigation progresses and more information becomes available regarding the addition or dismissal of any allegations.

Notice will be made in writing and may be delivered by one or more of the following methods: in person, mailed to the local or permanent address(es) of the parties as indicated in official Guadalupe records, or emailed to the parties' Guadalupe-issued email or designated accounts. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered.

9. Resolution Timeline

Guadalupe will make a good faith effort to complete the resolution process within thirty to sixty (30-60) business days, including appeal. This time frame can be extended as necessary by the Title IX Coordinator, who will provide notice and rationale for any extensions or delays to the parties as appropriate, as well as an estimate of how much additional time will be needed to complete the process.

10. Appointment of Investigators

Once the Title IX Coordinator decides to begin a formal investigation, the Title IX Coordinator appoints Pool members to conduct the investigation, usually within two (2) business days of determining that an investigation should proceed.

11. Ensuring Impartiality

Any individual materially involved in the administration of the resolution process including the Title IX Coordinator, Investigator(s), and Decision-maker(s), may neither have nor demonstrate a conflict of interest or bias for a party generally, or for a specific Complainant or Respondent.

The Title IX Coordinator will vet the assigned Investigator(s) to ensure impartiality by ensuring there are no actual or apparent conflicts of interest or disqualifying biases. The parties may, at any time during the resolution process, raise a concern regarding bias or conflict of interest, and the Title IX Coordinator will determine whether the concern is reasonable and supportable. If so, another Pool member will be assigned and the impact of the bias or conflict, if any, will be remedied. If the source of the conflict of interest or bias is the Title IX Coordinator, concerns should be raised with the Title IX Investigator.

The Formal Grievance Process involves an objective evaluation of all relevant evidence obtained, including evidence that supports that the Respondent engaged in a policy violation and evidence that supports that the Respondent did not engage in a policy violation. Credibility determinations may not be based solely on an individual's status or participation as a Complainant, Respondent, or witness.

Guadalupe presumes that the Respondent is not responsible for the reported misconduct unless and until a final determination is made that this Policy has been violated.

12. Investigation Timeline

Investigations are completed promptly, normally within thirty (30) business days, though some investigations may take longer, depending on the nature, extent, and complexity of the allegations, availability of witnesses, police involvement, etc.

Guadalupe will make a good faith effort to complete investigations as promptly as possible and will communicate regularly with the parties to update them on the progress and timing of the investigation.

13. Delays in the Investigation Process and Interactions with Law Enforcement

Guadalupe may undertake a short delay in its investigation (several days to a few weeks) if circumstances require. Such

circumstances include but are not limited to a request from law enforcement to temporarily delay the investigation, the need for language assistance, the absence of parties and/or witnesses, and/or accommodations for disabilities or health conditions.

Guadalupe will communicate in writing the anticipated duration of the delay and reason to the parties and provide the parties with status updates if necessary. Guadalupe will promptly resume its investigation and resolution process as soon as feasible. During such a delay, Guadalupe will implement supportive measures as deemed appropriate.

Guadalupe action(s) or processes may be delayed, but are not stopped by, civil or criminal charges involving the underlying incident(s). Dismissal or reduction of those criminal charges may or may not impact on Guadalupe's action(s) or processes.

14. Steps in the Investigation Process

All investigations are thorough, reliable, impartial, prompt, and fair. Investigations involve interviews with all relevant parties and witnesses; obtaining available, relevant evidence; and identifying sources of expert information, as necessary.

All parties have a full and fair opportunity, through the investigation process, to suggest witnesses and questions, to provide evidence and expert witnesses, and to fully review and respond to all evidence on the record.

The Investigator(s) typically take(s) the following steps, if not already completed (not necessarily in this order):

- Determine the identity and contact information of the Complainant
- In coordination with school partners (e.g., the Title IX Coordinator), initiate or assist with any necessary supportive measures
- Identify all policies implicated by the alleged misconduct and notify the Complainant and Respondent of all of the specific policies implicated
- Assist the Title IX Coordinator with conducting a prompt initial assessment to determine if the allegations indicate a potential policy violation
- Commence a thorough, reliable, and impartial investigation by identifying issues and developing a strategic investigation plan, including a witness list, evidence list, intended investigation timeframe, and order of interviews for all witnesses and the parties
- Meet with the Complainant to finalize their interview/statement, if necessary
- Prepare the initial Notice of Investigation and Allegation (NOIA). The NOIA may be amended with any additional or dismissed allegations
 - Notice should inform the parties of their right to have the assistance of an Advisor of their choosing present for all meetings attended by the party
- Provide each interviewed party and witness an opportunity to review and verify the Investigator's summary notes (or transcript) of the relevant evidence/testimony from their respective interviews and meetings
- Make good faith efforts to notify the parties of any meeting or interview involving the other party, in advance when possible
- When participation of a party is expected, provide that party with written notice of the date, time, and location of the meeting, as well as the expected participants and purpose
- Interview all available, relevant witnesses and conduct follow-up interviews as necessary
- Allow each party the opportunity to suggest witnesses and questions they wish the Investigator(s) to ask of the other party and witnesses, and document in the investigation report which questions were asked, with a rationale for any changes or omissions
- Complete the investigation promptly and without unreasonable deviation from the intended timeline
- Provide regular status updates to the parties throughout the investigation
- Prior to the conclusion of the investigation, provide the parties and their respective Advisors (if so desired by the parties) with a list of witnesses whose information will be used to render a finding

- Write a comprehensive investigation report fully summarizing the investigation, all witness interviews, and addressing all relevant evidence. Appendices including relevant physical or documentary evidence will be included
- The Investigator(s) gather, assess, and synthesize evidence, but make no conclusions, engage in no policy analysis, and render no recommendations as part of their report
- Prior to the conclusion of the investigation, provide the parties and their respective Advisors (when Advisors are identified) a secured electronic or hard copy of the draft investigation report as well as an opportunity to inspect and review all of the evidence obtained as part of the investigation that is directly related to the reported misconduct, including evidence upon which Guadalupe does not intend to rely in reaching a determination, for a ten (10) business day review and comment period so that each party may meaningfully respond to the evidence. The parties may elect to waive the full ten days. The Investigator(s) may elect to respond in writing in the investigation report to the parties' submitted responses and/or to share the responses between the parties for additional responses
- The Investigator(s) will incorporate relevant elements of the parties' written responses into the final investigation report, include any additional relevant evidence, make any necessary revisions, and finalize the report. The Investigator(s) should document all rationales for any changes made following the review and comment period
- The Investigator(s) shares the report with the Title IX Coordinator and/or legal counsel for their review and feedback.
- The Investigator will incorporate any relevant feedback, and the final investigation report is then shared with all parties and their Advisors through secure electronic transmission or hard copy at least ten (10) business days prior to a meeting with the Decision-maker. The parties are also provided with a file of any directly related evidence that was not included in the report

15. Role and Participation of Witnesses in the Investigation

Witnesses (as distinguished from the parties) who are employees of Guadalupe are expected to cooperate with and participate in Guadalupe's investigation and resolution process. Failure of such witnesses to cooperate with and/or participate in the investigation or resolution process constitutes a violation of policy and may warrant discipline. Student witnesses and witnesses from outside the school community are encouraged to share what they know about the complaint.

Although in-person interviews for parties and all potential witnesses are ideal, circumstances (e.g., summer break) may require individuals to be interviewed remotely. Skype, Zoom, FaceTime, WebEx, or similar technologies may be used for interviews if the Investigator(s) determine that timeliness or efficiency dictate a need for remote interviewing. Guadalupe will take appropriate steps to reasonably ensure the security/privacy of remote interviews.

Witnesses may also provide written statements in lieu of interviews or choose to respond to written questions, if deemed appropriate by the Investigator(s), though not preferred.

16. Recording of Interviews

No unauthorized audio or video recording of any kind is permitted during investigation meetings. If Investigator(s) elect to audio and/or video record interviews, all involved parties must be made aware of and consent to²⁵ audio and/or video recording.

17. Evidentiary Considerations in the Investigation

²⁵ Consent of the interviewer and interviewee is required in "dual-party recording" states.

The investigation does not consider: 1) incidents not directly related to the possible violation, unless they evidence a pattern; 2) the character of the parties; or 3) questions and evidence about the Complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

18. Referral to a Decision-maker

If the complaint is not resolved through Informal Resolution, and after the final investigation report is shared with the parties, the Title IX Coordinator will refer the matter to a Decision-maker to make a determination regarding responsibility.

The Decision-maker cannot make a determination regarding responsibility prior to ten (10) business days from the conclusion of the investigation – when the final investigation report is transmitted to the parties and the Decision-maker—unless all parties and the Decision-maker agree to an expedited timeline.

The Title IX Coordinator will select an appropriate Decision-maker(s) from the Pool depending on whether the Respondent is an employee or a student.

19. Decision-maker Designation

Guadalupe will designate one or more Decision-makers from the Pool, at the discretion of the Title IX Coordinator, and inform the parties/advisors.

The Decision-maker(s) will not have had any previous involvement with the investigation. Those who have served as Investigators in this investigation may not serve as Decision-makers. Those who are serving as Advisors for any party may not serve as Decision-makers in that matter. The Title IX Coordinator may not serve as a Decision-maker in the matter.

All objections to any Decision-maker must be raised in writing, detailing the rationale for the objection, and must be submitted to the Title IX Coordinator no later than two (2) business days after being notified of the identity of the Decision-maker. Decision-makers will only be removed if the Title IX Coordinator concludes that their bias or conflict of interest precludes an impartial consideration of the evidence.

The Title IX Coordinator will give the Decision-maker(s) a list of the names of all parties, witnesses, and Advisors. Any Decision-maker who cannot make an objective determination must recuse themselves from the proceedings when notified of the identity of the parties, witnesses, and Advisors. If a Decision-maker is unsure of whether a bias or conflict of interest exists, they must raise the concern to the Title IX Coordinator as soon as possible.

20. Evidentiary Consideration By the Decision-Maker

Any evidence that the Decision-maker(s) determine(s) is relevant and credible may be considered. The Decision-maker will not consider: 1) incidents not directly related to the possible violation, unless they evidence a pattern; 2) the character of the parties; or 3) questions and evidence about the Complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

Previous disciplinary action of any kind involving the Respondent may be considered in determining an appropriate sanction upon a determination of responsibility. This information is only considered at the sanction stage of the process and is not shared with the Decision-maker until then.

The parties may each submit a written impact statement for the consideration of the Decision-maker(s) at the sanction stage of the process when a determination of responsibility is reached.

The Decision-maker determines based on the preponderance of the evidence; whether it is more likely than not that the Respondent violated the Policy as alleged. OR clear and convincing evidence; whether there is a high probability that the Respondent violated the Policy as alleged.

21. Exchange of Questions (If the Meeting in Section 22 below is not held/required)

The Decision-maker will facilitate the exchange of written questions between the parties and direct any written questions to any witnesses before a final determination is made.

The Decision-maker will invite each party to submit proposed written questions for other parties/witnesses. Upon receipt of the proposed questions, the Decision-maker will review the proposed questions and determine which questions will be permitted, disallowed, or rephrased. The Decision-maker will limit or disallow questions on the basis that they are irrelevant, repetitive (and thus irrelevant), or abusive. The Decision-maker has full authority to decide all issues related to questioning and determinations of relevance. The Decision-maker may ask a party to explain why a question is or is not relevant from their perspective. The Decision-maker will explain any decision to exclude a question as not relevant, or to reframe it for relevance.

The Decision-maker after any necessary consultation with the parties, Investigator(s) and/or Title IX Coordinator, will provide the parties and witnesses with the relevant written questions to be answered and allow for a period of time whereby the parties and witnesses are to submit written responses to the questions and any appropriate follow-up questions or comments by the parties. The exchange of questions and responses by the parties and witnesses will be concluded within a 5 business day period.

22. Notice of Decision-Making²⁶

The Decision-maker may choose to meet with each party individually and any witnesses, as needed, prior to making a determination of responsibility, or to meet with the parties jointly.²⁷

No less than ten (10) business days prior to any meeting or the decision-making phase of the process, the Title IX Coordinator or the Decision-maker will send notice to each party. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered.

The notice will contain:

- A description of the alleged violation(s), a list of all policies allegedly violated, a description of the applicable procedures, and a statement of the potential sanctions/responsive actions that could result.
- The time, date, and location of any meeting.
- Any technology that will be used to facilitate the meeting.
- The name and contact information of the Decision-maker, along with an invitation to object to any Decision-

²⁶ This step is intended to allow schools/districts to satisfy the Goss hearing requirement for suspensions/expulsions exceeding 10 days. These procedures may need to be modified to accommodate the requirements of state law or board policy. If a Recipient intends to use existing hearing procedures, those may need to be modified to satisfy the regulatory requirements of Title IX.

²⁷ In determining whether to incorporate an in-person meeting at this point, schools should consider whether a meeting at this step can substitute for a meeting/hearing that may subsequently be required in your process in accordance with school policy and/or state law (e.g. if suspension or expulsion longer than 10 days is recommended as a sanction). This will help to streamline the resolution process and timeline for those cases.

maker on the basis of demonstrated bias. This must be raised with the Title IX Coordinator at least two (2) business days prior to the meeting.

- Information on whether the meeting will be recorded and, if so, information on access to the recording for the parties after the meeting.
- A statement that if any party does not appear at the scheduled meeting, the meeting will only be rescheduled for compelling reasons.
- Notification that the parties may have the assistance of an Advisor of their choosing at the meeting.
- A copy of all the materials provided to the Decision-maker(s) about the matter.²⁸
- An invitation for the parties to review and submit a written response to the final investigation report within 5 business days of the date of the notice.
- An invitation to each party to submit to the Decision-maker any written, relevant questions they want the Decision-maker to ask of any other party or witness within 5 business days of the date of the notice.
- An invitation to each party to submit to the Decision-maker an impact statement pre-meeting that the Decision-maker will review during any sanction determination.
- An invitation to contact the Title IX Coordinator to arrange any disability accommodations, language assistance, and/or interpretation services that may be needed at any meeting or in the decision-making process, at least 5 business days prior to the meeting/final determination.
- Whether parties can/cannot bring mobile phones/devices into the meeting.

Meetings for possible violations that occur near or after the end of a school year (assuming the Respondent is still subject to this Policy) and are unable to be resolved prior to the end of the school year will typically be held as soon as possible given the availability of the parties, but no later than immediately upon the start of the following school year. Guadalupe will implement appropriate supportive measures intended to correct and remediate any hostile environment while the resolution is delayed.

23. Decision-Maker Meeting Procedures

Participants at a meeting may include the Decision-maker, the Investigator(s) who conducted the investigation, the party/witness, the party's advisor, the Title IX Coordinator the parent/guardian, and anyone providing authorized accommodations or assistive services.

At a meeting, the Decision-maker has the authority to hear and make determinations on all allegations of sexual harassment and/or retaliation and may also hear and make determinations on any additional alleged policy violations that have occurred in concert with the sexual harassment and/or retaliation, even though those collateral allegations may not specifically fall within the Policy.

Any witness scheduled to meet with the Decision-maker must have been first interviewed by the Investigator(s) or have proffered a written statement or answered written questions, unless all parties and the Decision-maker assent to the witness's participation.

If the parties and Decision-maker do not assent to the admission of evidence newly offered at the meeting, the Decision-maker may delay the meeting and instruct that the investigation needs to be re-opened to consider that evidence.

If the parties raise an issue of bias or conflict of interest of an Investigator or Decision-maker at the meeting, the Decision-maker may elect to address those issues, consult with legal counsel, and/or refer them to the Title IX Coordinator, and/or preserve them for appeal. If bias is not in issue at the meeting, the Decision-maker should not permit irrelevant questions that probe for bias.

²⁸ This includes all pertinent documentary evidence and the final investigation report. The final investigation report may be shared using electronic means that preclude downloading, forwarding, or otherwise sharing.

24. Deliberation, Decision-making, and Standard of Proof

The Decision-maker(s) will then deliberate to determine whether the Respondent is responsible or not responsible for the policy violation(s) in question. The preponderance of the evidence OR clear and convincing evidence standard of proof is used.

When there is a finding of responsibility on one or more of the allegations, the Decision-maker(s) may then consider the previously submitted party impact statements in determining appropriate sanction(s).

The Decision-maker will ensure that each of the parties has an opportunity to review any impact statement submitted by the other party(ies). The Decision-maker(s) may – at their discretion – consider the statements, but they are not binding.

The Decision-maker(s) may review the statements and any pertinent conduct history provided by appropriate administrator and will recommend/determine the appropriate sanction(s) in consultation with other appropriate administrators, as required.

The Decision-maker will then prepare a written deliberation statement and deliver it to the Title IX Coordinator.

This statement must be submitted to the Title IX Coordinator within two (2) business days after the Decision-maker held their final meeting with the parties/witnesses or concluded the paper evidence exchange/questioning process, unless the Title IX Coordinator grants an extension. If an extension is granted, the Title IX Coordinator will notify the parties.

25. Notice of Outcome

Using the deliberation statement, the Decision-maker will work in conjunction with the Title IX Coordinator as needed to prepare a Notice of Outcome. The Title IX Coordinator will then share the letter, including the final determination, rationale, and any applicable sanction(s) with the parties and their Advisors within 5 business days of receiving the Decision-maker(s)' deliberation statement.

The Notice of Outcome will then be shared with the parties simultaneously. Notification will be made in writing and may be delivered by one or more of the following methods: in person, mailed to the local or permanent address of the parties as indicated in official Guadalupe records, or emailed to the parties' Guadalupe-issued email or otherwise approved account. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered.

The Notice of Outcome will articulate the specific policy(ies) reported to have been violated, including the relevant policy section, and will contain a description of the procedural steps taken by Guadalupe from the receipt of the misconduct report to the determination, including any and all notifications to the parties, interviews with parties and witnesses, site visits, methods used to obtain evidence, and hearings held.

The Notice of Outcome will specify the finding on each alleged policy violation; the findings of fact that support the determination; conclusions regarding the application of the relevant policy to the facts at issue; a statement of, and rationale for, the result of each allegation to the extent Guadalupe is permitted to share such information under state or federal law; any sanctions issued which Guadalupe is permitted to share according to state or federal law; and any remedies provided to the Complainant designed to ensure access to Guadalupe's educational or employment program or activity, to the extent Guadalupe is permitted to share such information under state or federal law (this detail is not typically shared with the Respondent unless the remedy directly relates to the Respondent).

The Notice of Outcome will also include the relevant procedures and bases for any available appeal options.

26. Statement of the Rights of the Parties [\(see Appendix C\)](#)

27. Sanctions

Factors considered when determining a sanction/responsive action may include, but are not limited to:

- The nature, severity of, and circumstances surrounding the violation(s)
- The Respondent's disciplinary history
- Previous allegations or allegations involving similar conduct
- The need for sanctions/responsive actions to bring an end to the sexual Harassment and/or retaliation
- The need for sanctions/responsive actions to prevent the future recurrence of sexual harassment and/or retaliation
- The need to remedy the effects of the sexual harassment and/or retaliation on the Complainant and the community
- The impact on the parties
- Any other information deemed relevant by the Decision-maker(s)

The sanctions will be implemented as soon as is feasible, either upon the outcome of any appeal or the expiration of the window to appeal without an appeal being requested.

The sanctions described in this policy are not exclusive of, and may be in addition to, other actions taken or sanctions imposed by external authorities.

a. Student Sanctions

The following are the usual sanctions that may be imposed upon students singly or in combination:

- *Warning*
- *Required Counseling*
- Required substance abuse treatment program
- Exclusion from participating in extra-curricular activities or other school programs/activities
- Alternative placement
- *Suspension; In-school; out-of-school; long-term; short-term; extended, etc.*
- *Expulsion*
- *Other Actions:* In addition to or in place of the above sanctions, Guadalupe may assign any other sanctions as deemed appropriate.

b. Employee Sanctions/Responsive Actions

Responsive actions for an employee who has engaged in harassment and/or retaliation include:

- *Warning – Verbal or Written*
- *Performance Improvement Plan/Management Process*
- *Enhanced supervision, observation, or review*
- *Required Counseling*
- *Required Training or Education*
- *Probation*
- *Denial of Pay Increase/Pay Grade*
- *Loss of Oversight or Supervisory Responsibility*
- *Demotion*
- *Transfer*
- *Reassignment*
- *Delay of tenure track progress*
- *Assignment to new supervisor*

- *Restriction of stipends, research, and/or professional development resources*
- *Suspension with pay*
- *Suspension without pay*
- *Termination*
- *Other Actions:* In addition to or in place of the above sanctions/responsive actions, Guadalupe may assign any other responsive actions as deemed appropriate.

28. Withdrawal or Resignation While Charges Pending

Should a student decide to not participate in the resolution process, the process proceeds absent their participation to a reasonable resolution. Should a student Respondent permanently withdraw from Guadalupe, the resolution process ends, as Guadalupe no longer has disciplinary jurisdiction over the withdrawn student.

However, Guadalupe will continue to address and remedy any systemic issues, variables that may have contributed to the alleged violation(s), and any ongoing effects of the alleged sexual harassment and/or retaliation.

If the student Respondent only withdraws or takes a leave for a specified period of time (e.g., one semester or term), the resolution process may continue remotely and that student is not permitted to return to Guadalupe unless and until all sanctions have been satisfied.

Employees: Should an employee Respondent resign with unresolved allegations pending, the resolution process ends, as Guadalupe no longer has disciplinary jurisdiction over the resigned employee.

However, Guadalupe will continue to address and remedy any systemic issues, variables that contributed to the alleged violation(s), and any ongoing effects of the alleged harassment or retaliation.

The employee who resigns with unresolved allegations pending is not eligible for rehire with Guadalupe, and the records retained by the Title IX Coordinator will reflect that status. Any state mandates for reporting of this resignation with respect to licensure or certification will be met.

All Guadalupe responses to future inquiries regarding employment references for that individual will include that the former employee resigned during a pending disciplinary matter.

29. Appeals

Any party may file a request for appeal ("Request for Appeal") in writing to the Title IX Coordinator within 5 business days of the delivery of the Notice of Outcome.

A single Appeal Decision-maker will Chair the appeal. No Decision-maker will have been involved in the process previously, including any dismissal appeal that may have been heard earlier in the process.

The Request for Appeal will be forwarded to the Appeal Chair for consideration to determine if the request meets the grounds for appeal (a Review for Standing).

This review is not a review of the merits of the appeal, but solely a determination as to whether the request meets the grounds and is timely filed.

a. Grounds for Appeal

Appeals are limited to the following grounds:

- (A) Procedural irregularity that affected the outcome of the matter;

- (B) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- (C) The Title IX Coordinator, Investigator(s), or Decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the specific Complainant or Respondent that affected the outcome of the matter.

If any of the grounds in the Request for Appeal do not meet the grounds in this Policy, that request will be denied by the Appeal Chair and the parties and their Advisors will be notified in writing of the denial and the rationale.

If any of the grounds in the Request for Appeal meet the grounds in this Policy, then the Appeal Chair will notify the other party(ies) and their Advisors, the Title IX Coordinator, and, when appropriate, the Investigators and/or the original Decision-maker(s).

The other party(ies) and their Advisors, the Title IX Coordinator, and, when appropriate, the Investigators and/or the original Decision-maker(s) will be mailed, emailed, and/or provided a hard copy of the request with the approved grounds and then be given 5 business days to submit a response to the portion of the appeal that was approved and involves them. All responses will be forwarded by the Chair to all parties for review and comment.

The non-appealing party (if any) may also choose to raise a new ground for appeal at this time. If so, that will be reviewed to determine if it meets the grounds in this Policy by the Appeal Chair and either denied or approved. If approved, it will be forwarded to the party who initially requested an appeal, the Investigator(s) and/or original Decision-maker(s), as necessary, who will submit their responses in 5 business days, which will be circulated for review and comment by all parties.

Neither party may submit any new requests for appeal after this time period. The Appeal Chair will collect any additional information needed and all documentation regarding the approved grounds and the subsequent responses, and the Chair will render a decision in no more than 5 business days, barring unusual circumstances.

A Notice of Appeal Outcome will be sent to all parties simultaneously including the decision on each approved ground and rationale for each decision. The Notice of Appeal Outcome will specify the finding on each ground for appeal, any specific instructions for remand or reconsideration, any sanctions that may result which Guadalupe is permitted to share according to state or federal law, and the rationale supporting the essential findings to the extent Guadalupe is permitted to share under state or federal law.

Notification will be made in writing and may be delivered by one or more of the following methods: in person, mailed to the local or permanent address of the parties as indicated in official institutional records, or emailed to the parties' Guadalupe-issued email or otherwise approved account. Once mailed, emailed and/or received in-person, notice will be presumptively delivered.

b. Sanctions Status During the Appeal

Any sanctions imposed by the Decision-maker take effect following the appeal process. Supportive measures may remain in effect during an appeal process, subject to the same supportive measure procedures above.

c. Appeal Considerations

- Appeal decisions defer to the original decision, making changes to the determination only when there is clear error and to the sanction(s)/responsive action(s) only if there is a compelling justification to do so.
- Appeals are not intended to provide for a full reconsideration of the allegation(s) and evidence. In most cases, appeals are confined to a review of the written documentation or record of the original hearing and pertinent documentation regarding the specific grounds for appeal.
- An appeal is not an opportunity for Appeal Decision-makers to substitute their judgment for that of the original

Decision-maker(s) merely because they disagree with the determination and/or sanction(s).

- The Appeal Chair/Decision-maker(s) may consult with the Title IX Coordinator on questions of procedure or rationale, for clarification, if needed. Documentation of all such consultation will be maintained.
- Appeals granted based on new evidence should normally be remanded (returned) to the original Investigator(s) and/or Decision-maker(s) for reconsideration. Other appeals may be remanded at the discretion of the Title IX Coordinator or, in limited circumstances, decided on appeal.
- Once an appeal is decided, the outcome is final: further appeals are not permitted, even if a decision or sanction is changed on remand (except in the case of a new hearing).
- In rare cases where a procedural error cannot be cured by the original Decision-maker(s) (as in cases of bias), the appeal may order a new hearing with a new Decision-maker(s).
- The results of a new hearing can be appealed, once, on any of the three available appeal grounds.
- In cases in which the appeal results in reinstatement to Guadalupe or resumption of privileges, all reasonable attempts will be made to restore the Respondent to their prior status, recognizing that some opportunities lost may be irreparable in the short term.

30. Long-Term Remedies/Other Actions

Following the conclusion of the resolution process, and in addition to any sanctions implemented, the Title IX Coordinator may implement additional long-term remedies or actions with respect to the parties and/or the school community that are intended to stop the sexual harassment and/or retaliation, remedy the effects, and prevent reoccurrence.

These remedies/actions may include, but are not limited to:

- Referral to counseling and health services
- Referral to the Employee Assistance Program
- Education to the individual and/or the community
- Permanent alteration of work arrangements for employees
- Provision of school safety escorts
- Climate surveys
- Policy modification and/or training
- Provision of transportation accommodations
- Implementation of long-term contact limitations between the parties
- Implementation of adjustments to academic deadlines, course schedules, etc.

At the discretion of the Title IX Coordinator, certain long-term support or measures may also be provided to the parties even if no policy violation is found.

When no policy violation is found, the Title IX Coordinator will address any remedies owed by Guadalupe to the Respondent to ensure no effective denial of educational access.

Guadalupe will maintain the privacy of any long-term remedies/actions/measures, provided privacy does not impair Guadalupe's ability to provide these services.

31. Failure to Comply with Sanctions and/or Interim and Long-term Remedies and/or Responsive Actions

All Respondents are expected to comply with the assigned sanctions, responsive actions, and/or corrective actions within the timeframe specified by the final Decision-maker(s) (including the Appeal Chair/Panel).

Failure to abide by the sanction(s)/action(s) imposed by the date specified, whether by refusal, neglect, or any other reason, may result in additional sanction(s)/action(s), including suspension, expulsion, and/or termination from Guadalupe.

32. Recordkeeping

Guadalupe will maintain for a period of seven years records of:

1. Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required under federal regulation;
2. Any disciplinary sanctions imposed on the Respondent;
3. Any remedies provided to the Complainant designed to restore or preserve equal access to Guadalupe's education program or activity;
4. Any appeal and the result therefrom;
5. Any Informal Resolution and the result therefrom;
6. All materials used to train Title IX Coordinators, Investigators, Decision-makers, and any person who facilitates an Informal Resolution process. Guadalupe will make these training materials publicly available on Guadalupe's website.; and
7. Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, including:
 - a. The basis for all conclusions that the response was not deliberately indifferent;
 - b. Any measures designed to restore or preserve equal access to Guadalupe's education program or activity; and
 - c. If no supportive measures were provided to the Complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Guadalupe will also maintain any and all records in accordance with state and federal laws.

33. Disabilities Accommodations in the Resolution Process

Guadalupe is committed to providing reasonable accommodations and support to qualified students, employees, or others with disabilities to ensure equal access to Guadalupe's resolution process.

Anyone needing such accommodations or support should contact the Appropriate HR individual if employee, who will review the request and, in consultation with the person requesting the accommodation and the Title IX Coordinator, determine which accommodations are appropriate and necessary for full participation in the process.

34. Revision of this Policy and Procedures

This Policy and procedures supersede any previous policy(ies) addressing harassment, sexual misconduct and/or retaliation under Title IX and will be reviewed and updated annually by the Title IX Coordinator. Guadalupe reserves the right to make changes to this document as necessary, and once those changes are posted online, they are in effect.

During the resolution process, the Title IX Coordinator may make minor modifications to procedures that do not materially jeopardize the fairness owed to any party, such as to accommodate summer schedules. The Title IX Coordinator may also vary procedures materially with notice (on the school website, with the appropriate effective date identified) upon determining that changes to law or regulation require policy or procedural alterations not reflected in this Policy and procedures.

If government laws or regulations change – or court decisions alter – the requirements in a way that impacts this document, this document will be construed to comply with the most recent government regulations or holdings.

This document does not create legally enforceable protections beyond the protection of the background state and federal laws which frame such policies and codes, generally.

This Policy and procedures are effective August 14, 2020.

APPENDIX A: POLICY EXAMPLES

Some examples of possible sexual harassment include:²⁹

- A teacher offers for a student to have sex with them in exchange for a good grade. This constitutes sexual harassment regardless of whether the student accedes to the request and irrespective of whether a good grade is promised or a bad grade is threatened.
- A student repeatedly sends graphic, sexually-oriented jokes and pictures around school via social media to hundreds of other students. Many don't find it funny and ask them to stop, but they do not. Because of these jokes, one student avoids the sender in school, eventually asking to be moved from a class they had together.
- A teacher engages students in class in discussions about the students' past sexual experiences, yet the conversations are not in any way germane to the subject matter of the class. The teacher inquires about explicit details and demands that students answer them, though the students are clearly uncomfortable and hesitant.
- An ex-partner widely spreads false stories about their sex life with their former partner to the clear discomfort and frustration of the former partner, turning the former partner into a social pariah in school.

Examples of Stalking

- Students A and B were "friends with benefits." Student A wanted a more serious relationship, which caused student B to break it off. Student A could not let go, and pursued student B relentlessly. Student B obtained a school no-contact order. Subsequently, Student B discovered their social media accounts were being accessed, and things were being posted and messaged as if they were from them, but they were not. Whoever accessed their account posted a picture of a penis, making it look as if they had sent out a picture of themselves, though it was not their penis. This caused them considerable embarrassment and social anxiety. They changed their passwords, only to have it happen again. Seeking help from the Title IX Coordinator, Student B met with the IT department, which discovered an app on their phone and a keystroke recorder on their laptop, both of which were being used to transmit their data to a third party.
- A graduate student working as student-teacher received flowers and gifts delivered to their office. After learning the gifts were from a student they recently tutored, the graduate student thanked the student and stated that it was not necessary and would appreciate it if the gift deliveries stopped. The student then started leaving notes of love and gratitude on the student-teacher's car, both in-school and at home. Asked again to stop, the student stated by email, "You can ask me to stop, but I'm not giving up. We are meant to be together, and I'll do anything to make you have the feelings for me that I have for you." When the student-teacher did not respond, the student emailed again, "You cannot escape me. I will track you to the ends of the earth. If I can't have you, no one will."

Examples of Sexual Assault:

- Amanda and Bill meet at a party. They spend the evening dancing and getting to know each other. Bill convinces Amanda to come to his house. From 11:00 p.m. until 3:00 a.m., Bill uses every line he can think of to convince Amanda to have sex with him, but she adamantly refuses. Despite her clear communications that she is not interested in doing anything sexual with him, Bill keeps at her, questions her religious convictions, and accuses her of being "a prude." He brings up several rumors that he has heard about how she performed oral sex on a number of other guys. Finally, it seems to Bill that her resolve is weakening, and he convinces her to "jerk him off" (hand to genital contact). Amanda would have never done it but for Bill's incessant coercion.

²⁹ ATIXA recommends incorporation of examples into policy as an educational and preventive tool. Some schools may prefer to break these out into separate documents or resources.

- Jiang and Beth sit next to each other in their film elective. Whenever the lights are out and the class is watching a film, Beth tries to fondle Jiang. Jiang is uncomfortable but does not say anything. He repeatedly tries to remove Beth's hand, but she continues the behavior despite his resistance and lack of consent.
- Kevin and John convince Stacy to snap them a pic of her butt. She reluctantly sends it to them. The boys then tell her that if she doesn't meet them in the back stairwell between classes for "oral," they will send her snap out to the whole school. Stacy agrees to do it, feeling that she had no choice.

Examples of Retaliation:

- Student-athlete A alleges sexual harassment by a coach; the coach subsequently cuts the student-athlete's playing time without a legitimate justification.
- A teacher alleges gender inequity in pay within her department; the Department Chair then revokes his approval for her to attend a national conference, citing the teacher's tendency to "ruffle feathers."
- A student from the chess club participates in a sexual harassment investigation as a witness whose testimony is damaging to the Respondent, who is also a member of the chess club; the student is subsequently removed as a member of the chess club because of their participation in the investigation.

APPENDIX B: A SUGGESTED FRAMEWORK FOR INFORMAL RESOLUTION (IR)

ATIXA has framed a process for IR that includes:

1. A response based on supportive measures; and/or
2. A response based on a Respondent accepting responsibility; and/or
3. A response based on alternative resolution, which could include various approaches and facilitation of dialogue.

Alternative resolution approaches like mediation, restorative practices, transformative justice, etc., are likely to be used more and more often by colleges and universities. ATIXA does not endorse these approaches as better or worse than other formal or informal approaches.

ATIXA believes that if they are to be used in, and are effective for, sex offenses, they need to be designed and executed carefully and thoughtfully and be facilitated by well-trained administrators who take the necessary time to prepare and lay a foundation for success. Although no approach is a panacea, the framework below can help to lay that foundation, regardless of which approach(es) are used.

Here are the principles to be considered for supporting various approaches to informal resolution:

- IR can be applied in any sex/gender-based interpersonal conflict but may not be appropriate or advisable in cases involving violent incidents (sexual violence, stalking, domestic and dating violence, severe sexual harassment, sexual exploitation, etc.).
- IR will not be used to resolve complainants where the Complainant is a student and the Respondent is an employee.
- Situations involving dangerous patterns or significant ongoing threat to the community should not be resolved by IR.
- The determination of whether to permit an IR-based resolution is entirely at the discretion of the Title IX Coordinator (TIXC) and in line with the requirements for IR laid out in the Title IX regulations.
- Any party can end IR early-, mid-, or late-process for any reason or no reason.
- IR can be attempted before and in lieu of formal resolution as a diversion-based resolution of a formal complaint.
- Alternative approaches can inform formal resolution, as in a formal resolution model infused with restorative practices.
- IR could be deployed after formal resolution, as an adjunct healing/catharsis opportunity (that could potentially mitigate sanctions or be a form of sanction).
- Alternate Resolution approaches to IR must be facilitated by Guadalupe or a third-party. There may be value in creating clearly agreed-upon ground rules, which the parties must sign in advance and agree to abide by, otherwise the informal resolution process will be deemed to have failed.
- Technology-facilitated IR can be made available, should the parties not be able or willing to meet in person.

- If IR fails, a formal resolution can take place thereafter. No evidence elicited within the “safe space” of the IR facilitation is later admissible in the formal resolution unless all parties consent.
- With cases involving violence, the preferred alternative approach typically involves a minimal number of essential parties and is not a wide restorative circle approach in order to ensure confidentiality.
- Some approaches require a reasonable gesture toward accountability (this could be more than an acknowledgement of harm) and some acceptance, or at least recognition, by the Respondent that catharsis is of value and likely the primary goal of the Complainant. A full admission by the Respondent is not a prerequisite. This willingness needs to be vetted carefully in advance by the TIXC before determining that an incident is amenable/appropriate for resolution by IR.
- IR can result in an agreement between the parties (Complainant, Respondent, Guadalupe) that is summarized in writing by and enforced by Guadalupe. This can be a primary goal of the process.
- IR can result in the voluntary imposition of safety measures, remedies, and/or agreed-upon resolutions by the parties that are enforceable by Guadalupe. These can be part of the accord/agreement.
- As a secondary goal, IR can result in the voluntary acceptance of “sanctions,” meaning that a Respondent could agree to withdraw, self-suspend (by taking a leave of absence), or undertake other restrictions/transfers/online course options that would help to ensure the safety/educational access of the Complainant, in lieu of formal sanctions that would create a formal record for the Respondent. These are enforceable by Guadalupe as part of the accord/agreement, as may be terms of mutual release, non-disparagement, and/or non-disclosure.
- Although a non-disclosure agreement (NDA) could result from IR, it would have to be mutually agreed-upon by the parties in an environment of non-coercion verified by the TIXC.
- Schools must develop clear rules for managing/facilitating the conference/meeting/dialogue of alternative resolution approaches, to ensure they are civil, age-appropriate, culturally-competent, reflective of power imbalances, and maximize the potential for the resolution process to result in catharsis, restoration, remedy, etc., for the harmed party(ies).

APPENDIX C: STATEMENT OF RIGHTS OF THE PARTIES

- The right to an equitable investigation and resolution of all credible allegations of prohibited harassment or retaliation made in good faith to Guadalupe officials.
- The right to timely written notice of all alleged violations, including the identity of the parties involved (if known), the precise misconduct being alleged, the date and location of the alleged misconduct (if known), the implicated policies and procedures, and possible sanctions.
- The right to timely written notice of any material adjustments to the allegations (e.g., additional incidents or allegations, additional Complainants, unsubstantiated allegations) and any attendant adjustments needed to clarify potentially implicated policy violations.
- The right to be informed in advance of any public release of information regarding the allegation(s) or underlying incident(s), whenever possible.

 - Changing an employee's work environment (e.g., reporting structure, office/workspace relocation)
 - Transportation accommodations
 - Visa/immigration assistance
 - Exam, paper, and/or assignment rescheduling or adjustment

- Transferring class sections

 - The right to receive a copy of the investigation report, including all factual, policy, and/or credibility analyses performed, and all relevant and directly related evidence available and used to produce the investigation report, subject to the privacy limitations imposed by state and federal law and the right to have at least ten (10) business days to review the report prior to any determination being made.
 - The right to respond to the investigation report, including comments providing any additional relevant evidence after the opportunity to review the investigation report.
 - The right to be informed of the names of all witnesses whose information will be used to make a finding, in advance of that finding, when relevant.
 - The right to regular updates on the status of the investigation and/or resolution.
 - The right to have reports of alleged Policy violations addressed by Investigators, Title IX Coordinators, and Decision-maker(s) who have received relevant annual training.
 - The right to a Title IX Committee that is not single-sex in its composition.
 - The right to preservation of privacy, to the extent possible and permitted by law.
 - The right to meetings, interviews, and/or hearings that are closed to the public.
 - The right to petition that any Guadalupe representative in the process be recused on the basis of disqualifying bias and/or conflict of interest.
 - The right to have an Advisor of their choice to accompany and assist the party in all meetings, interviews and/or hearings associated with the resolution process.

- The right to the use of the appropriate standard of evidence, (preponderance of the evidence; clear and convincing evidence) to make a finding after an objective evaluation of all relevant evidence.
- The right to have an impact statement considered by the Decision-maker(s) following a determination of responsibility for any allegation, but prior to sanctioning.
- The right to be promptly informed in a written Notice of Outcome letter of the finding(s) and sanction(s) of the resolution process and a detailed rationale of the decision (including an explanation of how credibility was assessed), delivered simultaneously (without undue delay) to the parties.
- The right to be informed in writing of when a decision by Guadalupe is considered final and any changes to the sanction(s) that occur before the decision is finalized.
- The right to be informed of the opportunity to appeal the finding(s) and sanction(s) of the resolution process, and the procedures for doing so in accordance with the standards for appeal established by Guadalupe.
- The right to a fundamentally fair resolution as defined in these procedures.

APPENDIX D: GUADALUPE UNETHICAL RELATIONSHIPS POLICY

EXPECTATIONS REGARDING EMPLOYEE UNETHICAL RELATIONSHIPS³⁰

There are inherent risks in any romantic or sexual relationship between individuals in unequal positions (such as supervisor and employee). These relationships may, in reality, be less consensual than perceived by the individual whose position confers power or authority. Similarly, the relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Circumstances may change, and conduct that was once welcome may, at some point in the relationship, become unwelcome.

Even when both parties have initially consented to romantic or sexual involvement, the possibility of a later allegation of a relevant Policy violation still exists. Guadalupe does not wish to interfere with private choices regarding personal relationships when these relationships do not interfere with the goals and policies of Guadalupe. However, for the personal protection of members of this community, relationships in which power differentials are inherent (e.g., supervisor-employee) are generally discouraged. They may also violate standards of professionalism and/or professional ethics.

Consensual romantic or sexual relationships in which one party maintains a direct supervisory or otherwise evaluative role over the other party are inherently problematic. Therefore, persons with direct supervisory or otherwise evaluative responsibilities who are involved in such relationships must bring these relationships to the timely attention of their supervisor and/or the Title IX Coordinator. The existence of this type of relationship will likely result in removing the supervisory or evaluative responsibilities from the employee or shifting a party from being supervised or evaluated by someone with whom they have established a consensual relationship. When an affected relationship existed prior to adoption of this policy, the duty to notify the appropriate supervisor still pertains.

While no relationships are prohibited by this policy, failure to timely self-report such relationships to a supervisor as required can result in disciplinary action for an employee. The Title IX Coordinator will determine whether to refer violations of this provision to Human Resources for resolution, or to pursue resolution under this Policy, based on the circumstances of the allegation.

APPENDIX E: VIOLENCE RISK ASSESSMENT (VRA)

Threat assessment is the process of assessing the actionability of violence by an individual against another person or group following the issuance of a direct or conditional threat. A **Violence Risk Assessment (VRA)** is a broader term used to assess any potential violence or danger, regardless of the presence of a vague, conditional, or direct threat.

The implementation of VRAs require specific training and are typically conducted by psychologists, clinical counselors, social workers, case managers, law enforcement officers, student conduct officers.

A VRA occurs in collaboration with the threat assessment team (TAT) (which may include the Special Education Behavior Invention Team) and must be understood as an on-going process, rather than a singular evaluation or meeting. In cases where the Respondent is a student with a disability who is receiving services under an Individualized Educational Plan (IEP), a VRA should also occur in collaboration with the student's IEP Team. A VRA is not an evaluation for an involuntary behavioral health hospitalization nor is it a psychological or mental health assessment.

A VRA assesses the risk of actionable violence, often with a focus on targeted/predatory escalations, and is supported by research from the fields of law enforcement, criminology, human resources, and psychology.

³⁰ This section is offered as an optional inclusion, as some schools prefer to include this policy elsewhere, such as an employee manual. We include it here to inform the school community, not just employees, of our expectations. Regardless, violation of this policy is a Human Resources/Employee Relations matter and should not be addressed under this resolution process unless the elements of the definition of harassment are met.

When conducting a VRA, the assessor(s) use an evidence-based process consisting of:

1. an appraisal of **risk factors** that escalate the potential for violence;
2. a determination of **stabilizing influences** that reduce the risk of violence;
3. a contextual **analysis of violence risk** by considering environmental circumstances, hopelessness, and suicidality; catalyst events; nature and actionability of threat; fixation and focus on target; grievance collection; and action and time imperative for violence; and
4. the application of **intervention and management** approaches to reduce the risk of violence.

To assess an individual's level of violence risk, the Title IX Coordinator will initiate the violence risk assessment process through the TAT. The TAT will assign a trained individual(s) to perform the assessment, according to the specific nature of the Title IX case.

The assessor will follow the process for conducting a violence risk assessment as outlined in the TAT manual and will rely on a consistent, research-based, reliable system that allows the for the operationalization of the risk levels.

Some examples of formalized approaches to the VRA process include: The NaBITA Risk Rubric,³¹ The Structured Interview for Violence Risk Assessment (SIVRA-35),³² The Extremist Risk Intervention Scale (ERIS),³³ Looking Glass,³⁴ Workplace Assessment of Violence Risk (WAVR-21),³⁵ Historical Clinical Risk Management (HCR-20),³⁶ and MOSAIC.³⁷

5000 Financial Management

Guadalupe Center Educational Programs, Inc.

Financial Policies and Procedures

(Approved revision 9/22

)

The policies and procedures outlined in this document are based on a principle of internal controls. The internal controls are designed to limit the risk of misstatement due to errors, theft and misappropriation of our assets. Commitment to internal controls is necessary at all levels of the agency in order for the controls to be effective. The control environment reflects the overall attitude, awareness, and action of the Board, Administration, and others concerning the importance of control. Every effort has been made to establish policies and procedures that balance the effectiveness of controls with the costs associated with implementing them. Guadalupe Financial Policies and Procedures aligns with Utah Code R277-113 – LEA Fiscal and Auditing Policies. See Appendix A.

R277-407 School fees

Guadalupe Charter School (GCS) is a K-6 school and as such, does not have clubs so students do not pay fees. Furthermore, being a Title I school, Guadalupe does not charge tuition or fees of any kind. As a provision III school, standard meals and snacks are also provided free of charge. The only exception where a fee may be charged is for loss or damage replacement of books, technology, etc. In consideration of these facts, Guadalupe is compliant with Section R277-407-13. See Appendix B. Additionally, the school does not participate in student fundraisers. This is consistent with R277-113-5 (Appendix A). The development department of Guadalupe Center Educational Programs (GCEP) typically sponsors fundraisers for the entire organization, from which GCS may benefit.

Accounting System

Guadalupe Center is a non-profit agency comprised of five programs including Adult Education, In-Home, Toddler Beginnings, Preschool, and Charter School. The Charter School is chartered by the State of Utah, and is a public school; therefore, by state law it must operate as a separate entity. To comply with this law, Guadalupe Center maintains a separate set of bank accounts, as well as a separate set of books on the accounting system. A separate audit of the Charter School finances is prepared; however, the Charter School is included in the financial reporting of the Agency as a whole.

The accounting system establishes a method to identify, assemble, analyze, classify, record, and report the agency's transactions and to maintain accountability for the related assets and liabilities. CYMA is the agency's official accounting system. No other system should be used to record financial transactions or data

Account Coding System

Account Number Structure and Detail

In accordance with R277-113-5 (Appendix A), Guadalupe follows a detailed Program Accounting policy that: accurately reflects the use of funds for allowable costs and activities; requires that transactions be recorded when they occur; and is consistent with GAAP. It is important to identify the proper account to which an item will be expensed prior to making any purchase. Doing so will ensure that proper approvals have been obtained and transactions are accounted for appropriately. Both the Agency and the Charter School use an 11 digit account number which is in the following format.

<u>Function/Dept. Object</u>		<u>Program</u>
XXXX	XXX	XXXX

Function – 4 numbers, used by the Charter School indicates the revenue source or expense category. The following is a list of the typical classification of functions:

1040 – Fundraising

1050 – In-Home

to the program number 0050. Program numbers for most state and federal programs are assigned by the Utah State Office of Education. We assign other program numbers using 85xx.

Restricted Revenue

Consistent with R277-113-6 (Appendix A), it is the Governing Board's responsibility to ensure that the LEA has sufficient controls in the expenditure of restricted funds. Any restricted funds left over from the previous year are deferred to the following fiscal year. These fund balances are tracked monthly and compared with the current cash position to ensure that the restricted balance does not exceed available cash. This balance is reported monthly to the Finance Committee as well as the Charter Board.

Purchasing Guidelines

These guidelines are intended to streamline the process of purchasing items necessary for the successful operation of the programs at Guadalupe Center and are intended to help us to be good fiscal agents, as well as maintain good internal controls. Other financial items

Payroll

Pay periods run on a biweekly schedule and employees are paid on the Friday following the end of each pay period. The department supervisors review timecards and then give approval to the Payroll Processor (PP). The PP then makes a list of one-time exceptions to the regular payroll, i.e. overtime, deduction changes, etc. After exceptions are entered into the payroll system, the preliminary payroll register and impound summary are sent with the exceptions to the CFO and Charter Business Manager (CBM) for review of their respective payrolls. Once approval is given, the PP submits payroll. PP then sends the finalized impound sheet and check register to the CFO and CBM so they can transfer funds to the payroll bank account. Checks are signed and given to the employees on Friday.

Payroll Accounting

Being that payroll is processed externally, it is separate from the accounting system. The details must be manually entered into the accounting system. A journal entry is created showing total deductions and each staff member's pay, which is broken out into their specific program coding.

Allocation of salaries from multiple programs

When a staff member's salary is paid from multiple funding sources or programs, a schedule is set up showing the total annual amounts allocated from each funding source. A per-pay-period amount for each grant is allocated across multiple pay periods to achieve the total of each expenditure. For example:

Teacher ABC – Total Salary =	\$54,101.00	\$ 2,080.80
Allocation:		Per pay period:
Unrestricted (0050)	\$ 4,191.26	\$ 161.20
IGP (5676)	\$17,000.00	\$ 653.85

IGP-S (7699)	\$23,175.00	\$ 891.35
Title IV (7905)	\$ 5,324.00	\$ 204.77
PQE (5633)	<u>\$ 4,411.00</u>	<u>\$ 169.64</u>
Total	\$54,101.00	\$ 2,080.81

Restricted funds

Funds that are specifically restricted by the donor or grantors are monitored to be certain they are spent properly. The Business Office will advise program directors of the financial restriction guidelines and will prepare the appropriate financial reports.

Budgeting

Annual budgets are prepared by the Agency administrative team and presented for preliminary approval to the Boards of the Agency and the Charter School in the spring of each year. Budgets are presented for final approval at the June meeting of each Board. If any grants are obtained during the fiscal year that are not included in the approved budget, the Executive Director, CFO and Charter Business Manager will review both the revenue and expense impacts of the grant and will make appropriate adjustments to the budget to properly account for the provisions of the new grant.

According to R277-113, LEA has established policies and procedures to ensure compliance with budgetary and expenditure requirements of Utah code 53G-7 and R277-113.

5001 Federal Grant Compliance

Guadalupe complies with all regulations of the Uniform Grant Guidance (2 CFR Part 200)

5001.2 IDEA Compliance

Use of amounts

According to CFR 300.202 IDEA funding provided to the LEA must be expended in accordance with the applicable provisions of IDEA; must only be used to pay the excess costs of providing special education and related services to students with disabilities; and must be used to supplement State, local, and other Federal funds and not to supplant those funds.

School wide Programs

Notwithstanding the provisions of sec. 300.202 and 300.203 or any other provision of Part B of the act, an LEA may use funds received under Part B of the act for any fiscal year to carry out a school wide program under section 1114 of the ESSA. The amount used in any school wide program may not exceed the amount received by the LEA under Part B of the act for that fiscal year; divided by the number of children with disabilities in the jurisdiction of the LEA; and multiplied by the number of children with disabilities participating in the school wide program. When using funds in this manner, the LEA must still meet the requirements of 300.202 and 300.203, and must ensure that students with disabilities in school wide program schools still receive services in accordance with a properly developed IEP and are afforded all the rights and services guaranteed to children with disabilities under IDEA.

Personnel Development

The LEA has established and maintains qualifications to ensure that personnel necessary to carry out this part are appropriately and adequately prepared and trained, including that those personnel have the content knowledge and skills to serve children with disabilities

Treatment of Charter Schools and their Students

Students with disabilities who attend public charter schools retain all rights under IDEA. Administrative and financial responsibilities of the LEA vary depending on whether the charter school of the LEA, the charter school is the LEA, or the charter school that is neither a school of the LEA or an LEA.

Procurement of instructional Materials in Accessible Format

Utah has elected to coordinate with the National Instructional Materials Access center(NIMAC) through the Utah State Instructional Materials Access center. (USIMAC) Utah has elected to adopt the National Instructional Materials accessibility standard and established National Instructional Materials Access center for the purpose of providing textbooks and related instructional materials to eligible students in a timely manner.

There is no fee to participate in Utah State Instructional Materials Access center program, although an LEA will sign and MOU with USIMAC prior to submitting orders. If LEA chooses not to coordinate with USIMAC, the LEA provides assurance that the LEA will provide instructional materials to students who require accessible textbooks and related instructional material in a timely manner.

This declaration is a requirement for each LEA in order to be eligible to receive IDEA funds. Whether or not an LEA participates in USIMAC, the LEA will be responsible for ensuring that each student who requires instructional materials in an alternate format will receive these materials in a timely manner.

Our LEA will coordinate with USIMAC.

Information for the state

The LEA shall provide data to the state on any information that may be required by the state or the secretary.

5001.3 Fiscal Control

The LEA shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds. Applicant, on behalf of the LEA, agrees to abide by the rules and regulations described above.

5001.4 Non-Construction Programs

As applicable, the LEA agrees to the assurance in OMB Standard Form 424B (Assurances for Non-Construction Programs), relating to legal authority to apply for assistance; access to records; conflict of interest; merit systems; nondiscrimination; Hatch Act provisions; labor standards; flood insurance; environmental standards; wild and scenic river systems; historic preservation; protection of human subjects; animal welfare; lead-based paint; Single Audit Act; and general agreement to comply with all Federal Laws, executive orders and regulations

5002 Cost Sharing, matching, Maintenance of effort

§ 200.306 Cost sharing or matching.

(a) Under Federal research proposals, voluntary committed cost sharing is not expected. It cannot be used as a factor during the merit review of applications or proposals, but may be considered if it is both in accordance with Federal awarding agency regulations and specified in a notice of funding opportunity. Criteria for considering voluntary committed cost sharing and any other program policy factors that may be used to determine who may receive a Federal award must be explicitly described in the notice of funding opportunity. See also [§§ 200.414](#) and [200.204](#) and appendix I to this part.

(b) For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E of this part](#);

(5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;

(6) Are provided for in the approved budget when required by the Federal awarding agency; and

(7) Conform to other provisions of this part, as applicable.

(c) Unrecovered indirect costs, including indirect costs on cost sharing or matching may be included as part of cost sharing or matching only with the prior approval of the Federal awarding agency. Unrecovered indirect cost means the difference between the amount charged to the Federal award and the amount which could have been charged to the Federal award under the non-Federal entity's approved negotiated indirect cost rate.

(d) Values for non-Federal entity contributions of services and property must be established in accordance with the cost principles in [subpart E of this part](#). If a Federal awarding agency authorizes the non-Federal entity to donate buildings or land for construction/facilities acquisition projects or long-term use, the value of the donated property for cost sharing or matching must be the lesser of [paragraph \(d\)\(1\)](#) or [\(2\)](#) of this section.

(1) The value of the remaining life of the property recorded in the non-Federal entity's accounting records at the time of donation.

(2) The current fair market value. However, when there is sufficient justification, the Federal awarding agency may approve the use of the current fair market value of the donated property, even if it exceeds the value described in [paragraph \(d\)\(1\)](#) of this section at the time of donation.

(e) Volunteer services furnished by third-party professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for third-party volunteer services must be consistent with those paid for similar work by the non-Federal entity. In those instances in which the required skills are not found in the non-Federal entity, rates must be consistent with those paid for similar work in the labor market in which the non-Federal entity competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, necessary, allocable, and otherwise allowable may be included in the valuation.

(f) When a third-party organization furnishes the services of an employee, these services must be valued at the employee's regular rate of pay plus an amount of fringe benefits that is reasonable, necessary, allocable, and otherwise allowable, and indirect costs at either the third-party organization's approved federally-negotiated indirect cost rate or, a rate in accordance with [§ 200.414\(d\)](#) provided these services employ the same skill(s) for which the employee is normally paid. Where donated services are treated as indirect costs, indirect cost rates will separate the value of the donated services so that reimbursement for the donated services will not be made.

(g) Donated property from third parties may include such items as equipment, office supplies, laboratory supplies, or workshop and classroom supplies. Value assessed to donated property included in the cost sharing or matching share must not exceed the fair market value of the property at the time of the donation.

(h) The method used for determining cost sharing or matching for third-party-donated equipment, buildings and land for which title passes to the non-Federal entity may differ according to the purpose of the Federal award, if [paragraph \(h\)\(1\)](#) or [\(2\)](#) of this section applies.

(1) If the purpose of the Federal award is to assist the non-Federal entity in the acquisition of equipment, buildings or land, the aggregate value of the donated property may be claimed as cost sharing or matching.

(2) If the purpose of the Federal award is to support activities that require the use of equipment, buildings or land, normally only depreciation charges for equipment and buildings may be made. However, the fair market value of equipment or other capital assets and fair rental charges for land may be allowed, provided that the Federal awarding agency has approved the charges. See also [§ 200.420](#).

(i) The value of donated property must be determined in accordance with the usual accounting policies of the non-Federal entity, with the following qualifications:

(1) The value of donated land and buildings must not exceed its fair market value at the time of donation to the non-Federal entity as established by an independent appraiser (*e.g.*, certified real property appraiser or General Services Administration representative) and certified by a responsible official of the non-Federal entity as required by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, ([42 U.S.C. 4601-4655](#)) (Uniform Act) except as provided in the implementing regulations at [49 CFR part 24](#), “Uniform Relocation Assistance And Real Property Acquisition For Federal And Federally-Assisted Programs”.

(2) The value of donated equipment must not exceed the fair market value of equipment of the same age and condition at the time of donation.

(3) The value of donated space must not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.

(4) The value of loaned equipment must not exceed its fair rental value.

(j) For third-party in-kind contributions, the fair market value of goods and services must be documented and to the extent feasible supported by the same methods used internally by the non-Federal entity.

(k) For IHEs, see also OMB memorandum M-01-06, dated January 5, 2001, Clarification of OMB A-21 Treatment of Voluntary Uncommitted Cost Sharing and Tuition Remission Costs.

5003 Period of Performance

§ 200.309 Modifications to Period of Performance.

If a Federal awarding agency or pass-through entity approves an extension, or if a recipient extends under [§ 200.308\(e\)\(2\)](#), the Period of Performance will be amended to end at the completion of the extension. If a termination occurs, the Period of Performance will be amended to end upon the effective date of termination. If a renewal award is issued, a distinct Period of Performance will begin.

5004 Remedies for Noncompliance

§ 200.339 Remedies for noncompliance.

If a non-Federal entity fails to comply with the U.S. Constitution, Federal statutes, regulations or the terms and conditions of a Federal award, the Federal awarding agency or pass-through entity may impose additional conditions, as described in [§ 200.208](#). If the Federal awarding agency or pass-through entity determines that noncompliance cannot be remedied by imposing additional conditions, the Federal awarding agency or pass-through entity may take one or more of the following actions, as appropriate in the circumstances:

- (a) Temporarily withhold cash payments pending correction of the deficiency by the non-Federal entity or more severe enforcement action by the Federal awarding agency or pass-through entity.
- (b) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
- (c) Wholly or partly suspend or terminate the Federal award.
- (d) Initiate suspension or debarment proceedings as authorized under [2 CFR part 180](#) and Federal awarding agency regulations (or in the case of a pass-through entity, recommend such a proceeding be initiated by a Federal awarding agency).
- (e) Withhold further Federal awards for the project or program.
- (f) Take other remedies that may be legally available.

5005 Mandatory Disclosures

§ 200.113 Mandatory disclosures.

The non-Federal entity or applicant for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Non-Federal entities that have received a Federal award including the term and condition outlined in appendix XII to this part are required to report certain civil, criminal, or administrative proceedings to SAM (currently FAPIIS). Failure to make required disclosures can result in any of the remedies described in [§ 200.339](#). (See also [2 CFR part 180](#), [31 U.S.C. 3321](#), and [41 U.S.C. 2313](#).)

5006 Equipment

§ 200.313 Equipment..

- (a) **Title.** Subject to the requirements and conditions set forth in this section, title to equipment acquired under a Federal award will vest upon acquisition in the non-Federal entity. Unless a statute specifically authorizes the Federal agency to vest title in the non-Federal entity without further responsibility to the Federal Government, and the Federal agency elects to do so, the title must be a conditional title. Title must vest in the non-Federal entity subject to the following conditions:

(1) Use the equipment for the authorized purposes of the project during the period of performance, or until the property is no longer needed for the purposes of the project.

(2) Not encumber the property without approval of the Federal awarding agency or pass-through entity.

(3) Use and dispose of the property in accordance with paragraphs (b), (c), and (e) of this section.

(b) **General.** A state must use, manage and dispose of equipment acquired under a Federal award by the state in accordance with state laws and procedures. Other non-Federal entities must follow paragraphs (c) through (e) of this section.

(c) **Use.**

(1) Equipment must be used by the non-Federal entity in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the Federal award, and the non-Federal entity must not encumber the property without prior approval of the Federal awarding agency. The Federal awarding agency may require the submission of the applicable common form for equipment. When no longer needed for the original program or project, the equipment may be used in other activities supported by the Federal awarding agency, in the following order of priority:

(i) Activities under a Federal award from the Federal awarding agency which funded the original program or project, then

(ii) Activities under Federal awards from other Federal awarding agencies. This includes consolidated equipment for information technology systems.

(2) During the time that equipment is used on the project or program for which it was acquired, the non-Federal entity must also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, provided that such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use must be given to other programs or projects supported by Federal awarding agency that financed the equipment and second preference must be given to programs or projects under Federal awards from other Federal awarding agencies. Use for non-federally-funded programs or projects is also permissible. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in § 200.307 to earn program income, the non-Federal entity must not use equipment acquired with the Federal award to provide services for a fee that is less than private companies charge for equivalent services unless specifically authorized by Federal statute for as long as the Federal Government retains an interest in the equipment.

(4) When acquiring replacement equipment, the non-Federal entity may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property.

(d) **Management requirements.** Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part under a Federal award, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of funding for the property (including the FAIN), who holds title, the

acquisition date, and cost of the property, percentage of Federal participation in the project costs for the Federal award under which the property was acquired, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the non-Federal entity is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) **Disposition.** When original or replacement equipment acquired under a Federal award is no longer needed for the original project or program or for other activities currently or previously supported by a Federal awarding agency, except as otherwise provided in Federal statutes, regulations, or Federal awarding agency disposition instructions, the non-Federal entity must request disposition instructions from the Federal awarding agency if required by the terms and conditions of the Federal award. Disposition of the equipment will be made as follows, in accordance with Federal awarding agency disposition instructions:

(1) Items of equipment with a current per unit fair market value of \$5,000 or less may be retained, sold or otherwise disposed of with no further responsibility to the Federal awarding agency.

(2) Except as provided in § 200.312(b), or if the Federal awarding agency fails to provide requested disposition instructions within 120 days, items of equipment with a current per-unit fair market value in excess of \$5,000 may be retained by the non-Federal entity or sold. The Federal awarding agency is entitled to an amount calculated by multiplying the current market value or proceeds from sale by the Federal awarding agency's percentage of participation in the cost of the original purchase. If the equipment is sold, the Federal awarding agency may permit the non-Federal entity to deduct and retain from the Federal share \$500 or ten percent of the proceeds, whichever is less, for its selling and handling expenses.

(3) The non-Federal entity may transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the non-Federal entity must be entitled to compensation for its attributable percentage of the current fair market value of the property.

(4) In cases where a non-Federal entity fails to take appropriate disposition actions, the Federal awarding agency may direct the non-Federal entity to take disposition actions.

5007 Suspension or Debarment

§ 200.214 Suspension and debarment.

Non-Federal entities are subject to the non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR part 180. The regulations in 2 CFR part 180 restrict awards, sub awards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

5008 Sub recipient and Contractor Determinations

§ 200.331 Sub recipient and contractor determinations.

The non-Federal entity may concurrently receive Federal awards as a recipient, a sub recipient, and a contractor, depending on the substance of its agreements with Federal awarding agencies and pass-through entities.

Therefore, a pass-through entity must make case-by-case determinations whether each agreement it makes for the disbursement of Federal program funds casts the party receiving the funds in the role of a sub recipient or a contractor. The Federal awarding agency may supply and require recipients to comply with additional guidance to support these determinations provided such guidance does not conflict with this section.

(a) ***Sub recipients.*** A sub award is for the purpose of carrying out a portion of a Federal award and creates a Federal assistance relationship with the sub recipient. See definition for *Sub award* in § 200.1 of this part. Characteristics which support the classification of the non-Federal entity as a sub recipient include when the non-Federal entity:

- (1) Determines who is eligible to receive what Federal assistance;
- (2) Has its performance measured in relation to whether objectives of a Federal program were met;
- (3) Has responsibility for programmatic decision-making;
- (4) Is responsible for adherence to applicable Federal program requirements specified in the Federal award;
and
- (5) In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity.

(b) ***Contractors.*** A contract is for the purpose of obtaining goods and services for the non-Federal entity's own use and creates a procurement relationship with the contractor. See the definition of *contract* in § 200.1 of this part. Characteristics indicative of a procurement relationship between the non-Federal entity and a contractor are when the contractor:

- (1) Provides the goods and services within normal business operations;
- (2) Provides similar goods or services to many different purchasers;
- (3) Normally operates in a competitive environment;
- (4) Provides goods or services that are ancillary to the operation of the Federal program; and
- (5) Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirements may apply for other reasons.

(c) ***Use of judgment in making determination.*** In determining whether an agreement between a pass-through entity and another non-Federal entity casts the latter as a sub recipient or a contractor, the substance of the relationship is more important than the form of the agreement. All of the characteristics listed above may not

be present in all cases, and the pass-through entity must use judgment in classifying each agreement as a sub award or a procurement contract.

- (b) **Contractual responsibilities.** The standards contained in this part and [2 CFR part 200, subpart D](#) and [USDA](#) implementing regulations [2 CFR part 400](#) and part 415, as applicable,

do not relieve the State agency or school food authority of any contractual responsibilities under its contracts. The State agency or school food authority is the responsible authority, without recourse to FNS, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in connection with the Program. This includes, but is not limited to source evaluation, protests, disputes, claims, or other matters of a contractual nature. Matters concerning violation of law are to be referred to the local, State, or Federal authority that has proper jurisdiction.

(c) **Procedures.** The State agency may elect to follow either the State laws, policies and procedures as authorized by [2 CFR 200.317](#), or the procurement standards for other governmental grantees and all governmental subgrantees in accordance with [2 CFR 200.318](#) through [2 CFR 200.326](#). Regardless of the option selected, States must ensure that all contracts include any clauses required by Federal statutes and executive orders and that the requirements [2 CFR 200.236](#) and Appendix II, Contract Provisions for Non-Federal Entity Contracts Under Federal Award are followed. A school food authority may use its own procurement procedures which reflect applicable State and local laws and regulations, provided that procurements made with nonprofit school food service account funds adhere to the standards set forth in this part and in [2 CFR part 200, subpart D](#), as applicable. School food authority procedures must include a written code of standards of conduct meeting the minimum standards of [2 CFR 200.318](#), as applicable.

The school food authority must make available, upon request by the State agency, its procurement documents, including but not limited to solicitation documents, specifications, evaluation criteria, procurement procedures, proposed contracts and contract terms. School food authorities shall comply with State agency requests for changes to procurement procedures and solicitation and contract documents to ensure that, to the State agency's satisfaction, such procedures and documents reflect applicable procurement and contract requirements and the requirements of this part.

(2) **Prototype solicitation documents and contracts.** The school food authority must obtain the State agency's prior written approval for any change made to prototype solicitation or contract documents before issuing the revised solicitation documents or execution of the revised contract.

(3) **Prohibited expenditures.** No expenditure may be made from the nonprofit school food service account for any cost resulting from a procurement failing to meet the requirements of this part.
